### **Cultural Dimensions of Well-Being**

**Clementine K. Fujimura, Simone Nommensen, 2017-11-22** This book presents a cultural history of human animal relations in Germany, Japan, Russia, and the United States with a focus on the uses of animals for comfort, healing, and in developing a sense of well being. Fujimura and Nommensen discuss the contexts in which the culture of wellbeing has developed and incorporated alternative therapies with animals. The authors turn to qualitative research conducted over a period of two years in veterinary clinics, hospices, reading programs, search and rescue organizations, as well as an extensive review of existing literature on cultural studies of human animal relations to inform their analysis of complex ways in which humans and animals interact. The extent to which animals are accepted either as members of society or in contrast as mere material possessions poses a cultural contradiction leading to questions of the ethical treatment of animals.

### **Throw Your Voice**

**Meghanne Barker, 2024-08-15** Throw Your Voice is a story of loss and recovery. It relates how children placed in a temporary care institution make sense of their situations. Moving between a Kazakhstan government children's home, Hope House, and the Almaty State Puppet Theater, Meghanne Barker shows how children and puppets as proxies bring to life ideologies of childhood and visions of a rosy future. Sites and stories run in parallel. Framed by the narrative of Anton Chekhov's *Kashtanka* about a lost dog taken in by a kind stranger, the author follows the story's staging at the puppet theater. At Hope House, children find themselves on a path similar to *Kashtanka*, dislodged from their first homes to reside in a second. The heart of this story is about living in displacement and about the fragile intimacies achieved amidst conditions of missing. Whether due to war, migration, or pandemic, people get separated from those closest to them. Throw Your Voice examines how strangers become familiar and how objects mediate precarious ties. She shows how people use fantasy to mitigate loss.
