Refiguring The Hero:

Refiguring the Hero Dian Fox, 2010-11-01 *Refiguring Tragedy* Ioanna Karamanou, 2019-05-20 This book brings together case studies delving into different unstudied aspects of the Nachleben of selected lost tragedies either in their once extant form or in their fragmentary state in later periods of time It seeks to explore the ways in which the plays in question were reworked discussed represented or reperformed within varying frameworks Notably enough research on the reception of tragic fragments could yield insight not only into the receiving work but also into the facets of the source text that have attracted attention in its subsequent refigurations It could thus shed light on the ideological and cultural routes through which these fragmentary tragedies were received by the poet the scholar the artist the viewer the reader and the spectator in each case The complex process of the refiguration of a fragmentarily preserved play within different contexts could form a yardstick of its cultural power and elucidate the dynamics of fragmentation in modern times the volume is of particular interest to scholars in the fields of classics reception cultural and performance studies as well as to readers fascinated by Greek tragedy and its vibrant afterlife **A New Anthology of Early Modern Spanish Theater** Bárbara Mujica, 2015-01-13 This anthology of plays from the Spanish Golden Age brings together the work of canonical writers female writers who are rapidly achieving canonical status and lesser known writers who have recently gained critical attention It contains the full text of fifteen plays an introduction to each play with information about the author the work performance issues and current criticism and glosses with definitions of difficult words and concepts The extensive bibliography provides opportunities for further research Masculinity in the Reformation Era Scott E. Hendrix, Susan C. Karant-Nunn, 2008-05-01 These essays add a unique perspective to studies that reconstruct the identity of manhood in early modern Europe including France Switzerland Spain and Germany The authors examine the ways in which sixteenth and seventeenth century authorities both secular and religious labored to turn boys and men into the Christian males they desired Topics include disparities among gender paradigms that early modern models prescribed and the tension between the patriarchal model and the civic duties that men were expected to fulfill Essays about Martin Luther a prolific self witness look into the marriage relationship with its expected and actual gender roles Contributors to this volume are Scott H Hendrix Susan C Karant Nunn Raymond A Mentzer Allyson M Poska Helmut Puff Karen E Spierling Ulrike Strasser B Ann Tlusty and Merry E Wiesner Hanks **Don Juan and the Point of Honor** James Mandrell, 2010-11-01 In *Don Juan and the Point of Honor* James Mandrell undertakes a systematic examination of the many questions surrounding the legendary character What emerges is a view of Don Juan as a positive social force in patriarchal society and culture Mandrell shows that Don Juan should not be treated as an innocent or outmoded cultural artifact **Film and the Classical Epic Tradition** Joanna Paul, 2013-02-28 Paul explores the relationship between films set in the ancient world and the classical epic tradition arguing that there is a connection between the genres Through this careful consideration of how epic manifests itself through different periods and

cultures we learn how cinema makes a claim to be a modern vehicle for a very ancient tradition *Descartes's Theory of Action* Anne Davenport,2006-07-01 This volume has a single goal to argue that Descartes's most fundamental discovery is not the epistemological subject but rather the underlying free agent without whom no epistemological subject is possible This fresh interpretation of the Cartesian cogito is defended through a close reading of Descartes's masterpiece the *Meditations* Special attention is paid to the historical roots of Descartes's interest in free agency particularly his close ties to the French School of spirituality Three aspects of Descartes's personal evolution are considered his aesthetic evolution from Baroque concealment to Classicism his political evolution from feudal nostalgia to modern secularism and his spiritual evolution from Stoic wisdom to active engagement in the world through the scientific project **Re-figuring the Ramayana as Theology** Ajay K. Rao,2014-10-03 The *Ramayana* of Valmiki is considered by many contemporary Hindus to be a foundational religious text But this understanding is in part the result of a transformation of the epic's receptive history a hermeneutic project which challenged one characterization of the genre of the text as a work of literary culture and replaced it with another as a work of remembered tradition This book examines *Ramayana* commentaries poetic retellings and praise poems produced by intellectuals within the *rishnavaisnava* order of South India from 1250 to 1600 and shows how these intellectuals reconceptualized *Rama's* story through the lens of their devotional metaphysics *rishnavaisnavas* applied innovative interpretive techniques to the *Ramayana* including allegorical reading *lesha* reading reading a verse as a double entendre and the application of vernacular performance techniques such as word play improvisation repetition and novel forms of citation The book is of interest not only to *Ramayana* specialists but also to those engaged with Indian intellectual history literary studies and the history of religions **A Hero's Courage** Pasquale De Marco,2025-05-15 Immerse yourself in the extraordinary life and legacy of General Patton one of the most iconic military leaders of all time In this captivating biography we embark on a journey through the remarkable career of General Patton a man whose strategic brilliance unwavering resolve and inspiring leadership transformed the course of World War II From his humble beginnings in California to his rise through the ranks during the tumultuous years of conflict we witness the making of a legend As we delve into Patton's military campaigns we marvel at his strategic acumen and innovative tactics From the deserts of North Africa to the hedgerows of Normandy we trace the path of a commander who consistently outmaneuvered his adversaries leaving an indelible mark on the annals of warfare Beyond his military prowess we explore the complexities of Patton's persona A man of contradictions he was both brilliant and flawed charismatic and controversial We examine his strengths and weaknesses his unwavering determination and his occasional lapses in judgment providing a nuanced portrait of a man who was larger than life Through Patton's eyes we witness the horrors and triumphs of war the sacrifices made by soldiers on all sides and the indomitable spirit of those who fought for freedom We gain insight into the challenges of leadership the burdens of command and the toll that war takes on the human soul Join us on this captivating journey as we uncover the life and legacy of General Patton a man who
