Reflection On The River The Big Thompson Canyon Flood:

Reflection on the River Sharlynn Wamsley, 2001

Reflection of the Hearts Gary Wamsley, Linda Roesener, 1996

Colorado Disasters: True Stories of Centennial State Tragedies and Triumphs Phyllis J. Perry, DEADLY

DRAMATIC and WILD Words that best describe this collection of stories recounting Colorado's long history of catastrophes. In *Colorado Disasters*, Boulder-based historian and educator Phyllis J. Perry chronicles the Centennial State's gamut of natural and human-caused disasters from floods, mudslides, and avalanches to massive wildfires, deadly explosions, train wrecks, airplane crashes, monster tornadoes, and more. Perry honors the survivors and many heroic rescuers who risked their lives to save others. Most of these stories offer excellent lessons in how to survive a disaster, Perry says. And they can inspire us to do the right thing when the world turns upside down and your neighbors need help. Covering more than 150 years of catastrophes, Perry's careful research and lively writing brings to life the true stories at turns heart-stopping and heroic of the victims, survivors, and rescuers who were there. Riveting details from first-person accounts. Amply illustrated with more than 70 photographs.

Environmental Management of River Basin Ecosystems Mu. Ramkumar, K. Kumaraswamy, R.

Mohanraj, 2015-02-18. This book offers a unique collection of inter- and multidisciplinary studies on river systems. Rivers have been the prime source of sustenance since the advent of civilization, and river systems often form the basis for agriculture, transport, water, and land for domestic, commercial, and industrial activities, fostering economic prosperity. A river basin is a basic geographical and climatological unit within which the vagaries of natural processes act and manifest themselves at different spatio-temporal scales. Even if compared side by side, no two river basins respond to natural processes in the same way, and thus it has long been recognized that each river basin is unique. Hence, any developmental activity or conservation effort has to be designed and implemented to match each unique river basin. With the burgeoning population and increasing dependency on natural resources, understanding and maintaining river systems has become increasingly important. This book provides a varied reference work on and unprecedented guidelines for conducting and implementing research on river basins and for managing their ecological development.

Precognitive Dreamwork and the Long Self Eric Wargo, 2021-03-02

Outlines a set of clear principles to help guide dreamworkers, illustrated through real precognitive dream experiences. Shows how to detect precognitive dreams through their characteristic features, explaining how dreams relate to memory and why dreams about future experiences are often symbolic or distorted. Explores the mind-blowing implications of precognition for our lives, including how our present thoughts actually shape or shaped our past. Once only the stuff of science fiction, evidence has grown that precognition glimpses of your future in dreams and visions, and being influenced subtly in waking life by what is to come, is real. Your future thoughts and feelings shape who you are now. And your present thoughts and feelings shape or shaped your past. In this accessible exploration of precognition, precognitive dreamwork, and a radically new biographical sensibility, the Long Self that precognition awakens us to, Eric Wargo shows how dreamworkers can play the role of citizen.

scientists adding to our understanding of this fascinating almost unexplored dimension of human life Wargo outlines a set of clear principles to guide dreamworkers each illustrated through real dreamers experiences Drawing on psychoanalysis and contemporary sleep science he explores how precognition relates to memory explaining why dreams of future experiences are often distorted and what those distortions probably mean He discusses never before described dream features including time gimmicks symbols hinting at time distortion and calendrical resonance the tendency of dreams to foretell experiences exactly a year or years later He describes why an understanding of precognition augments Jung s theory of synchronicity by highlighting our own role in producing meaningful coincidences in our waking lives He also shows how precognition manifests in other states of consciousness like lucid dreams out of body experiences trance states sleep paralysis meditation and hypnagogia We are at a major turning point in science s understanding of time causality and the self We are more than who we think we are from moment to moment we are our past present and future simultaneously When we understand this a dream journal becomes a personal time machine with mind blowing discoveries in store for the traveler The Cumulative Book Index ,1997 A world list of books in the English language *Toward Human Dignity* John W. Hanks,1978 *Following Isabella* Robert Root,2012-11-13 A world traveler Isabella Bird recorded her 1873 visit to Colorado Territory in her classic travel narrative *A Lady s Life in the Rocky Mountains* This work inspired Robert Root s own discovery of Colorado s Front Range following his move from the flatlands of Michigan In this elegantly written book Root retraces Bird s three month journey seeking to understand what Colorado meant to her and what it would come to mean for him *Following Isabella* is a work of intersecting histories Root interweaves an overview of Bird s life and work with regional history nature writing and his own travels to produce a uniquely informative and entertaining narrative He probes Bird s self transformation as her writing moved from private letters to published books and also draws on reflections of other authors of her day including Grace Greenwood and Helen Hunt Jackson Like Bird Root experiences his most fulfilling moments in the mountains climbing formidable Longs Peak living alone in the cabin of famed editor William Allen White and wandering wild landscapes Through reflections on earlier writers experiences and by weighing his own response to them Root learns not only how to come to Colorado as visitors so often do but more important how to stay Dissertation Abstracts International ,1997
