Revolution And Change In Central And Eastern Europe:

Revolution and Change in Central and Eastern Europe Minton F. Goldman, 1997 A comprehensive analysis of the progress and problems of post communist development attending to aspects of transition in the region as a whole and to specific issues in Albania Bulgaria the Czech and Slovak Republics East Germany Hungary Poland Rumania and Yugoslavia Goldman political science Northeastern U diagrams the commonalities of development and the diversity of the various countries rejection of communism setting forth the difficulties in moving from communist monolithic authoritarianism to pluralistic democracy coping with threats to progress and stability and the international implications of these transitions Paper edition 758 5 32 95 Annotation copyrighted by Book News Inc Portland OR Revolution and Change in Central and Eastern Europe Minton F. Goldman, 1997 **Revolution and Change in Central and Eastern Europe** Roger East, Jolyon Pontin, 2018 This comprehensive reference an expanded edition of *Revolutions in Eastern Europe* provides a general introduction and broad historical background of Eastern and Central European countries from the First World War onwards focusing on the development of independent countries and the establishment of Soviet backed dictatorships as well as their subsequent experience of political pluralism and external relations and alignments in post 1989 Europe Each country is covered in an individual chapter giving a factual account of their revolutions and upheavals and an assessment of their underlying causes Bloomsbury Publishing **Revolution and Change in Central and Eastern Europe** Roger East, Jolyon Pontin, 2016-10-06 This comprehensive reference an expanded edition of *Revolutions in Eastern Europe* provides a general introduction and broad historical background of Eastern and Central European countries from the First World War onwards focusing on the development of independent countries and the establishment of Soviet backed dictatorships as well as their subsequent experience of political pluralism and external relations and alignments in post 1989 Europe Each country is covered in an individual chapter giving a factual account of their revolutions and upheavals and an assessment of their underlying causes **Eastern Europe Since 1970** Bulent Gokay, 2015-12-22 From the hardening grip of Soviet domination under Brezhnev to the collapse of communism and its aftermath Bulent Gokay provides the essential introduction to Eastern Europe in the last quarter of the twentieth century The Soviet invasion of Czechoslovakia in 1968 spelt the end of reformist communism and the tightening of Soviet control throughout Eastern Europe In spite of this several countries within the Soviet Bloc managed to retain varying degrees of independence over the next two decades Focusing on the struggle towards economic and social modernisation in the region and the competing influences of East and West in a dangerous Cold War Bulent Gokay shows how individual circumstances and diverse national characteristics made a uniform application of the Soviet model impossible and charts the growing resistance to domination and the momentous events which finally toppled Soviet power in the region *Communism and its Collapse* Stephen White, 2002-01-04 Ranging from the Russian revolution of 1917 to the collapse of Eastern Europe in the 1980s this study examines Communist rule By focusing primarily on the

USSR and Eastern Europe Stephen White covers the major topics and issues affecting these countries including communism as a doctrine the evolution of Communist rule the challenges to Soviet authority in Hungary and Yugoslavia the emerging economic fragility of the 1960s the complex process of collapse in the 1980s Any student or scholar of European history will find this an essential addition to their reading list Transition Economies in Central and Eastern Europe Alicja Sielska,2023-08-16 The theory of interventionism of the Austrian School of Economics explains the successes and failures of the transformation processes in Central and Eastern European countries and offers a deep insight into contemporary economic phenomena Three decades have passed since the collapse of communism that precipitated the economic transformation of these countries This book describes the Austrian view of socialism and in such a context explains the transformational success of the countries of Central and Eastern Europe Moreover it shows that the theory of interventionism has not lost its relevance and the theory itself along with its modifications may be used to explain current economic events The book is divided into four sections The first part presents the Austrian perspective on socialism the second discusses a new approach to the Austrian theory of interventionism suggesting that the theory should be revised and that its scope should be extended beyond the transformation of the 1990s into the realm of contemporary economic reality the third part is oriented towards pragmatic considerations whereby the authors employ the Austrian perspective to analyze specific factors that according to their view had an impact on the transformational success of post communist countries while the final part is ideological and philosophical in character Here the authors search for certain principia that govern broadly understood social and economic transformations The book is addressed to those interested in the Austrian School of Economics and the political transformation of the 1990s as well as those who wish to understand contemporary economic trends *Central and Eastern Europe After Transition* Wojciech Sadurski,2016-04-08 How have national identities changed developed and reacted in the wake of transition from communism to democracy in Central and Eastern Europe Central and Eastern Europe After Transition defines and examines new autonomous differences adopted at the state and the supranational level in the post transitional phase of the post Communist area and considers their impact on constitutions democracy and legal culture With representative contributions from older and newer EU members the book provides a broad set of cultural points for reference Its comparative and interdisciplinary approach includes a useful selection of bibliographical resources specifically devoted to the Central Eastern European countries transitions **The Encyclopedia of Political Revolutions** Jack A. Goldstone,2015-04-29 The Encyclopedia of Political Revolutions is an important reference work that describes revolutionary events that have affected and often changed the course of history Suitable for students and interested lay readers yet authoritative enough for scholars its 200 articles by leading scholars from around the world provide quick answers to specific questions as well as in depth treatment of events and trends accompanying revolutions Includes descriptions of specific revolutions important revolutionary figures and major revolutionary themes such as

communism and socialism ideology and nationalism Illustrative material consists of photographs detailed maps and a timeline of revolutions

Energy Transitions in Central and Eastern Europe Tomas Maltby, Matúš Mišík, 2024-04-04 This book examines the mutual interplay of climate and energy policies in eleven Central and Eastern European countries in the context of the EU's energy transition Energy security has long been prioritised in the region and has shaped not only national climate and energy policy but also EU level policy making and implementation Whilst the region shares economic institutional and historical energy supplier commonalities it is not homogenous and the book considers the significant differences between the preferences and policies of these member states Chapters also explore the effect of the EU on member states that have joined since 2004 and their influence on the EU's energy and climate policies and their role in highlighting the importance of the concepts of security and solidarity The book highlights the challenges to and drivers of energy transitions in the region and compares these with those in global energy transitions

The Routledge History Handbook of Central and Eastern Europe in the Twentieth Century Jochen Böhrer, Włodzimierz Borodziej, Joachim von Puttkamer, 2022-02-15 Violence analyzes both the violence exerted on the societies of Central and Eastern Europe during the twentieth century by belligerent powers and authoritarian and or totalitarian regimes and armed conflicts between ethnic social and national groups as well as the interaction between these two phenomena Throughout the twentieth century Central and Eastern Europe was hit particularly hard by war violence and repression with armed conflicts in the Balkans at the start and end of the period and two world wars in between In the shadow of these full scale wars ethnic social and national conflicts were intensified found new forms and were violently played out The interwar period witnessed the emergence of authoritarian states who enforced their claim to power through continued violence against political opponents stigmatized ethnic national and social groups and were themselves fought with subversive or terrorist techniques This volume focuses specifically on physical violence war and civil war ethnic cleansing systematic starvation policies deportations and expulsions forced labour and prison camps persecution by state security such as intensive surveillance which had an enormous impact on the lives of those it affected and other forms of government oppression and militant resistance Geographically it considers the western regions of Belarus and Ukraine as sites of extreme violence that had a noticeable impact on neighbouring Central and Eastern European countries as well The concluding volume in a four volume set on Central and Eastern Europe in the twentieth century it is the go to resource for those interested in violence in this complex region

Eastern Europe in Revolution Ivo Banac, 2019-01-24 In this book twelve outstanding authorities present their thoroughgoing assessments of the East European revolution of 1989 the definite collapse of communism as an ideology a political movement and a system of power in eight countries All but two of the contributors focus on the revolution in an individual region or country Poland Hungary the German Democratic Republic Czechoslovakia Romania Bulgaria Yugoslavia and Albania and each of them addresses the theme of regime transition In Eastern Europe of course the transition from

communism to has been as complex and varied as the political geography of the notorious fracture zone itself and individual authors thus concentrate on different sets of problems they tell different kinds of stories Pointing to the enormous difficulties of systematic transformation they measure the dangers of nationality conflict and the potential for new authoritarianism Ivo Banac has assembled a cast with impressive credentials Without imposing an artificial unity on a chaotic subject their book maps out the events of 1989 90 and sets the background for figuring out where the region may be headed **The American**

Bibliography of Slavic and East European Studies Patt Leonard, Rebecca Routh, 2020-02-27 This bibliography first published in 1957 provides citations to North American academic literature on Europe Central Europe the Balkans the Baltic States and the former Soviet Union Organised by discipline it covers the arts humanities social sciences life sciences and technology **Revolutionary Rehearsals in the Neoliberal Age** Colin Barker, Gareth Dale, Neil Davidson, 2021-07-01 This

ambitious volume examines revolutionary situations during a non revolutionary historical conjuncture the neoliberal era The last three decades have seen an increase in the number of political upheavals that challenge existing power structures many of them taking the form of urban revolts This book compellingly explores a series of such upheavals in Eastern Europe South Africa Indonesia Argentina Bolivia Venezuela sub Saharan Africa including Congo Zimbabwe Burkina Faso and Egypt Each chapter studies the ways in which protest movements developed into insurgent challenges to state power and the strategies that regimes have deployed to contain and repress revolt In addition to empirical chapters the book engages in theorization of revolution dealing with questions such as the patterning of revolution in contemporary history the relationship between class struggle and social movements and the prospects of socialist revolution in the twenty first century **Youth**

Movements and Elections in Eastern Europe Olena Nikolayenko, 2017-10-12 At the turn of the twenty first century a tide of nonviolent youth movements swept across Eastern Europe Young people demanded political change in repressive political regimes that emerged since the collapse of communism The Serbian social movement Otpor Resistance played a vital role in bringing down Slobodan Milosevic in 2000 Inspired by Otpor s example similar challenger organizations were formed in Azerbaijan Belarus Georgia and Ukraine The youth movements however differed in the extent to which they could mobilize citizens against the authoritarian governments on the eve of national elections This book argues that the movement s tactics and state countermoves explain in no small degree divergent social movement outcomes Using data from semi structured interviews with former movement participants public opinion polls government publications non governmental organization NGO reports and newspaper articles the book traces state movement interactions in five post communist societies Azerbaijan Belarus Georgia Serbia and Ukraine **Themes in Modern European History Since 1945** Rosemary

Wakeman, 2003-06-26 Twelve chapters consider the key political cultural and economic changes of post 1945 Europe

Limits to Democratic Constitutionalism in Central and Eastern Europe Bogusia Puchalska, 2011 In this book Bogusia Puchalska develops an original theory of democratic constitutionalism and uses it to support the argument that

constitution making and lawmaking in constitutional moments should be politically and not just constitutionally legitimate This original and informative book should be read by all curious to understand how the democratic learning and the foundations of grass root constitutionalism might have been damaged in post communist countries *Relations in a Multipolar World* United States. Congress. Senate. Committee on Foreign Relations,1991 **The East European Revolution** Hugh Seton-watson,2019-07-09 This book describes the recent history of Eastern Europe especially since 1941 It also describes the process by which the East European communists obtained power and analyses the regime they have established showing the impact of this regime on the social classes and on the citizen **Politics: An Introduction** Barrie Axford,Gary K.
