International Tables for Crystallography, Definition and Exchange of Crystallographic Data Sydney R. Hall, Theo Hahn, Brian McMahon, 1984 International Tables for Crystallography Volume G Definition and exchange of crystallographic data describes the standard data exchange and archival file format the Crystallographic Information File or CIF used throughout crystallography It provides in depth information vital for small molecule inorganic and macromolecular crystallographers mineralogists chemists materials scientists solid state physicists and others who wish to record or use the results of a single crystal or powder diffraction experiment The volume also provides the detailed data ontology necessary for programmers and database managers to design interoperable computer applications The accompanying CD ROM contains the CIF dictionaries in machine readable form and a collection of libraries and utility programs This volume is an essential guide and reference for programmers of crystallographic software data managers handling crystal structure information and practising crystallographers who need to use CIF

Reflection-in-Motion Jaclyn Fiscus-Cannaday, 2025-05-23 Reflection in Motion considers how reflective practice is embedded in daily course happenings centering the experiences of students and teachers in Minority Serving Institutions to amplify underrepresented viewpoints about how reflection works in the writing classroom Jaclyn Fiscus Cannaday examines how its availability is subject to teacher student power dynamics the literacies welcomed or not in the class the past and present pedagogies that students are engaging with and attending to and the interactions among humans materials and emotions within the rhetorical context She adopts an intersectional feminist perspective for an inclusive view of how practitioners name identify and practice reflection in the everyday moments of writing classrooms Fiscus Cannaday invokes a Black feminist qualitative research method that Venus Evans Winters calls a mosaic When researchers collect both traditional and nontraditional texts to create a full view of students and teachers interviews at three institutions a Hispanic Serving Institution a Historically Black College and University and an Asian American Native American Pacific Islander Serving Institution she finds that practitioners often build definitions from past experiences with reflection and then use those definitions as terministic screens to decide if an activity can be named identified and practiced as reflection These definitions hold different rhetorical effects reflection for introspection reflection for learning reflection for mindfulness and reflection for awareness Reflection is used for these different rhetorical effects but because classrooms so often focus on the Westernized view and its emphasis on growth reflection has the underused and undertheorized potential rhetorical effect of helping students investigate their identities and positionalities acknowledge deep rooted ideologies and consider new perspectives so they can better work across difference Reflection in Motion will inspire teachers and writing program administrators to listen to how students define and practice reflection and why thus making room for more capacious definitions of reflection and student centered practices of what reflection can do and be

Reflection Groups and Invariant Theory Richard Kane, 2001-06-21 Reflection groups and invariant theory is a branch

of mathematics that lies at the intersection between geometry and algebra The book contains a deep and elegant theory evolved from various graduate courses given by the author over the past 10 years The Handbook of Communication Skills Owen Hargie,1997 This fully revised 2nd ed is intended as a comprehensive volume on the subject of psychology has contributions from world leaders in their particular fields It will be of interest to a wide range of people including researchers students **Critical Reflection** Robert Malcolm Murray,Nebojsa Kujundzic,2005 In an era of information overload our need to learn how to critically evaluate the growing flood of information has never been greater Critical Reflection showcases the role of reason in a world saturated by media enhanced persuasion and complex scientific and technological jargon Drawing from the classic philosophical texts this engaging textbook on the art of analyzing arguments is also relevant to today s undergraduates in its use of real life examples and exercises drawn mainly from media and politics Malcolm Murray and Nebojsa Kujundzic cover the standard subjects in a one semester course on critical thinking offering ways to analyze arguments *Possibilities, Challenges, and Changes in English Teacher Education Today* Heidi L. Hallman,Kristen Pastore-Capuana,Donna L. Pasternak,2019-05-24 This book focuses on English teacher educators experiences concerning professionalization and teacher identity The term professionalization itself can be problematized Popkewitz 1994 as it connotes adherence to realities to professional norms that are based within particular histories Yet teacher educators must confront how to mentor prospective teachers into the field and how changes to the field manifest changes to what it means to be a professional In research about changes in English teacher education over the past twenty years Pasternak Caughlan Hallman Renzi and Rush 2017 presented five distinct foci of ELA programs that have evolved 1 changes to field experiences within teacher education programs 2 altered conceptions of teaching literature and literacy within the context of ELA 3 increased adherence to standardization 4 changing demographics of students in K 12 classrooms and 5 increased expectations for use of technology within ELA These foci impact how professionals in ELA are viewed both from inside and outside the profession and how they navigate these tensions in teacher education programs to define what it means to identify as an English teacher Throughout the book chapter authors articulate dilemmas that focus around professionalization and teacher identity questioning what it means to be an English teacher today While some chapters suggest methods for increased awareness of tensions within practice other chapters approach professionalization and teacher identity by asking what the limits of methods classes and teacher education might be in preparing ELA teachers and supporting them to remain in the profession Today s political environment devalues teachers and teaching a situation that has critics deriding the educational standards at institutes of higher education while concurrently lauding alternative programs that do not have to adhere to the same rigorous teacher certification requirements English teacher educators are now being asked to design programs soften requirements and recruit and mentor teacher candidates to a profession that in the past certified more new English teachers than it could employ The chapters in this book explore what it means to educate

and be an English teacher educator under these conditions **English and Reflective Writing Skills in Medicine** Clive Handler, Charlotte Handler, Deborah Gill, 2017-11-22 Reflective writing is an established and integral part of undergraduate medical curricula and also features in postgraduate medical education and revalidation This book guides and teaches medical students and all medical and paramedical staff through the process of writing reflective essays and less formal reflective pieces clearly concisely and accurately Sections on English writing skills alongside anonymised successful and unsuccessful examples of reflected essays explore both the principles and practice of effective writing This clear practical book is a valuable resource for medical undergraduates and postgraduates whether English be their first or an additional language
