S and S Progress Papers Patrick Berry,1995-07-01 S and S Progress Papers Patrick Berry,1995 Progress Papers in Mathematics 1 Patrick Berry,1994 The Schofield Sims Progress Papers provide rigorous all round practice for the end of Key Stage 2 and may also be suitable for some younger and older pupils The series is designed for use as revision or extension work or as preparation for the 11 examinations including those set by the Centre for Evaluation and Monitoring Durham University *S and S Progress Papers* Patrick Berry,1993-11-01 *The Amateur Hour* Jonathan Zimmerman,2020-10-27 The first full length history of college teaching in the United States from the nineteenth century to the present this book sheds new light on the ongoing tension between the modern scholarly ideal scientific objective and dispassionate and the inevitably subjective nature of day to day instruction American college teaching is in crisis or so we are told But we ve heard that complaint for the past 150 years as critics have denounced the poor quality of instruction in undergraduate classrooms Students daydream in gigantic lecture halls while a professor drones on or they meet with a teaching assistant for an hour of aimless discussion The modern university does not reward teaching so faculty members at every level neglect it in favor of research and publication In the first book length history of American college teaching Jonathan Zimmerman confirms but also contradicts these perennial complaints Drawing upon a wide range of previously unexamined sources The Amateur Hour shows how generations of undergraduates indicted the weak instruction they received But Zimmerman also chronicles institutional efforts to improve it especially by making teaching more personal As higher education grew into a gigantic industry he writes American colleges and universities introduced small group activities and other reforms designed to counter the anonymity of mass instruction They also experimented with new technologies like television and computers which promised to personalize teaching by tailoring it to the individual interests and abilities of each student But Zimmerman reveals the emphasis on the personal inhibited the professionalization of college teaching which remains ultimately an amateur enterprise The more that Americans treated teaching as a highly personal endeavor dependent on the idiosyncrasies of the instructor the less they could develop shared standards for it Nor have they rigorously documented college instruction a highly public activity which has taken place mostly in private Pushing open the classroom door The Amateur Hour illuminates American college teaching and frames a fresh case for restoring intimate learning communities especially for America s least privileged students Anyone who wants to change college teaching will have to start here *General Index of the Journals of Congress, from the First to Tenth Congress Inclusive* Albert Ordway,1880 Lockwood's Directory of the Paper and Stationary Trade ,1920 **Lockwood's Directory of the Paper and Allied Trades** ,1922 *The Publishers' Trade List Annual* ,1877 *Papers* ,1926 **Reports of Committees** United States.
