Sally in Rhodesia Sheila MacDonald,1970 Sally in Rhodesia Sheila Scobie Macdonald,1926 **Sally in Rhodesia** Sheila Macdonald,1926 Sally in Rhodesia ... With 12 Illustrations Sheila Scobie MACDONALD,1926 **African Urban Experiences in Colonial Zimbabwe** Tsuneo Yoshikuni,2007 Before Harare replaced Salisbury as Zimbabwe s capital city in 1982 the name belonged to the country s first black township now called Mbare How and when did the township come into being In this pioneering study Tsuneo Yoshikuni offers a fascinating social history of urban development in the early twentieth century **The Homestead** ,1918 **Elasticity in Domesticity: White Women in Rhodesian Zimbabwe, 1890-1979** Ushehwedu Kufakurinani,2018-11-01 In *Elasticity in Domesticity* White women in Rhodesian Zimbabwe 1890-1979 Ushehwedu Kufakurinani examines the colonial experiences of white women in what was later called Rhodesia He demonstrates the extent to which the state and society appropriated white women s labour power and the workings of the domestic ideology in shaping white women s experiences The author also discusses how and to what extent white women appropriated and deployed the domestic ideology Institutional as well as personal archives were consulted which include official correspondence diaries personal letters newsletters magazines commissions of inquiry among other sources *The Incorporated Wife* Hilary Callan, Shirley Ardener,2022-08-24 Originally published in 1984 this book touches the private lives and professional responsibilities of men and women as it illustrates the comic as well as serious effects of the incorporation of wives into some important State and commercial institutions Beyond their domestic functions wives have in particular ways been valuable props to many a husband s career and many an employer s and the nation s interests For example the Army civil administrations at home and overseas and the police have without questioning depended on the services of wives given silently willingly or unwillingly Yet the nature of the relationship of these incorporated wives to the objectives of such institutions has until recently been largely unregistered in practice unrecorded in social and historical accounts and unstudied by analysts This book provides a wealth of ethnographic material Personal anecdotes and scholarly interpretations throw light on the conceptual systems underlying the workings and cultures of institutions as well as the construction of identities Many will find their experiences echoed here The issues raised are important not only for individual men and women for whom such incorporation may provide advantages as well as constraints but because of the bearing they have on our understanding of marriage especially since we cannot be sure this will continue in its present mode or as the dominant form of conjugal union As more married women assume greater responsibilities at work will their husbands give the same support to their wives and those who employ them as they themselves received Further it seems likely that wives may become less willing than in the past to render their services unacknowledged indeed this trend is already apparent We may ask then who will fill the gaps and how will institutions change The historical and contemporary studies here provide some base data and some theoretical approaches necessary for any who may wish to consider what will become increasingly acute
