autonomy Doumani rediscovers Palestine by writing the inhabitants of this ancient land into history **The Fragmentation of Palestine** Joshua Rickard,2022-02-24 This book examines processes of fragmentation that have altered the social dynamics of Palestinian society since the second intifada With a specific focus on the city of Nablus and its outer laying areas the book details the extraordinarily personal experience of isolation namely the physical division of communities through long term military siege and the ways that communities have adapted to get by despite frequently changing restrictions Joshua Rickard shows various forms of isolation and social fragmentation combined with the uncertainty of everyday life that have come to characterise the existential experience of being Palestinian More relevant than how the conditions of fragmentation have occurred is what isolation and uncertainty mean to communities that are severed from those surrounding them Finally this book examines the possibility for a reformation of social organisation that transcends traditional political discourses which can be seen emerging from Palestinian communities The Palestinian Peasant Economy Under the Mandate Amos Nadan,2006 Challenging the claim that Palestine s peasant economy progressed during the 1920s and 1930s Amos Nadan skillfully integrates a wide variety of sources to demonstrate that the period was actually one of deterioration on both the macro per capita and micro levels The economy would have most likely continued its downward spiral during the 1940s had it not been for the temporary prosperity that resulted from World War II Nadan argues that this deterioration continued despite the British authorities channeling of funds from the Jewish sector and the wealthier Arab sectors into projects for the Arab rural economy The British were hoping that Palestine s peasants would not rebel if their economic conditions improved These programs were on the whole defective because the British chose programs based on an assumption that the peasants were too ignorant to manage their farms wisely instead of working with the peasants and their own institutions *Palestine and the Decline of the Ottoman Empire* Farid Al-Salim,2015-04-07 During the final decades of Ottoman rule Palestine was administratively divided into two states Jerusalem and Beirut Both provinces exhibited a strikingly cohesive history of modernisation and as the Ottoman Empire began to recede the education systems taxation and bureaucracy which were left behind formed the foundation of administration in the Palestinian authority today The reign of Sultan Abdulmecid I saw great changes in Palestine in line with the Tanzimat reform programme These changes included the monetisation of the economy structural changes in land ownership legal reform moves towards Ottoman centralisation and the first European immigration to the area Education was expanded to the lower classes and Arab and Palestinian nationalism and Islamic movements began to stir by the end of the century as the first Zionist settlers arrived At the heart of these radical shifts in thought and infrastructure were the new administrative centres established by the Ottomans during this period of re organisation Drawing extensively on official Ottoman records Farid Al Salim charts the transformation of one such centre Tulkarm from a small village in central Palestine to a seat of administrative reform in order to provide a new account of the forces behind the formation of modern Palestine **Shared Histories** Paul Scham,Walid Salem,Benjamin Pogrund,2016-09-17 There is no

single history of the development of the Israeli Palestinian conflict The Israeli historical narrative speaks of Zionism as the Jewish national movement of building a refuge from persecution and of national regeneration The Palestinian narrative speaks of invasion expulsion and oppression Its no wonder peace remains elusive This volume attempts to present both histories with parallel narratives of key points in the 19th and 20th centuries to 1948 The histories are presented by fourteen Israeli and Palestinian experts joined by other historians journalists and activists who then discuss the differences and similarities between their accounts By creating an appreciation understanding and respect for the other the first steps can be made to foster a shared history of a shared land The reader has the opportunity to witness first hand a respectful confrontation between the competing versions of the Israeli Palestinian conflict *Haifa in the Late Ottoman Period, 1864-1914* Mahmoud Yazbak,2023-12-28 This volume offers a history of Haifa during that crucial part of the nineteenth century when Europe s penetration of Palestine combined with Istanbul s centralization efforts to alter irrevocably the social fabric of the country and change its political destiny After tracing the town s beginnings in the early eighteenth century the author painstakingly reconstructs from the few sijill volumes that have survived vital aspects of Ottoman Haifa s society and administration A fresh look at the town s demography is followed by an in depth discussion of the way inter communal relations developed after the 1864 Vil yets Law had brought a restructuring of the sources of elite power The author s findings on the social status of Haifa s Muslim women significantly add to the vibrant picture of economic activities we now know urban Muslim women in the Ottoman Empire were involved in *The Modern Middle East* Camron Michael Amin,Benjamin C.
