Return : Poems Collected and New , *Return* Alurista,1982 All Soul Parts Returned Bruce Beasley,2017-09-18

When the Gnostic Gospels collide with new age spiritualism the Oxford Happiness Test and treatises on Buddhist practice we know we re in the territory of a Bruce Beasley collection Alternately devout and heretical Beasley known for his intense and continuing soul quest through previous award winning books interrogates the absurdities psychic violence and spiritual condition of twenty first century America with despair philosophic intelligence and piercing humor Bruce Beasley is the author of eight collections of poetry including Theophobia BOA 2012 The winner of numerous literary awards and fellowships he lives in Bellingham WA where he is a professor of English at Western Washington University **Borderlands** Derek Lundy,2011-10-04 The periphery of a place can tell us a great deal about its heartland along the edge of a nation s territory its real prejudices fears and obsessions but also its virtues irrepressibly bubble up as its people confront the other whom they admire or fear or hold in contempt and know little about September 11 2001 changed the United States utterly and nothing more so than the physical reality the perception and the meaning of its borders from Borderlands Derek Lundy turns sixty at the end of a year in which three good friends have died He feels the need to do something radical and sets out on his motorcycle a Kawasaki KLR 650 cc single cylinder thumper which he describes as unpretentious and also butt ugly Fascinated by the United States post 9 11 passion for security particularly on its two international borders he chooses to investigate He takes a firsthand look at both borders The U S Mexican borderlands often disorderly and violent operate according to their own ad hoc system of rules and conventions and are distinct in many ways from the two countries the border divides When security trumps trade the economic well being of both countries is threatened and the upside is difficult to determine American policy makers think the issues of drugs and illegals are ample reason to keep building fences to keep Mexicans out even with no evidence that fences work or are anything but cruel Mexicans cheap labour keeps the wheels turning in the U S economy yet they are resented for trying to get into the country illegally or legally More people have died trying to cross this border than in the 9 11 attacks At almost 9 000 kilometres the U S border with Canada is the longest in the world The northern border divides the planet s two biggest trading partners and that relationship demands the fast easy flow of goods and services in both directions Since the events of 9 11 however the United States has slowly and steadily choked the flux of trade just in time parts shipments are in jeopardy trucks must wait for inspection and clearance people must be questioned The border is thickening In prose that is compelling impressive and at times frightening Derek Lundy s incredible journey is illuminating enough to change minds as great writing can sometimes do **Contemporary American Poetry** Lloyd M. Davis,1985 Lists over 5 200 titles of books published by American poets between 1973 and 1983
