Norbert Elias, Michel Foucault, and the Subject in the 21st Century* Andrea D. Bührmann, Stefanie Ernst, 2020-05-22 The beginning of the 21st century is characterized by fundamental societal changes in addition to changing demographics and the globalization of economic flows the transformation of an industrial Fordistic society to a non industrial service society is significant For more than twenty years these large scale trends and their inherent chances and risks have been the topic of vivid discussions in all the social sciences Keywords are risk society post industrial society knowledge society and information society The implications of these developments are also reflected in the challenge to the traditional hegemonic and rational understanding of subjectivity Against the background of these great social changes several factors indicate that the forms of self regulation or self governance are also being transformed A one sided consideration of the homo economicus and its varieties would underestimate for example certain non rational forms of self perception and self reflection as well as non rational practices of

self management and subjectivation The aim of this anthology is to discuss the question to what extent the relationship to oneself its regulation with respect to its governance and the relationship towards others in post modern societies are being transformed The perspective of Norbert Elias process sociology as well as Michel Foucault's post structural theory seem especially promising as they appear to have been the first researchers consistently and convincingly analysing the nature of the individual by reflecting upon its long term historical process of transformation Both have different visions but similar concerns they deal with structures of control that exist within society and within the individual

Cultural Criminology and the Carnival of Crime Mike Presdee, 2003-09-02 This book attempts to make sense of the current increase in violence cruelty hate and humiliation arguing that an overly organised economic world has provoked desire for extreme forms of popular and personal pleasure

The Bully Society Jessie Klein, 2012-03-16 Choice's Outstanding Academic Title list for 2013 Through interviews and case studies Klein develops an explanation for bully behavior in America's schools In today's schools kids bullying kids is not an occasional occurrence but rather an everyday reality where children learn early that being sensitive respectful and kind earns them no respect Jessie Klein makes the provocative argument that the rise of school shootings across America and childhood aggression more broadly are the consequences of a society that actually promotes aggressive and competitive behavior The Bully Society is a call to reclaim America's schools from the vicious cycle of aggression that threatens our children and our society at large Heartbreaking interviews illuminate how both boys and girls obtain status by acting masculine displaying aggression at one another's expense as both students and adults police one another to uphold gender stereotypes Klein shows that the aggressive ritual of gender policing in American culture creates emotional damage that perpetuates violence through revenge and that this cycle is the main cause of not only the many school shootings that have shocked America but also related problems in schools manifesting in high rates of suicide depression anxiety eating disorders self cutting truancy and substance abuse After two decades working in schools as a school social worker and professor Klein proposes ways to transcend these destructive trends transforming school bully societies into compassionate communities

Evil Arabs in American Popular Film Tim Jon Semmerling, 2009-06-23 2006 Runner up Arab American National Museum Book Awards The evil Arab has become a stock character in American popular films playing the villain opposite American good guys who fight for the American way It s not surprising that this stereotype has entered American popular culture given the real world conflicts between the United States and Middle Eastern countries particularly since the oil embargo of the 1970s and continuing through the Iranian hostage crisis the first and second Gulf Wars and the ongoing struggle against al Qaeda But when one compares the evil Arab of popular culture to real Arab people the stereotype falls apart In this thought provoking book Tim Jon Semmerling further dismantles the evil Arab stereotype by showing how American cultural fears which stem from challenges to our national ideologies and myths have driven us to create the evil Arab Other Semmerling bases his argument on close readings of six films The Exorcist Rollover Black Sunday Three Kings Rules of Engagement and South Park Bigger Longer Uncut as well as CNN s 9 11 documentary America Remembers Looking at their narrative structures and visual tropes he analyzes how the films portray Arabs as threatening to subvert American truths and mythic tales and how the insecurity this engenders causes Americans to project evil character and intentions on Arab peoples landscapes and cultures Semmerling also demonstrates how the evil Arab narrative has even crept into the documentary coverage of 9 11 Overall Semmerling s probing analysis of America s Orientalist fears exposes how the evil Arab of American popular film is actually an illusion that reveals more about Americans than Arabs

Hegemony and Heteronormativity María do Mar Castro Varela, 2016-04-22 This book reflects on the political in queer theory and politics by revisiting two of its key categories hegemony and heteronormativity It explores the specific insights offered by these categories and the ways in which they augment the analysis of power and domination from a queer perspective whilst also examining the possibilities for political analysis and strategy building provided by theories of hegemony and heteronormativity Moreover in addressing these issues the book strives to rethink the understanding of the term queer so as to avoid narrowing queer politics to a critique of normative heterosexuality and the rigid gender binary By looking at the interplay between hegemony and heteronormativity this ground breaking volume presents new possibilities of reconceptualizing the political from a queer perspective Investigating the effects of queer politics not only on subjectivities and intimate personal relations but also on institutions socio cultural processes and global politics this book will be of interest to those working in the fields of critical theory gender and sexuality queer theory postcolonial studies and feminist political theory

Techniques of Pleasure Margot Weiss, 2011-12-20 In this lively ethnography Weiss studies the pansexual BDSM community in the San Francisco Bay Area Weiss finds that BDSM practice is not as transgressive as the participants imagine nor is it simply reinforcing of older forms

of social domination. Instead, she shows how fantasy play depends on pre-existing social hierarchies even as it also participates in a commodification of desires.

The authors are proud sponsors of the 2020 SAGE Keith Roberts Teaching Innovations Award enabling graduate students and early career faculty to attend the annual ASA pre-conference teaching and learning workshop. Now with SAGE Publishing and co-authored by one of the foremost authorities on sociological theory, the Eighth Edition of *Modern Sociological Theory* by George Ritzer and Jeffrey Stepnisky provides a comprehensive overview of the major theorists and theoretical schools from the Structural Functionalism of early 20th century through the cutting edge theories of the late 20th and early 21st centuries. Sex and the contract Vincenzo Zeno-Zencovich, 2015-10-01 DOI 10.13134/9788897524458
Dominatrix Danielle J. Lindemann, 2022-12-22
Our lives are full of small tensions, our closest relationships full of struggle between woman and man, artist and customer, purist and commercialist, professional and client, and between the dominant and the submissive. In *Dominatrix*, Danielle Lindemann draws on extensive fieldwork and interviews with professional dominatrices in New York City and San Francisco to offer a sophisticated portrait of these unusual professionals, their work, and their clients. Prior research on sex work has focused primarily on prostitutes, and most studies of BDSM absorb pro-domme client relationships without exploring what makes them unique. Lindemann satisfies our curiosity about these paid encounters, shining a light on one of the most secretive and least understood of personal relationships and unthreading a heretofore unexamined patch of our social tapestry. Upending the idea that these erotic laborers engage in simple exchanges and revealing the therapeutic and analytic nature of their work, Lindemann makes a major contribution to cultural studies, anthropology, and queer studies with her analysis of how gender, power, sexuality, and hierarchy shape all of our social experiences.

The Emotional Logic of Capitalism Martijn Konings, 2015-05-27
The capitalist market, progressives bemoan, is a cold monster; it disrupts social bonds, erodes emotional attachments, and imposes an abstract, utilitarian rationality. But what if such hallowed critiques are completely misleading? This book argues that the production of new sources of faith and enchantment is crucial to the dynamics of the capitalist economy. Distinctively secular patterns of attraction and attachment give modern institutions a binding force that was not available to more traditional forms of rule. Elaborating his alternative approach through an engagement with the semiotics of money and the genealogy of economy, Martijn Konings uncovers capitalism's emotional and theological content in order to understand the paradoxical sources of cohesion and legitimacy that it commands. In developing this perspective, he draws on pragmatist thought to rework and revitalize the Marxist critique of capitalism.

Edna O'Brien and the Art of Fiction Maureen O'Connor, 2021-10-15
Since the appearance of her first novel *The Country Girls* in 1960, a book that undermined the nation's ideal of innocent and pious Irish girlhood, Edna O'Brien has provoked controversy in her native Ireland and abroad.

Indeed several of her early novels were condemned by church authorities and banned by the Irish government for their frank portrayals of sexual matters and the inner lives of women Now an internationally acclaimed writer O'Brien must be critically reassessed for a twenty first century audience *Edna O'Brien and the Art of Fiction* provides an urgent retrospective consideration of one of the English speaking world's best selling and most prolific contemporary authors Drawing on O'Brien's fiction as well as archival material and applying new theoretical approaches including ecocritical and feminist new materialist readings this study considers the pioneering and enduring ways O'Brien represents women's experience family relationships the natural world sex creativity and death and her work's long anticipation of contemporary movements such as metoo

The Making of Black Lives Matter Christopher J. Lebron, 2023-05-01 In this updated edition *The Making of Black Lives Matter* presents a condensed and accessible intellectual history of the BlackLivesMatter movement and expands on the movement's relevancy This edition includes a new introduction that explores how the movement's core ideas have been challenged re-affirmed and re-imagined during the white nationalism of the Trump years as well as a new chapter that examines the ideas and importance of Angela Davis and Amiri Baraka as significant participants in the Black Power Movement and Black Arts Movement respectively Drawing on the work of revolutionary black public intellectuals Lebron clarifies what it means to assert that Black Lives Matter when faced with contemporary instances of anti black law enforcement

The Alienated Subject James A. Tyner, 2022-03-08 A timely and provocative discussion of alienation as an intersectional category of life under racial capitalism and white supremacy From the divisiveness of the Trump era to the Covid 19 pandemic alienation has become an all too familiar contemporary concept In this groundbreaking book James A. Tyner offers a novel framework for understanding the alienated subject situating it within racial capitalism and white supremacy Directly addressing current economic trends and their rhetoric of xenophobia discrimination and violence *The Alienated Subject* exposes the universal whitewashing of alienation Drawing insight from a variety of sources including Marxism feminism existentialism and critical race theory Tyner develops a critique of both the liberal subject and the alienated subject Through an engagement with the recent pandemic and the Black Lives Matter movement he demonstrates how the alienated subject is capable of both compassion and cruelty it is a sadomasochist Tyner goes on to emphasize the importance of the particular places we find the alienated subject and how the revolutionary transformation of alienation is inherently a spatial struggle Returning to key interlocutors from Sartre to Fromm he examines political notions of distance and the spatial practices of everyday life as well as the capitalist conditions that give rise to the alienated subject For Tyner the alienated subject is not the iconic romanticized image of Marx's proletariat Here he calls for an affirmation of love as a revolutionary concept necessary for the transformation of a society marred by capitalism into an emancipated caring society conditioned by socially just relations

Cheating on the Sisterhood Lauren Rosewarne, 2009-05-14 Drawing on the author's own experience as the other woman in an affair with an otherwise committed man this contemporary feminist study is the

first to label the role of the two timing male as sexual terrorist Cheating on the Sisterhood Infidelity and Feminism is a feminist analysis of the imbroglio of sexual politics brute sociobiology and pop mediated passion that is conjured up when a married man cheats on his wife with a younger single woman Drawing frankly on her own experience as the other woman Lauren Rosewarne scrutinizes the alternate readings of the politics of cheating in terms of feminism s program of gender equality Arguing that contemporary feminism does not automatically endorse or reject any particular choices she shows what happens when all three parties to the classic triangle happen to be feminists each trotting out a different set of feminist arguments to justify vilify and rationalize his or her actions Is the other woman this book asks just a tool of the cheating man s assertion of gender dominance over both his mate and his mistress and a willy nilly a traitor to the sisterhood Smile of Discontent Eileen Gillooly, 1999-06 Like sex Eileen Gillooly argues humor has long been viewed as a repressed feature of nineteenth century femininity However in the works of writers such as Jane Austen George Eliot Elizabeth Gaskell Anthony Trollope and Henry James Gillooly finds an understated wryly amusing perspective that differs subtly but significantly in rhetoric affect and politics from traditional forms of comic expression Gillooly shows how such humor became for mostly female writers at the time an unobtrusive and prudent means of expressing discontent with a culture that was ideologically committed to restricting female agency and identity If the aggression and emotional distance of irony and satire mark them as masculine then for Gillooly the passivity indirection and sympathy of the humor she discusses render it feminine She goes on to disclose how the humorous tactics employed by writers from Burney to Wharton persist in the work of Barbara Pym Anita Brookner and Penelope Fitzgerald The book won the Barbara Perkins and George Perkins Award given by the Society for the Study of Narrative Literature
