Reflections Away With Words A Collection Of Poetry And Songs:

Reflections Robert C. Morrison, Glenda Morrison, 2008-04-28 The author plays with a hypnotic almost imperceptible undercurrent Poetry of love and tenderness is set against the unambiguous anguish of love and loss Tributes to life are blended with small barbs of disillusionment A truly beautiful and original work Reflections Away With Words is the author's catharsis for the whims of fate and fortune In the author's words I was a jock and guys weren't supposed to have feelings And no one had ever explained why It was like admitting something was wrong with me I'm not sure what I was looking for back then but I knew I felt that my direction was somewhere I'd never been In my mind I needed there to be more to my life something important Ideas to be heard questions to be asked honesty to be felt The book I think it all started on a match book cover Maybe it was a paper napkin Seeing it all now it's not the names or the places but the memories that are important It was a great trip From the oceans to the desert the mountains to the city lights And I wrote about my feelings and the feelings of lovers family and friends And as many rainbows that lent a smile there were just as many to steal a frown For whatever reason good or bad I find the words that built the thoughts more meaningful now And every day there are new ones You can't explain many of them Everyone has them but few will admit them Especially the negative side But admitting the pain as well as the happiness is positive See if you can't find a moment to relate to The Songs of Jean Sibelius Gustav Djupsjöbacka, 2023 A landmark in Sibelius scholarship this is the first book that presents all of Sibelius's solo art songs in their musical and aesthetic context Indispensable for scholars and performers alike This is the first book to discuss the complete solo art songs of Jean Sibelius and to locate them in their musical literary and artistic context The book is organized around the poets Sibelius set to music and the literary themes associated with them thus providing invaluable information for the scholar student and performer The musical and aesthetic contextualisation of the songs will help to enable new interpretations on the performance stage *The Art of Living On* Dorcas Meaney, 2024 This book is an invaluable resource for anyone seeking to understand their grief find solace in their suffering and discover joy and meaning in the aftermath of loss Join countless others on this journey of healing and hope and find the strength to live on with love and gratitude Perfect for readers of grief counseling books those seeking comfort after the loss of a loved one or anyone looking to understand the complex emotions of bereavement *The Art of Living On Rebuilding Your Life After Loss* is a beacon of hope in the darkest of times Through a combination of personal anecdotes reflective journal prompts and practical strategies this book serves as a compassionate companion for anyone grappling with their own grief It addresses the challenges of mourning from dealing with the initial shock and pain to finding ways to honor the memory of lost loved ones all while fostering personal growth and resilience **German Secular Song-books of the Mid-seventeenth Century: An Examination of the Texts in Collections of Songs Published in the German-language Area Between 1624 and 1660** Anthony J. Harper, 2024-11-01 This title was first published in 2003 The secular song of the 17th century represents a relatively neglected area of German

A.C. Swinburne and the Singing Word Yisrael Levin, 2016-03-16 Focusing on Algernon Charles Swinburne's later writings this collection makes a case for the seriousness and significance of the writer's mature work While Swinburne's scandalous early poetry has received considerable critical attention the thoughtful rich spiritually and politically informed poetry that began to emerge in his thirties has been generally neglected This volume addresses the need for a fuller understanding of Swinburne's career that includes his fiction aesthetic ideology and analyses of Shakespeare and the great French writers Among the key features of the collection is the contextualizing of Swinburne's

work in new contexts such as Victorian mythography continental aestheticism positivism and empiricism Individual essays examine among other topics the dialect poems and Swinburne's position as a regional poet Swinburne as a transition figure from nineteenth century aesthetic writing to the professionalized criticism that dominates the twentieth century Swinburne's participation in the French literary scene Swinburne's friendships with women writers and the selections made for anthologies from the nineteenth century to the present Taken together the essays offer scholars a richer portrait of Swinburne's importance as a poet critic and fiction writer
