## Rediscovering The Of Mormon:

**Rediscovering the Book of Mormon** John L. Sorenson, Melvin J. Thorne, 1991-01-01 Rediscovering the Book of Mormon Through DNA Digital Legend Press, Rod Meldrum, 2009-09 **The Next Mormons** Jana Riess, 2019-02-01 American Millennials the generation born in the 1980s and 1990s have been leaving organized religion in unprecedented numbers For a long time the Church of Jesus Christ of Latter day Saints was an exception nearly three quarters of people who grew up Mormon stayed that way into adulthood In *The Next Mormons* Jana Riess demonstrates that things are starting to change Drawing on a large scale national study of four generations of current and former Mormons as well as dozens of in depth personal interviews Riess explores the religious beliefs and behaviors of young adult Mormons finding that while their levels of belief remain strong their institutional loyalties are less certain than their parents and grandparents For a growing number of Millennials the tensions between the Church s conservative ideals and their generation s commitment to individualism and pluralism prove too high causing them to leave the faith often experiencing deep personal anguish in the process Those who remain within the fold are attempting to carefully balance the Church s strong emphasis on the traditional family with their generation s more inclusive definition that celebrates same sex couples and women s equality Mormon families are changing too More Mormons are remaining single parents are having fewer children and more women are working outside the home than a generation ago *The Next Mormons* offers a portrait of a generation navigating between traditional religion and a rapidly changing culture *Interpreter: A Journal of Latter-day Saint Faith and Scholarship, Volume 35 (2020)* Brant A. Gardner, 2020-06-24 This is volume 35 of *Interpreter A Journal of Latter day Saint Faith and Scholarship* published by The Interpreter Foundation It contains the complete text of *Labor Diligently to Write The Ancient Making of a Modern Scripture* by Brant A Gardner *Where in the Americas Are the Lands of the Book of Mormon?* Eldon V. Guymon, 2018-06-20 The Book of Mormon was published in 1830 This book tells us that Lehi and his family sailed from the coast of Arabia after 600 BC Supposedly Lehi landed in Peru and his descendants colonized Columbia and later moved northward through a narrow pass The Isthmus of Panama has been assumed to be the narrow pass The land to the north of Panama was supposed to be the land of Desolation Warfare was common between two groups Nephites and Lamanites Roughly AD 400 the Lamanites destroyed the Nephites at the Hill Cumorah which is said to be in New York USA Historic church leaders are quoted to support the historic theories However the church today has no position on the location of the lands in question so one may choose for himself where the lands were located Quoting historic church leaders proves nothing Scientists associated with the historic Archaeological Department of Brigham Young University have presented Mesoamerica as the lands of the book Mormon told us that the river Sidon ran north to the sea 1981 B of M Index p 730 The Mississippi runs south and is not the river Sidon Mormon also told us that the people of Zarahemla Mulekites crossed a salt ocean landing at the land of Desolation Hence the land of Desolation bordered a salt ocean Alma 22 30 and 63 5 These facts

discount several theories including the heartland theory and great lakes theories However historians quote early church leaders as prophets and continue to hold to traditional beliefs The Book of Mormon is the position of the Church of Jesus Christ of Latter day Saints The lands in question must fit with this book regardless of traditions The book fits in Mesoamerica Because people in 1830 had little or no knowledge of the cultures of Mesoamerica Joseph Smith could not have stolen the book from other authors and the early Mormons could not have written the book Read Where in the Americas are the Lands of the Book of Mormon to find out what the Book of Mormon tells us about the lands in question **Mormon Pioneer**

STUDIES Robert F. Smith,2020-12-31 Three studies of the Book of Mormon 1 Detailed analysis of the Egyptian characteristics of the Book of Mormon 2 editorial markers in the Book of Mormon and 3 a broad look at the realia of the Book of Mormon as evidences of historical authenticity **Understanding the Book of Mormon** Grant Hardy,2010-04-07 Mark

Twain once derided the Book of Mormon as chloroform in print Long and complicated written in the language of the King James version of the Bible it boggles the minds of many Yet it is unquestionably one of the most influential books ever written With over 140 million copies in print it is a central text of one of the largest and fastest growing faiths in the world And Grant Hardy shows it s far from the coma inducing doorstep caricatured by Twain In Understanding the Book of Mormon Hardy offers the first comprehensive analysis of the work s narrative structure in its 180 year history Unlike virtually all other recent world scriptures the Book of Mormon presents itself as an integrated narrative rather than a series of doctrinal expositions moral injunctions or devotional hymns Hardy takes readers through its characters events and ideas as he explores the story and its messages He identifies the book s literary techniques such as characterization embedded documents allusions and parallel narratives Whether Joseph Smith is regarded as author or translator it s noteworthy that he never speaks in his own voice rather he mediates nearly everything through the narrators Nephi Mormon and Moroni Hardy shows how each has a distinctive voice and all are woven into an integral whole As with any scripture the contending views of the Book of Mormon can seem irreconcilable For believers it is an actual historical document transmitted from ancient America For nonbelievers it is the work of a nineteenth century farmer from upstate New York Hardy transcends this intractable conflict by offering a literary approach one appropriate to both history and fiction Regardless of whether readers are interested in American history literature comparative religion or even salvation he writes the book can best be read if we examine the text on its own terms **By the Hand of Mormon** Terryl Givens,2003-09-11 Finally in exploring what Martin

Marty refers to as the Book of Mormon s revelatory appeal Givens highlights the Book s role as the engine behind what may become the next world religion BOOK JACKET *Historic Sites and Markers Along the Mormon and Other Great Western Trails* Stanley Buchholz Kimball,1988 This book is a comprehensive guide to more than 550 historic sites and markers scattered along some 10 000 miles of emigrant trails By the use of the accompanying maps and commentary in the text the

trails themselves can be followed rather closely Preface      **The Mormon Mirage** Latayne C. Scott,2010-08-03 In the first edition of *The Mormon Mirage* Latayne C Scott shared her remarkable journey out of Mormonism as she uncovered shocking inaccuracies inconsistencies and contradictions in the faith she had loved and lived Thirty years later Mormonism and Mormon scholarship have evolved with the times In this third revised and updated edition of her well known book Scott keeps pace with changes and advances in Mormonism and reveals formidable new challenges to its claims and teachings *The Mormon Mirage* provides fascinating carefully documented insights into DNA research s withering implications for the Book of Mormon the impact of new revelations on Latter day Saint LDS race relations new findings about Mormon history increasing publicity about LDS splinter groups particularly polygamous ones recent disavowals of long held doctrines by church leadership the rise of Mormon apologetics on the Internet More than a riveting insider s scrutiny of the Mormon faith this book is a testimony to the trustworthiness of Scripture and the grace of Jesus Christ      **Perspectives on Latter-day**

**Saint Names and Naming** Dallin D. Oaks,Paul Baltes,Kent Minson,2023-03-01 *Perspectives on Latter day Saint Names and Naming* approaches cultural historical and doctrinal dimensions of The Church of Jesus Christ of Latter day Saints through a fresh lens that explores how these dimensions intersect with names and naming Featuring a collection of chapters from multiple authors its bipartite structure examines fascinating topics in relation to the Church looking first at cultural and historical perspectives before analyzing doctrinal and scriptural perspectives The book discusses such matters as how contemporary naming practices of Latter day Saints compare to those outside the faith how code names were used in one of the faith s books of scripture to protect Church leaders from persecution and how names and naming relate to the covenant identity of Church members Through its fresh approach to understanding religious identity and belief in relation to The Church of Jesus Christ of Latter day Saints this book is an invaluable resource for scholars and students of Mormon studies and will also be of interest to people with a fascination with names and naming issues as those occur in a variety of settings including religious ones      **The Bible, Mormon Scripture, and the Rhetoric of Allusivity** J. Frederick,2016-05-05 One of

the most pertinent questions facing students of Mormon Studies is gaining further understanding of the function the Bible played in the composition of Joseph Smith s primary compositions the Book of Mormon and the Doctrine and Covenants With a few notable exceptions such as Philip Barlow s *Mormons and the Bible* and Grant Hardy s *Understanding the Book of Mormon* full length monographs devoted to this topic have been lacking This manuscript attempts to remedy this through a close analysis of how Mormon scripture specifically the Book of Mormon and the Doctrine and Covenants integrates the writings of New Testament into its own text This manuscript takes up the argument that through the rhetoric of allusivity the allusion to one text by another Joseph Smith was able to bestow upon his works an authority they would have lacked without the incorporation of biblical language In order to provide a thorough analysis focused on how Smith incorporated the biblical text into his own texts this work will limit itself only to those passages in Mormon scripture that allude to the Prologue of

John's gospel John 1:1-18 The choice of the Prologue of John is due to its frequent appearance throughout Smith's corpus as well as its recognizable language This study further argues that the manner in which Smith incorporates the Johannine Prologue is by no means uniform but actually quite creative taking at least four different forms Echo Allusion Expansion and Inversion The methodology used in this work is based primarily upon recent developments in intertextual studies of the Bible an analytical method that has proved to be quite effective in studying later author's use of earlier texts **Interpreter: A**

Richards, 2017-11-17 The Book of Mormon is an influential and controversial book It launched a religious movement has been believed by millions to be scripture and has been derided by others as fraudulent Despite this or perhaps as a result the book's contents have been subject to both academic neglect and popular myth This book challenges some of that neglect by examining the Book of Mormon through the lens of its relationship with the Bible a work which the Book of Mormon openly quotes and expects to be read alongside and the only text which everyone agrees is connected to the Book of Mormon Through close examination of the Book of Mormon text and biblical parallels including three substantial case studies this book examines the ways in which the Book of Mormon draws upon and interprets the biblical text This book demonstrates the complexity with which the Book of Mormon handles biblical material and the close correlation between its reading of the Bible and the Book of Mormon's own core themes **By the Gift and Power of God** Leo Kappa, 2018-06-12 Although Christian academics such as Dr Stephen Webb Margaret Barker and Richard Mouw classify the Latter Day Saints as Christian most ordinary believing Christians remain unaware of just how very Christ centered the LDS Church is and what a strong position the church holds scripturally and theologically Many Christians today have never had the opportunity to consider the numerous Bible prophecies fulfilled by the Book of Mormon the prophet Joseph Smith the historic Christian apostasy and the prophecies of God's great and marvelous latter day work which is a new dispensation to set things right namely the restoration we announce to the world Christians everywhere must be informed about what God has done for them in these times and why it was necessary as we all prepare for the glorious return of our Lord Jesus with a vast host of

angels to judge the earth      *Out of Mormonism* Judy Robertson,2011-07-01 Judy Robertson shares her unique insider s viewpoint as a woman in the Mormon church After she and her husband rediscovered God s truth they faced torment and persecution upon leaving the LDS church This reader friendly book is one of the few Christian books that focuses first on an individual s journey from Mormonism rather than on theology or Christian doctrines The revised edition includes testimonies of others who have left the Mormon church and what God is doing today through Concerned Christians Readers will find Out of Mormonism a useful resource for understanding and witnessing to friends and family in the LDS church      **Interpreter: A Journal of Mormon Scripture, Volume 19 (2016)** Daniel C.
