Rediscoveries, Literature and Place in Illinois Robert C. Bray, 1982 Rediscoveries, Literature and Place in Illinois Robert C. Bray, 1982 *Dictionary of Midwestern Literature, Volume 1* Philip A. Greasley, 2001-05-30 The Dictionary of Midwestern Literature Volume One surveys the lives and writings of nearly 400 Midwestern authors and identifies some of the most important criticism of their writings The Dictionary is based on the belief that the literature of any region simultaneously captures the experience and influences the worldview of its people reflecting as well as shaping the evolving sense of individual and collective identity meaning and values Volume One presents individual lives and literary orientations and offers a broad survey of the Midwestern experience as expressed by its many diverse peoples over time Philip A Greasley s introduction fills in background information and describes the philosophy focus methodology content and layout of entries as well as criteria for their inclusion An extended lead essay The Origins and Development of the Literature of the Midwest by David D Anderson provides a historical cultural and literary context in which the lives and writings of individual authors can be considered This volume is the first of an ambitious three volume series sponsored by the Society for the Study of Midwestern Literature and created by its members Volume Two will provide similar coverage of non author entries such as sites centers movements influences themes and genres Volume Three will be a literary history of the Midwest One goal of the series is to build understanding of the nature importance and influence of Midwestern writers and literature Another is to provide information on writers from the early years of the Midwestern experience as well as those now emerging who are typically absent from existing reference works The Oxford Handbook of Midwestern History Jon Lauck, 2025 The Midwest region holds a pivotal place in the tapestry of American history The Oxford Handbook of Midwestern History delves into this rich heritage with chapters on topics ranging from the early Native American and French Midwest to the impact of the Northwest Ordinance and the Great Lakes the emergence of Midwest regional consciousness after the Civil War and the role of the Midwest s natural resources in the region s economic success and later decline It presents the newest research on race ethnicity culture politics and economic development It also considers the role of religion organized labor the presence of a diverse population of Germans Irish Dutch and Latinos and the influence of sports nostalgia populism and isolationism This handbook moves beyond the examination of traditional topics in Midwestern history to provide significant attention to matters such as architecture literary realism visual culture and constitutionalism This treatment of Midwestern history marks a major turn towards the history of the American interior In many ways The Oxford Handbook of Midwestern History marks the coming of age of what scholars and commentators are calling the New Midwestern History Encyclopedia of the Chicago Literary Renaissance Jan Pinkerton, Randolph H. Hudson, 2009 The Chicago Renaissance began in the early 1900s and lasted until approximately 1930 The leading writers of the period including Theodore Dreiser Sister Carrie *Finding a New Midwestern History* Jon K. Lauck, Gleaves Whitney, Joseph Hogan, 2018-11 In comparison to such regions as the South

the far West and New England the Midwest and its culture have been neglected both by scholars and by the popular press. Historians as well as literary and art critics tend not to examine the Midwest in depth in their academic work. And in the popular imagination the Midwest has never really ascended to the level of the proud literary South, the cultured democratic Northeast, or the hip innovative West Coast. Finding a New Midwestern History revives and identifies anew the Midwest as a field of study by promoting a diversity of viewpoints and lending legitimacy to a more in depth rigorous scholarly assessment of a large region of the United States that has largely been overlooked by scholars. The essays discuss facets of midwestern life worth examining more deeply including history, religion, geography, art, race, culture, and politics, and are written by well known scholars in the field such as Michael Allen, Jon Butler, and Nicole Etcheson.

The Chicago Literary Experience

Frederik Byrn Køhlert, 2011. The Chicago Literary Experience is a concise literary history of the city of Chicago. Taking as its thematic starting point the city's famous World's Columbian Exposition of 1893, the book provides an account of the city's rapid and in many ways unprecedented development from trading post to metropolis and examines the many literary responses to this new urban environment. By contextualizing literature written about the city in these formative years, the book shows not only how the city influenced its writers but also how these writers struggled to transform their urban environment into literary forms. Covering such aspects as the emergence of the novel of the businessman as cultural hero, the humorous newspaper columns of the late nineteenth century, and the Depression era revitalization of Chicago literature from its ethnic neighborhoods, the book moves beyond the obvious classics and rediscovers a vibrant literary tradition that restores almost forgotten writers such as Eugene Field and Floyd Dell to their place in American literary history. Given the historical approach and the breadth of material covered, the book will be valuable to anyone wanting to understand how American literature in this defining period moved from the farm to the city and what happened to it once it had arrived. Authors discussed include Jane Addams, George Ade, Nelson Algren, Sherwood Anderson, Saul Bellow, Gwendolyn Brooks, Willa Cather, Floyd Dell, Theodore Dreiser, James T. Farrell, Eugene Field, Henry B. Fuller, Hamlin Garland, Robert Herrick, Jack London, Frank Norris, Carl Sandburg, Upton Sinclair, and Richard Wright. Frederik Byrn Køhlert is a doctoral student at the University of Montreal. He has an MA in English from the University of Oregon and an MA in English and Scandinavian Literature from the University of Aarhus, Denmark.

Its authors have won half of the nation's Nobel Prizes for Literature plus a significant number of Pulitzer Prizes. This volume explores the rich racial, ethnic, and cultural diversity of the region. It also contains entries on 35 pivotal Midwestern literary works, literary genres, literary cultural, historical, and social movements, state and city literatures, literary journals and magazines, as well as entries on science fiction, film, comic strips, graphic novels, and environmental writing. houses construction to various alterations made by later occupants to renovations of recent years *A Place Called Home* Richard O. Davies, David R. Pichaske, Joseph Anthony Amato, 2003 2004 Minnesota Book Award Winner The Midwestern small town has long held an iconic place in American culture from the imaginings of Sinclair Lewis's Main Street and Sherwood Anderson's Winesburg, Ohio to Garrison Keillor's Lake Wobegon. But the reality is much more complex as the small town has been a study in transition from its very inception. In *A Place Called Home* editors Richard O. Davies, Joseph A. Amato and David R. Pichaske offer the first comprehensive examination of the Midwestern small town and its evolving nature from the 1800s to the present. This rich collection gleaned from the best writings of historians, novelists, social scientists, poets and journalists features not only such well-known authors as Sherwood Anderson, Carol Bly, Willa Cather, Hamlin Garland, Langston Hughes, Garrison Keillor, William Kloefkorn, Sinclair Lewis, Susan Allen Toth and Mark Twain but also many lesser-known and exceptionally talented writers. Five chronological sections trace the founding, growth and decline of the Midwestern town and introductory comments illuminate its ever-changing face. The result is a wide-ranging collection of writings on the community at the heart of America. *Illinois English Bulletin*, 2004 **Rooted** David R. Pichaske, 2009-05 David Pichaske has been writing and teaching about midwestern literature for three decades. In *Rooted*, by paying close attention to text, landscape and biography, he examines the relationship between place and art. His focus is on seven midwestern authors who came of age toward the close of the twentieth century: their lives and their work grounded in distinct places. Dave Etter in small-town upstate Illinois, Norbert Blei in Door County, Wisconsin; William Kloefkorn in southern Kansas and Nebraska; Bill Holm in Minnesota; Linda Hasselstrom in Hermosa, South Dakota; Jim Heynen in Sioux County, Iowa; and Jim Harrison in upper Michigan. The writers' intimate knowledge of place is reflected in their use of details of geography, language, environment and behavior. Yet each writer reaches toward other geographies and into other dimensions of art or thought: jazz, music and formalism in the case of Etter; gender issues in the case of Hasselstrom; time past and present in the case of Kloefkorn; ethnicity and the role of the artist in the case of Blei; magical realism in the case of Heynen; the landscape of literature in the case of Holm; and the curious worlds of academia, best-selling novels and Hollywood films in the case of Harrison. The result, Pichaske notes, is the growing away from roots, the explorations and alter egos of these writers of place and the tension between the here and there that gives each writer's art the complexity it needs to transcend provincial boundaries. Quoting generously from the writers, Pichaske employs a practical, jargon-free literary analysis fixed in the text, making *Rooted* interesting, readable and especially useful in treating the literary categories of memoir and literary essay that have become important in recent decades. **Journal of the Illinois State Historical Society**, 2019 **Heartland** James H. Madison, 1988. Contains chapters on Minnesota, Michigan, Wisconsin, Missouri, North Dakota, Illinois, Indiana, South Dakota, Ohio, Nebraska, Kansas and Iowa. **Reading With Lincoln** Robert Bray, 2010-09-03 Through extensive reading and reflection, Abraham Lincoln fashioned a mind as powerfully intellectual and superlatively communicative as that of any other

American political leader Reading with Lincoln uncovers the how of Lincoln s inspiring rise to greatness by connecting the content of his reading to the story of his life At the core of Lincoln s success was his self education centered on his love of and appreciation for learning through books From his early studies of grammar school handbooks and children s classics to his interest in Shakespeare s Macbeth and the Bible during his White House years what Lincoln read helped to define who he was as a person and as a politician This unique study delves into the books pamphlets poetry plays and essays that influenced Lincoln s thoughts and actions Exploring in great depth and detail those readings that inspired the sixteenth president author Robert Bray follows Lincoln s progress closely from the young teen composing letters for illiterate friends and neighbors to the politician who keenly employed what he read to advance his agenda Bray analyzes Lincoln s radical period in New Salem during which he came under the influence of Anglo American and French Enlightenment thinkers such as Thomas Paine C F Volney and Voltaire and he investigates Lincoln s appreciation of nineteenth century lyric poetry which he both read and wrote Bray considers Lincoln s fascination with science mathematics political economics liberal social philosophy theology and the Bible and devotes special attention to Lincoln s enjoyment of American humor While striving to arrive at an understanding of the role each subject played in the development of this remarkable leader Bray also examines the connections and intertextual relations between what Lincoln read and how he wrote and spoke This comprehensive and long awaited book provides fresh insight into the self made man from the wilderness of Illinois Bray offers a new way to approach the mind of the political artist who used his natural talent honed by years of rhetorical study and practice to abolish slavery and end the Civil War *Illinois Literature* John E.
