

RETURN OF TRUMP

— Editor in Chief of GEORGE

You know it. It's like watching a movie. And midway through? You are telling everyone the ending. "Watch, Betcha..." And there it is! And just like that. "Ah, ha!! I told you!!" And what's next is just shaking their head. Because the same ending. As if you had some great

enter how improbable it may seem. Deep inside it — and everyone else does too. And along the way has their theories. And there is no end to love them all. In this corner — you have coming from executive orders that would make y in control. And you have scenarios where realize, "Oops! We made a mistake. Return Electoral College votes into the Trump

ALL the scenarios. Some I believe could be come I say like the "Dumb and Dumber" you're saying I have shot..." At the same that's going on. And please — with all due sides.... I think America needed to see the

What we have seen is a... and gas prices... before, and I used to... segment of the population... that set the gas price?

OK... but what was? Do we... Americans DO that for to... SOMETHING to do with you?

It's painful when you're... games with yourself. You're... set your clock at minutes... thinking you are behind... time.

I mean, I've done it. I don't... to fill up my tank. So I've... "fill-up" feels better than... regardless! The real money... this on Joe Biden. And with all... Don't shoot the messenger... Biden for our economic... Americans have some... line at the gas pumps and... bumper sticker as to...

...the gas price? And the gas price is you... conservative talking about gas and you... all good — so we are... but he can look be at the pump and realize that we need... something better than \$3 a gallon gasoline?

But we are voting Americans. And I've heard it from... great loving friends who will forever say, "I'll hate... Trump — but gonna vote for him next time." But here is... thing. There are some on the right that say that the... is broken and that there is fraud at the ballot... boxes. Regardless of how you feel about that? There is... that has been going on these past two years. The takes... have been explaining up their voting laws.

The vast majority of Americans still believe that the... federal elections are all run by the Federal Government. ...is how the is what the "thinks" until about to this day. ...the Federal Government currently doesn't dictate... how it's done." Right now there is no magic button that... "Let's get rid of voting machines and lets go to paper... ballot." Oh, there is no magic button that says, "Let's do... the "people friendly" version of voting. You vote — then you... say your right thumb, be people look to show you voted." ...is not — all these politicians have it's place in time. But... there is the reality — It's the States that have jurisdiction... over the Federal Elections. Each State does it "their way"... and be thankful — It's Conservatives! Do it what we... Conservatives for State Rights.

The being said? The it two years — there has been a... plethora of laws in battleground states that have changed. And, for the record I love that word "plethora." It reminds me of the "Three Amigos" movie back in the 80's. Can you even define plethora, now?

Point being? Do the research yourself. See how many laws that the conservative legislatures in Conservative States have been changed. You don't need me to tell you. Look it up yourself.

There are hundreds of STATE laws that have been changed

in battleground States that straight up favor the Conservative agenda. And they are things that some would think are "no brainer's." Such as? Requiring a driver's license to vote. But to the end all of it, too many people want Trump back. Ronald Reagan said it best during his reflection bid. "Are you better off the you were four years ago?"

People could lie. But you can't really lie to yourself. Even if you CAN set your clock 30 minutes faster to "trick yourself." The question is now? Is America better off if we were 3 years ago? When you tell yourself the answer is heart — you will know and tell the future.
