Long,2009-08-17 From a Western perspective the Persian Gulf War of 1990 1991 largely fulfilled the first President Bush s objective In out do it do it right get gone That s the message But in the Arab world the causes and consequences of Saddam Hussein s invasion of Kuwait and his subsequent defeat by a U S led coalition were never so clear cut The potent blend of Islam and Arab nationalism that Saddam forged to justify the unjustifiable his invasion of a Muslim state gained remarkable support among both Muslims and Arabs and continued to resonate in the Middle East long after the fighting ended Indeed as this study argues in passing it became a significant strand in the tangled web of ideologies and actions that led to the attacks of 9 11 This landmark book offers the first in depth investigation of how Saddam Hussein used Islam and Arab nationalism to legitimate his invasion of Kuwait in the eyes of fellow Muslims and Arabs while delegitimizing the actions of the U S led coalition and its Arab members Jerry M Long addresses three fundamental issues how extensively and in what specific ways Iraq appealed to Islam during the Kuwait crisis how elites Islamists and the elusive Arab street both in and out of the

coalition responded to that appeal and why they responded as they did and the longer term effects that resulted from Saddam's strategy

King of the Mountain Arnold M. Ludwig,2013-07-24 People may choose to ignore their animal heritage by interpreting their behavior as divinely inspired socially purposeful or even self serving all of which they attribute to being human but they masticate fornicate and procreate much as chimps and apes do so they should have little cause to get upset if they learn that they act like other primates when they politically agitate debate abdicate

placate and administrate too King of the Mountain presents the startling findings of Arnold M Ludwig's eighteen year investigation into why people want to rule. The answer may seem obvious: power, privilege, and perks. But any adequate answer also needs to explain why so many rulers cling to power even when they are miserable, trust nobody, feel besieged, and face almost certain death. Ludwig's results suggest that leaders of nations tend to act remarkably like monkeys and apes in the way they come to power, govern, and rule. Profiling every ruler of a recognized country in the twentieth century over 1,900 people in all, Ludwig establishes how rulers came to power, how they lost power, the dangers they faced, and the odds of their being assassinated, committing suicide, or dying a natural death. Then concentrating on a smaller sub-set of 377 rulers for whom more extensive personal information was available, he compares six different kinds of leaders, examining their characteristics, their childhoods, and their mental stability or instability to identify the main predictors of later political success. Ludwig's penetrating observations, though presented in a lighthearted and entertaining way, offer important insight into why humans have engaged in war throughout recorded history, as well as suggesting how they might live together in peace.

Middle East Leaders G. O. Zinaki, 2001. The Middle East remains a veritable powder keg after decades of peace processes, wars, accords, discords, agreements, disagreements, suicide bombings, retaliatory attacks, cease fires, and resume fires. Although the root causes of the flaming conflict are not new, the leaders of the countries involved are a part and parcel of the current situation and its history. This book presents citations to the literature on some of the key players who have shaped the history of this incendiary region of the world.

Ideology and Power in the Middle East George Lenczowski, 1988-02-25. The essays in this volume have been collected with a view toward introducing students of the Middle East to key ideologies in the region and the relationship between them and the two major forms of political power regimes and movements.

Determining the Future's Truth Through Bible Prophecy Peter Galarza, 2021-10-26. Two Persian wars in 1991 and 2003 have inspired the author to write about two more incoming wars according to Bible prophecy, the latter being the war to end all wars, Armageddon. It concerns the Messiah's return during a time of trouble and turmoil known as the Tribulation. It also comments about our current situation in the world: economics, technology, unbelief, wars, weather patterns, etc. Its primary villain is the antichrist who comes to deceive the nations of the world and attacks God's people. This antichrist is under the control of Satan himself. But the finality of it all is the issuance of a peaceful one thousand year millennium by the Messiah Himself. The author wants the reading audience to examine themselves to see if they are ready to receive Him, the Son of God, and live eternally with Him.
