Return to Avalon Kylie Stewart,2018-12-13 What the mind forgets the heart remembers What the eye refuses to see the body recalls Alexandria has forgotten large chunks of her past but there is something or someone there just out her of minds eye A flash of grey like the cloudy sky close enough to touch but still too far away Avalon continues to plan how he can free Alexandria from harm but wedding bells chime in the distance Tolling taunting the once and future king over a love he may have lost for eternity Will these two lovers find each other or is it too late Return to Avalon is book four of the Legend Series based off The Legends of King Arthur and the Knights of the Round Table

The Glory of Arthur Jeffrey John Dixon,2014-07-18 Starting with William Blake s lost painting The Ancient Britons this book shows how the visionary artist and poet reworked the Matter of Britain the corpus of legends presenting an alternative history of Britain into his own mythology He thus adds to a tradition of Arthurian epic begun by Layamon in the 13th century and continued by Edmund Spenser in the 16th in which a Romano Celtic warlord becomes an icon of the English imagination This book shows how Britain became the promised land of a pagan goddess where mythical events are as important as those of history and how the figure of Arthur is transformed into a British Messiah whose Christian realm is in continuous interaction with the Otherworld of Faerie an imagined place between the spiritual and the earthly Arthur as perceived through Blake s vision is the earthly embodiment of the fallen Albion this exploration of the mythic underpinnings of the English sense of nationhood reveals an imaginative consciousness that links us to human existence itself

Cauldron of Changes Janice C. Crosby,2023-10-26 The spiritual dimensions in the fantastic works of both firmly established and newer writers including such talents as Marion Zimmer Bradley Alice Walker Patricia Kennealy Octavia Butler Toni Morrison and Ntozake Shange are examined in this book The author links their fantastic novels to actual currents within the feminist spirituality movement addressing the genre s use of goddess worship psychic phenomena and reverence for the earth Special emphasis is given to both the struggle to provide an alternative to men centered experience and to the need to articulate ways in which feminists can achieve personal and social power

Conclusion 190 Gary W Eaton,2011-10-31 Author Gary W Eaton presents a work of sci fi action titled Conclusion 190 In a universe with an innumerable amount of galaxies solar systems and potentially life bearing planets there exists a distinct possibility that sentient beings exist outside the known world Long have storytellers novelists and filmmakers played with this idea and in many of their imaginings beings from another world were none too amiable intent on taking the planet and subjugating humankind In that regard this tale is different On a world named Htrae a human by the name of Aman is about to be taken away from all the things he has known and loved He is but a pawn to the machinations of the superior beings known as the Ceer As part of the Galactic Federation these beings play a grand endless game of intrigue conflict and politics with and against each other it seems even millennia of evolutionary development and quantum advances in science have not done away with a human's thirst for power might and prestige Sci Fi readers will find Conclusion 190 a pleasure to read immersing them in an unimaginably large and grandiose vision of what humanity could be in the far far future
