Reflections In The Stream Of Life:

Reflections in the Stream of Life Harold R. Blaine, 1977-09 *Reflections in a Stream* Edna Jones, 2018-01-19 Judith Early came to Balsam Ridge as a privileged only child of affluent Boston parents to locate the love of her life A decade has passed transforming her from a pampered young woman to that of a loving wife a loyal friend and a competent nurse with her husband Dr Jim Bradley The journey from seeing herself as a short term visitor to putting down deep roots of contentment in this isolated mountain community was not without struggle Now facing one of those defining moments without warning Judith's contented life is tragically uprooted overnight Like the mountain streams when encountering those unmovable boulders she must now find a new course in moving forward Where will she go What will she do There is nothing left It would seem even God has abandoned her **Catalog of Copyright Entries. Cosmogonic Reflections: Selected Aphorisms from Ludwig Klages Ludwig Klages, 2015-06-15 This book is a selection of aphorisms and reflections excerpted from the voluminous works of the German philosopher and psychologist Ludwig Klages He was a fierce critic of what he saw as the lack of quality in the modern world which he held to be a product of modern ideas and organised Christianity in our era For Klages the world is divided between life affirming beliefs that venerate nature and those anti natural forces that promote materialism and rationalism To overcome these anti life forces Klages wished to return European consciousness back to its pagan roots and renew the link between man and sacred nature He opposed technocratic rationalism illusions of progress and democracy which he believed to be antithetical to true culture His aphorisms defend paganism and a healthy Eros for a renewed future A pagan metaphysical system would not be philosophy as one understands that word today i e the hair splitting rehashing of such life alien concepts as would be appropriate to the lecture hall nor would it be characterized by that sort of factitious profundity that seeks to conceal its utter inability to solve the riddles of thought behind a veil of second rate poetic fables Neither should a genuine pagan metaphysics resemble that which passes for science in the modern world Before we can discover truths that go to the very roots we must possess a greater fund of inwardness than can be discerned in those thinkers who for at least the last five hundred years have expended their energies exclusively within the realm of reason p 143

Storytelling: Global Reflections on Narrative Tracy Ann Hayes, Theresa Edlmann, Laurinda Brown, 2019-05-15 This book is a collection of papers from an international inter disciplinary conference focusing on storytelling and human life The chapters in this volume provide unique accounts of how stories shape the narratives and discourses of people's lives and work and those of their families and broader social networks From making sense of history to documenting biographies and current pedagogical approaches to exploring current and emerging spatial and media trends this book explores the possibilities of narrative approaches as a theoretical scaffold across numerous disciplines and in diverse contexts Central to all the chapters is the idea of stories being a creative and reflexive means to make sense of people's past current realities and

Reflections of the One Life Scott Kiloby, 2014-11-07 Reflections on the One Life is a book of daily expressions or pointers to spiritual awakening one pointer for each day of the year The clarity is astounding This demystifies spiritual awakening strips it of all fundamentalism and presents it in a clear and easy to read way This is about the timeless presence that you already are Each pointer peels away beliefs positions and ideas about spirituality including the idea that you exist as a separate self only to reveal in the end that nothing is excluded Its central message is that there is only One Life appearing in a myriad of forms You are that One Life This is when the distinctions between absolute and relative form and formlessness timelessness and time no self and self One
