On Feminism And Nationalism:

Feminism and Nationalism in the Third World Kumari Jayawardena, 2016-09-06 A founding text of transnational feminism For twenty five years *Feminism and Nationalism in the Third World* has been an essential primer on the late nineteenth and early twentieth century history of women s movements in Asia and the Middle East In this engaging and well researched survey Kumari Jayawardena presents feminism as it originated in the Third World erupting from the specific struggles of women fighting against colonial power for education or the vote for safety and against poverty and inequality Journalist and human rights activist Rafia Zakaria s foreword to this new edition is an impassioned letter in two parts the first to Western feminists the second to feminists in the Global South entreating them to use this compendium of female courage as a bridge between women of different nations *Feminism and Nationalism in the Third World* was chosen as one of the top twenty Feminist Classics of this Wave 1970 1990 by Ms magazine and won the Feminist Fortnight Award in the UK

Feminist Nationalism Lois West, 2014-01-21 *Feminist Nationalism* demonstrates how feminism is redefining nationalism by presenting case studies from Europe the Middle East Africa Asia and the Americas Consisting of social movements and cultural ideologies feminist nationalism links struggles for women s rights with struggles for group identity rights and or national sovereignty in their goals of self determination Many analyses of nationalism assume it is identical for women and men in its definition and operation This collection challenges that framework by placing women at the center and demonstrating how feminism is redefining nationalism both in particular cases and in the global context

On Feminism and Nationalism Kartini (Raden Adjeng), 2005 Raden Ajeng Kartini 1879 1904 lived in Jepara Central Java and was inspired by the European feminist writing of her day She held a strong interest in applying European feminist concerns to Javanese society Her pioneering work for freedom and education of women has made her an Indonesian national hero The letters in this revised edition to the contemporary European feminist Stella Zeelandelaar are amongst the most powerful of Kartini s surviving correspondence

Feminist Time Against Nation Time Victoria Hesford, Lisa Diedrich, 2008-01-01 *Feminist Time Against Nation Time* offers a series of essays that explore the complex and oftentimes contradictory relationship between feminism and nationalism through a problematization of temporality The collection pursues the following questions how do the specific temporalities of nationalism and war limit and delimit public spaces in which dissent might happen and how might we account for the often contradictory and ambiguous relationship of feminism and nationalism through an exploration of the problem of time

On Feminism and Nationalism Ajeng Kartini, 1995 A re translation of the Dutch original edition this book contains Kartini s fourteen letters to a girl in Amsterdam which are some of the most powerful of her surviving letters

Feminist Nationalism Lois A. West, 1997 *Feminist Nationalism* demonstrates how feminism is redefining nationalism by presenting case studies from Europe the Middle East Africa Asia and the Americas Consisting of social movements and cultural ideologies feminist nationalism links struggles for women s rights with struggles for group identity

rights and or national sovereignty in their goals of self determination Many analyses of nationalism assume it is identical for women and men in its definition and operation This collection challenges that framework by placing women at the center and demonstrating how feminism is redefining nationalism both in particular cases and in the global context Feminism and Nationalism in the Third World Kumari Jayawardena,1992 Between Woman and Nation Caren Kaplan,Norma Alarcón,Minoo Moallem,1999 An examination of nationalism and gender *The Politics of Diversity* Roberta Hamilton,1986 This collection of Canadian work addresses the question at the top of the feminist agenda can we properly apprehend the difference between women without losing a common political purpose In Britain and the United States new voices have exposed the illusory universality of feminist movements fragmented by recognition of difference Yet in Canada feminism was built from the outset of recognition of diversity resulting from class ethnicity and region from back cover **Women, States and Nationalism** Sita Ranchod-Nilsson,Mary Ann Tetreault,2003-09-02 Women States and Nationalism counters this attitude and examines the many and contradictory ways in which women negotiate their places in the nation The volume includes theoretical essays that explore the multiple ways in which the very concept of nation is based upon notions of family sexuality and gender power which are often overlooked or downplayed by male stream scholarship It gathers together an outstanding panel of feminist scholars and area studies specialists who through a series of focused case studies analyse diverse issues which include gender and sectarian conflict in Northern Ireland the paradox of Israeli women soldiers women civic duty and the military in the USA the Hindu Right in India power agency and representation in Zimbabwe political identity and heterosexism This timely volume is a highly valuable resource for students and scholars of Nationalism Internationalism Studies and Women s Studies Feminisms in the Nordic Region Suvi Keskinen,Pauline Stoltz,Diana Mulinari,2020-11-30 This book explores how feminist movements in the Nordic region challenge the increasing gender race and class inequalities following the global economic crisis neoliberal capitalism and austerity politics and how they position themselves in the face of the rise of nationalism and right wing populism The book contextualizes these recent events in the long histories of racial and colonial power relations embedded in Nordic societies and their gender equality and welfare state regimes It examines the role of whiteness and racism and seeks to decolonize feminist knowledge and genealogies of feminist movements in the region The contributions provide in depth knowledge on the different orientations dilemmas and tactics that feminisms develop in these challenging times and show the centrality of antiracist and decolonizing critiques of feminisms They further highlight the strategies of feminist and related antiracist and indigenous movements in regards to ideas about hope solidarity intersectionality and social justice Chapters 6 7 9 and 10 are available open access under a Creative Commons Attribution 4 0 International License via link [springer.com](https://www.springer.com) Women, the State, and War Joyce P. Kaufman,Kristen P. Williams,2007-12-24 Women the State and War looks at the intersection of gender citizenship and nationalism marriage intermarriage and how states gender that relationship and the ways in which women are used as

symbols to reinforce or further nationalistic goals Women have long struggled with issues of citizenship identity and the challenge of being recognized as equal members of the community Governments use feminine imagery e g mother country to create a national identity while simultaneously minimizing the role that women play as productive contributors to the society Authors Joyce P Kaufman and Kristen P Williams examine the relationship of government and women in four different countries the United States Israel the former Yugoslavia and Northern Ireland In each case numerous similarities appear conflict plays a significant role in the definition of citizenship for women women s movements have worked in contradiction to the state and citizenship and marriage are gendered undertakings **Feminism, Nationalism, and Militarism**

Constance R. Sutton,1995 **Gender Ironies of Nationalism** Tamar Mayer,2012-10-12 This book provides a unique social science reading on the construction of nation gender and sexuality and on the interactions among them It includes international case studies from Indonesia Ireland former Yugoslavia Liberia Sri Lanka Australia the USA Turkey China India and the Caribbean The contributors offer both the masculine and feminine perspective exposing how nations are comprised of sexed bodies and exploring the gender ironies of nationalism and how sexuality plays a key role in nation building and in sustaining national identity The contributors conclude that control over access to the benefits of belonging to the nation is invariably gendered nationalism becomes the language through which sexual control and repression is justified masculine prowess is expressed and exercised Whilst it is men who claim the prerogatives of nation and nation building it is for the most part women who actually accept the obligation of nation and nation building **Eugenic Feminism** Asha Nadkarni,2014-04-01 Asha Nadkarni contends that whenever feminists lay claim to citizenship based on women s biological ability to reproduce the nation they are participating in a eugenic project sanctioning reproduction by some and prohibiting it by others Employing a wide range of sources from the United States and India Nadkarni shows how the exclusionary impulse of eugenics is embedded within the terms of nationalist feminism Nadkarni reveals connections between U S and Indian nationalist feminisms from the late nineteenth century through the 1970s demonstrating that both call for feminist citizenship centered on the reproductive body as the origin of the nation She juxtaposes U S and Indian feminists and antifeminists in provocative and productive ways Charlotte Perkins Gilman s utopian novels regard eugenic reproduction as a vital form of national production Sarojini Naidu s political speeches and poetry posit liberated Indian women as active agents of a nationalist and feminist modernity predating that of the West and Katherine Mayo s 1927 Mother India warns white U S women that Indian reproduction is a world menace In addition Nadkarni traces the refashioning of the icon Mother India first in Mehboob Khan s 1957 film Mother India and Kamala Markandaya s 1954 novel Nectar in a Sieve and later in Indira Gandhi s self fashioning as Mother India during the Emergency from 1975 to 1977 By uncovering an understudied history of feminist interactivity between the United States and India Eugenic Feminism brings new depth both to our understanding of the complicated relationship between the two nations and to contemporary feminism **Of Property and Propriety** Himani

a wide range of issues that connect questions of race to American identity She follows the long arc of African American responses to racism in the US from Black Nationalism to Black feminism to hip hop Using this genealogy she then investigates how nationalism has operated and reemerged in the wake of contemporary globalization and the unexpected resurgence of nationalism She then offers an interpretation of how Black nationalism works today in the wake of changing Black youth identity and the continuing need to draw on nationalism and feminism to formulate both a response to racism and a concrete platform of political action
