Reflections On The Encyclical The Splendor Of Truth:

Reflections on the Encyclical Albert J. Shamon, 1994 **Reflections on the Encyclical Veritatis Splendor**, 1995 In August of 1993 Pope John Paul II issued *The Splendor of Truth*. The importance of the teachings in this encyclical cannot be emphasized enough. Father Albert Shamon has authored this book in order to help the layman understand the content of the encyclical. He summarizes the document and its teachings in everyday terms and situations. Here is a book that provides examples of the facets and controversies of our current society in the light of the Holy Father's teaching. *The Child in American Evangelicalism and the Problem of Affluence* David A. Sims, 2009-06-01 This work presents an evangelical theology of the child nurtured in the context of American evangelicalism and affluence. It employs an eclectic theological critical method to produce a theological anthropology of the affluent American evangelical child (AAEC) through interdisciplinary evangelical engagement of American history, sociology, and economics. Sims articulates how affluence constitutes a significant impediment to evangelical nurture of the AAEC in the discipline and instruction of the Lord. Thus the problem he addresses is nurture in evangelical affluence conceived as a theological anthropological problem. Nurture in the cultural matrices of the evangelical affluence generated by technological consumer capitalism in the U.S. impedes spiritual and moral formation of the AAEC for discipleship in the way of the cross. This impediment risks disciplinary formation of the AAEC for capitalist culture cultivates delusional belief that life consists in an abundance of possessions and hinders the practice of evangelical liberation of the poor on humanity's underside. The result is the AAEC's spiritual moral lack in late modernity. Chapter 1 introduces the problem of the AAEC. Chapters 2 and 3 provide a diachronic lens for the theological anthropology of the AAEC through critical assessment of the theological anthropologies of the child in Jonathan Edwards, Horace Bushnell, and Lawrence Richards. Chapters 4 and 5 constitute the synchronic perspective of the AAEC. Chapter 4 presents an evangelical sociology of the AAEC drawing upon William Corsaro's theory of interpretive reproductions, and chapter 5 constructs an evangelical theology of the AAEC through critical interaction with John Schneider's moral theology of affluence. Chapter 6 whither the AAEC concludes with a recapitulation of the work and a forecast of possible futures for the AAEC in the twenty-first century. **Renewing the Mind** Ryan N.S. The Promise of Lutheran Ethics Karen L. Bloomquist, John R. Stumme, 1998-08-01 Here ten Lutheran theologians explore Lutheran emphases themes and approaches to offer their account of Christian ethics as a way of life in today's world Writing in dialogue they raise foundational concerns of biblical and theological sources and norms of Christian freedom and responsibility of call and social witness of justice and formation in prayer Then in a lively Table Talk the participants discuss and debate the tradition's insights and oversights and show how it might illumine today's burning ethical issues such as homosexuality

The Moral Wisdom of the Catholic Church Robert Spitzer, 2022-11-01 Jesus said The truth will set you free Father Spitzer lays bare the theological and philosophical roots of Catholic morality and also uses secular statistical studies to demonstrate that these teachings even from a scientific standpoint help human beings to flourish Gathering data from universities general psychiatry medical institutes and general survey organizations such as Pew Research Gallup Research and Harris Poll this book shows that going against foundational Christian doctrines from marriage to the sanctity of unborn life leads to significant increases in depression anxiety substance abuse familial tensions suicidal contemplation The numbers speak for themselves Many people today particularly the young are embarrassed by the Church's moral teaching For them it is only an outdated expression of hatred or disgust Yet nothing could be further from the truth Sin is what degrades man and kills his joy and a moral life is a life of love If we tell the truth about destructive lifestyles we can rescue our loved ones from a life of darkness helping to bring about a shift in our culture With scientific clarity this work provides readers everything they need to know to speak credibly effectively and persuasively about the most controversial moral issues

The Perspective of Love R. J. Snell, 2014-04-21 While many of the Reformers considered natural law unproblematic many Protestants consider natural law a Catholic thing and not persuasive Natural law it is thought competes with the Gospel overlooks the centrality of Christ posits a domain of pure nature and overlooks the noetic effects of sin This Protestant Prejudice however strong overlooks developments in contemporary natural law quite capable and willing to incorporate the usual objections into natural law While the natural law itself is universal and invariant theories about the natural law vary widely The Protestant Prejudice may respond to natural law understood from within the modes of common sense and classical metaphysics but largely overlooks contemporary natural law beginning from the first person account of subjectivity

and practical reason Consequently the sophisticated thought of John Paul II Martin Rhonheimer Germain Grisez and John Finnis is overlooked Further the work of Bernard Lonergan allows for a natural law admitting of noetic sin eagerly incorporating grace community the limits of history a real but limited autonomy and the centrality of Christ in a natural law that is both graced and natural

Aquinas's Eschatological Ethics and the Virtue of Temperance Matthew Levering, 2019-11-15 Matthew Levering offers a biblical and Thomistic portrait of the cardinal virtue of temperance and its allied virtues in dialogue with an ecumenical range of theologians and scholars In Aquinas's Eschatological Ethics and the Virtue of Temperance Levering argues that Catholic ethics make sense only in light of the biblical worldview that Jesus has inaugurated the kingdom of God by pouring out his spirit Jesus has made it possible for us to know and obey God's law for human flourishing as individuals and communities He has reoriented our lives toward the goal of beatific communion with him in charity which affects the exercise of the moral virtues that pertain to human flourishing Without the context of the inaugurated kingdom Catholic ethics as traditionally conceived will seem like an effort to find a middle ground between legalistic rigorism and relativistic laxism which is especially the case with the virtue of temperance the focus of Levering's book After an opening chapter on the eschatological biblical character of Catholic ethics the ensuing chapters engage Aquinas's theology of temperance in the Summa theologiae which identifies and examines a number of virtues associated with temperance Levering demonstrates that the theology of temperance is profoundly biblical and that Aquinas's theology of temperance relies for its intelligibility upon Christ's inauguration of the kingdom of God as the graced fulfillment of our created nature The book develops new vistas for scholars and students interested in moral theology

The Sense of the Faith in History John J. Burkhard, 2022-02-05 2023 Catholic Media Association Second Place Award Theology History of Theology Church Fathers and Mothers While taught by Vatican II the sense of the faith *sensus fidei* has had little official impact in the Catholic Church What would the church look like if it took this conciliar teaching to heart To address this neglect John Burkhard locates the historical roots of the teaching and its emergence at Vatican II It attempts to better understand the sense of the faith in the light of other fundamental teachings of the council and challenges the hierarchical church to invite all the faithful to rightfully participate in the prophetic ministry of the whole church closely allied with Pope Francis's call for a more synodal church

The Identity of Christian Morality Ann Marie Mealey, 2016-03-03 This book argues that moral theology has yet to embrace the recommendations of the Second Vatican Council concerning the ways in which it is to be renewed One of the reasons for this is the lack of consensus between theologians regarding the nature content and uniqueness of Christian morality After highlighting the strengths and weaknesses of the so called autonomy and faith ethic schools of thought Mealey argues that there is little dividing them and that in some instances both schools are simply defending one aspect of a hermeneutical dialectic In an attempt to move away from the divisions between proponents of the faith ethic and autonomy positions Mealey enlists the help of the hermeneutical theory of Paul Ricoeur She argues that many of the disagreements arising from the Christian proprium debate can be overcome if scholars look to the possibilities opened up by Ricoeur's hermeneutics of interpretation Mealey also argues that the uniqueness of Christian morality is more adequately explained in terms of a specific identity self that is constantly subject to change and revision in light of many often conflicting moral sources She advocates a move away from attempts to explain the uniqueness of Christian morality in terms of one specific unchanging context motivation norm divine command or value By embracing the possibilities opened up by Ricoeurian hermeneutics Mealey explains how concepts such as revelation tradition orthodoxy and moral conscience may be understood in a hermeneutical way without being deemed sectarian or unorthodox
