Nan-Ching Paul U. Unschuld,2022-08-19 Although the study of traditional Chinese medicine has attracted unprecedented attention in recent years Western knowledge of it has been limited because until now not a single Chinese classical medical text has been available in a serious philological translation The present book offers for the first time in any Western language a complete translation of an ancient Chinese medical classic the Nan ching The translation adheres to rigid sinological standards and applies philological and historiographic methods The original text of the Nan ching was compiled during the first century A D by an unknown author From that time forward this ancient text provoked an ongoing stream of commentaries Following the Sung era it was misidentified as merely an explanatory sequel to the classic of the Yellow Emperor the Huang ti nei ching This volume however demonstrates that the Nan ching should once again be regarded as a significant and innovative text in itself It marked the apex and the conclusion of the initial development phase of a conceptual system of health care based on the doctrines of the Five Phases and yinyang As the classic of the medicine of systematic correspondence the Nan ching covers all aspects of theoretical and practical health care within these doctrines in an unusually systematic fashion Most important is its innovative discussion of pulse diagnosis and needle treatment Unschuld combines the translation of the text of the Nan ching with selected commentaries by twenty Chinese and Japanese authors from the past seventeen centuries These commentaries provide insights into the processes of reception and transmission of ancient Chinese concepts from the Han era to the present time and shed light on the issue of progress in Chinese medicine Central to the book and contributing to a completely new understanding of traditional Chinese medical thought is the identification of a patterned knowledge that characterizes in contrast to the monoparadigmatic tendencies in Western science and medicine the literature and practice of traditional Chinese health care Unschuld s translation of the Nan ching is an accomplishment of monumental proportions

Anthropologists historians and sociologists as well as general readers interested in traditional Chinese medicine but who lack Chinese language abilities will at last have access to ancient Chinese concepts of health care and therapy Filling an enormous gap in the literature Nan ching The Classic of Difficult Issues is the kind of landmark work that will shape the study of Chinese medicine for years to come This title is part of UC Press s Voices Revived program which commemorates University of California Press s mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1986      2025-26 CTET Class VI-VIII Social Science Solved Papers YCT Expert Team , 2025 26 CTET Class VI VIII Social Science Solved Papers 856 995 E This book contains 27 sets of the previous year solved papers      Dermatology - E-Book Jean L. Bolognia,Julie V. Schaffer,Lorenzo Cerroni,2024-01-20 Selected for Doody s Core Titles 2024 in Dermatology For dermatology residents and trainees as well as those in clinical practice Dermatology is the leading reference for understanding diagnosing and treating the full spectrum of skin disease and is the key resource that residents rely on throughout their training and certification Widely recognized for its easy in easy out approach this revised 5th Edition turns complex information into user friendly visual content through the use of clear templated chapters digestible artwork and easy to follow algorithms and tables This two volume masterwork provides complete authoritative coverage of basic science clinical practice of both adult and pediatric dermatology dermatopathology and dermatologic surgery more than any other source making it the gold standard reference in the field today Simplifies complex content in a highly accessible highly visual manner with 1 100 tables 2 600 figures including numerous disease classification algorithms as well as diagnostic and therapeutic pathways and over 1 500 additional figures and tables online Utilizes weighted differential diagnosis tables and a ladder approach to therapeutic interventions Any additional digital ancillary content may publish up to 6 weeks following the publication date Features an intuitive organization and color coded sections that allow for easy and rapid access to the information you need Retains an emphasis on clinicopathologic correlations with photomicrographs demonstrating key histologic findings adjacent to clinical images of the same disorder Contains updated treatment information throughout including immune checkpoint inhibitors JAK inhibitors and monoclonal antibodies for a wide range of conditions such as psoriasis atopic dermatitis alopecia areata vitiligo and skin cancers Provides up to date information on genetic and molecular markers and next generation sequencing as it applies to dermatologists Features new videos including cryosurgical and suturing techniques treatment of rhinophyma via electrosection and neuromodulator treatment of axillary hyperhidrosis Includes new WHO classifications of skin tumors new FDA pregnancy drug labeling and new ACR EULAR criteria for vasculitis and lupus erythematosus Includes new sections on confocal microscopy and artificial intelligence      **2024-25 CTET Primary Level Class VI to VIII Math and Science Solved Papers** YCT Expert Team , 2024 25 CTET Primary Level Class VI to VIII Math and Science Solved Papers 792 1495 E
