double irony that in an important sense makes the profession of ignorance sincere The use of the dialogue form reflects this double irony and exhibits McAvoy's profession of ignorance as a claim to knowledge just as in the case of Plato's Facing America's Trash United States. **Advances in Irrigation Agronomy** M. K. V. Carr, 2014-03-27 As global pressure on water resources intensifies it is essential that scientists understand the role that water plays in the development of crops and how such knowledge can be applied to improve water productivity Linking crop physiology agronomy and irrigation practices this book focuses on eleven key fruit crops upon which millions of people in the tropics and subtropics depend for their livelihoods avocado cashew Citrus spp date palm lychee macadamia mango olive papaya passion fruit and pineapple Each chapter reviews international irrigation research on an individual fruit crop identifying opportunities for improving the effectiveness of water allocation and encouraging readers to link scientific knowledge with practical applications Clearly written and well illustrated this is an ideal resource for engineers agronomists and researchers concerned with how the productivity of irrigated agriculture can be improved in the context of climate change and the need for growers to demonstrate good irrigation practices Facing America's trash : what next for municipal solid waste?, 1989 Legume Research, 2002 **Indian Journal of Weed Science**, 1995 **Whitaker's Books in Print**, 1998 **Bon and Lesley** Shaun Prescott, 2022-09-01 When a spreading fire in the mountains stops his train just outside an almost abandoned town Bon looks out the window and does what he's always imagined he might he steps out of his life without looking back There he falls into the company of two young brothers Steven and Jack Grady both drawn like moths to the chaos of the coming days and Lesley an enigmatic fellow escapee from the city Together they coalesce into a makeshift family unit fuelled by cheap liquor and fried food and bound by a deep and incomprehensible love Taking in a world of peculiar anarchies and regulations of secret roads and portals that lurk beneath the country's failing design Bon and Lesley is an urgent surreal dispatch from a country intimately familiar with catastrophe Praise for The Town Prescott seeks the universal in a meticulous paraphrase of the here and now and finds the dislocation hiding in locality to show us just how lost we really may be Jonathan Lethem There's a deceptive lightness to Prescott's style so this is a book that creeps up on the reader all of a sudden you're swept away by even bound to this thing that's so mournful intense and unsettling It will stay with me Lisa McInerney A bizarre novel a seance for Kafka Walser and Calvino Shaun Prescott has written an ominous work of absurdity Catherine Lacey
