Reduced to Lowest Terms M. Nathan Freeda, 2004-07 Reduced to Lowest Terms presents some of the most original thinking and analysis of the new century A M Nathan Freeda examines contemporary society and its ills concluding that our collective obsession with numbers has made quantity a far more important issue than quality Freeda adeptly describes the problems we face pairing each with a set of concrete solutions that will enable us to lose our addiction to numbers and achieve lives of richness and merit No institution within our society is spared from examination A His humorous observations and personal reflections make this book a decidedly different work of social commentary A Join M Nathan Freeda as he takes a long hard look where we are and where we might be going Embark upon an unprecedented opportunity to reorient our society into one that cares more about how good life can be and less about the illusion of safety in numbers *Notes and Records of the Royal Society of London* ,1975 **Popular Science** ,2004-09 Popular Science gives our readers the information and tools to improve their technology and their world The core belief that Popular Science and our readers share The future is going to be better and science and technology are the driving forces that will help make it better **Popular Mechanics** ,2000-01 Popular Mechanics inspires instructs and influences readers to help them master the modern world Whether it s practical DIY home improvement tips gadgets and digital technology information on the newest cars or the latest breakthroughs in science PM is the ultimate guide to our high tech lifestyle The Risk of Trading Michael Toma, 2012-04-17 Develop the skills to manage risk in the high stakes world of financial speculation The Risk of Trading is a practical resource that takes an in depth look at one of the most challenging factors of trading risk management The book puts a magnifying glass on the issue of risk something that every trader needs to understand in order to be successful Most traders look at risk in terms of a stop loss that enables them to exit a losing trade quickly In The Risk of Trading Michael Toma explains that risk is ever present in every aspect of trading and advocates that traders adopt a more comprehensive view of risk that encompasses the strategic trading plan account size drawdowns maximum possible losses psychological capital and crisis management Shows how to conduct a detailed statistical analysis of an individual s trading methodology through back testing and real time results so as to identify when the methodology may be breaking down in actual trading Reveals why traders should think of themselves as project managers who are strategically managing risk The book is based on the author s unique focus on the risk approach to trading using data driven risk statistical analytics Using this book as a guide traders can operate more as business managers and learn how to avoid market busting losses while achieving consistently good results *Transactions of the American Society of Mechanical Engineers* American Society of Mechanical Engineers, 1938 Vols 2 4 11 62 68 include the Society s Membership list v 55 80 include the Journal of applied mechanics also issued separately as contributions from the Society s Applied Mechanics Division The New Statesman ,1915 The Saturday Evening Post ,1925 The Presentation of Self in Contemporary Social Life David Shulman, 2016-04-28 The

Presentation of Self in Contemporary Social Life covers the popular theories of Erving Goffman and shows modern applications of dramaturgical analysis in a wide range of social contexts David Shulman s innovative new text demonstrates how Goffman s ideas first introduced in 1959 continue to inspire research into how we manage the impressions that others form about us He synthesizes the work of contemporary scholars who use dramaturgical approaches from several disciplines who recognize that many values social norms and laws have changed since Goffman s time and that contemporary society offers significant new forms of impression management that we can engage in and experience After a general introduction to dramaturgical sociology readers will see many examples of how Goffman s ideas can provide powerful insights into familiar aspects of contemporary life including business and the workplace popular culture the entertainment industry and the digital world
