Reflections Three Put Them In Cages:

John Cage's Theatre Pieces William Fetterman, 2012-10-12 The experimental composer John Cage 1912 1992 is best known for his works in percussion prepared piano and electronic music but he is also acknowledged to be one of the most significant figures in 20th century theatre In Cage's work in theatre composition there is a blurring of the distinctions between music dance literature art and everyday life Here William Fetterman examines the majority of those compositions by Cage which are aural as well as visual in content beginning with his first work in this genre in 1952 and continuing through 1992 Much of the information in this study comes from previously undocumented material discovered among the unpublished scores and notes of Cage and his frequent collaborator David Tudor as well as author's interviews with Cage and with individuals closely associated with his work including David Tudor Merce Cunningham Bonnie Bird Mary Caroline Richards and Ellsworth Snyder Writings through John Cage's Music, Poetry, and Art David W. Bernstein, Christopher

Hatch, 2010-06-15 This volume looks at the creative work of the great avant gardist John Cage from an exciting interdisciplinary perspective exploring his activities as a composer performer thinker and artist The essays in this collection grew out of a pivotal gathering during which a spectrum of participants including composers music scholars and visual artists literary critics poets and filmmakers convened to examine Cage's extraordinary artistic legacy Beginning with David Bernstein's introductory essay on the reception of Cage's music the volume addresses topics ranging from Cage's reluctance to discuss his homosexuality to his work as a performer and musician and his forward looking provocative experimentation with electronic and other media Several of the essays draw upon previously unseen sketches and other source materials Also included are transcripts of lively panel discussions among some of Cage's former colleagues Taken together this collection is a much needed contribution to the study of one of the most significant American artists of the twentieth century *A Fourth Reader, of a Grade Between the Third and Fourth Readers of the School and Family Series* Marcius Willson, 1866 **The**

The Cage David Weissman,2012-02-01 Hume argued that is does not entail ought that we cannot infer necessity or obligation from any

description of actual states of affairs His philosophical heirs continue to argue that nothing outside ourselves constrains us The Cage maintains contrary to Humean tradition that reality is a set of nested contexts each distinguished by intrinsic norms Author David Weissman offers an innovative exploration of these norms intrinsic to human life including practical affairs morals aesthetics and culture In this critical examination of character formation and the conditions for freedom Weissman suggests that eliminating context because of regarding it as an impediment to freedom impoverishes character and reduces freedom He concludes that positive freedom the freedom to choose and to act has no leverage apart from the contexts where character forms and circumstances provide opportunities to express one's thoughts tastes or talents
