Anglicized Holy Bible Text Edition NLT Tyndale, 2016-07-11 The Anglicized edition of The New Living Translation is an authoritative Bible translation rendered faithfully into modern British English from the ancient texts The Anglicized text uses British spellings grammar and punctuation and its measurements use the metric system Created by 90 leading Bible scholars the NLT's scholarship and clarity breathe life into even the most difficult to understand Bible passages but even more powerful are stories of how people s lives are changing as the words speak directly to their hearts **Revised Version** Alan Cadwallader, 2018-12-13 Alan Cadwallader explores the intricate tensions and conflicts that infused the work of revision of the Authorised Version of the Bible between 1870 and 1885 The Promethean aspirations of the venture actually generated one of the most bitter instances of the political manoeuvres involved in the translation of a sacred book Cadwallader reveals how the public avowal of unity and fraternal harmony that accompanied the public release and marketing of the New Testament revision in 1881 and the Old Testament revision in 1885 masks fraught historical realities that threatened the realization of the project from the beginning Through a thorough examination of private correspondence notebooks kept by various members of the New Testament Revision Companies in England and the United States and other previously unstudied primary sources Cadwallader examines and presents the complexities of the political situation surrounding the translation He exposes the competing interests of an imperial sovereign nation and a seriously divided Established Church floundering over its continued relevance the ambitions and significance of Nonconformity in a nation s highly contested religious environment the agonistic conflicts that erupted from assertions of national and international prestige and responsibilities and the ultimate control exercised by publishing houses that fundamentally flawed the process of revision and the public acceptance of the final product A List of Editions of the Holy Scriptures E.B.
