Reform And Development In Dengs China:

Political Economy Of Deng's Nanxun, The: Breakthrough In China's Reform And Development John Wong, 2014-03-12 This volume is about the political economy of Deng Xiaoping's Nanxun tour of South China which was the most critical phase in China's reform and development since 1978. The first round of Deng's reform resulted in high growth through the 1980s. However, it created a messy half-reformed economy with many problems, including the Tiananmen incident. The immediate aftermath of the Tiananmen was a collapse of economic growth and a reform deadlock. To break out from this low-level reform growth trap, Deng decided to launch the Nanxun, not just to reignite the reform but also to complete China's march towards a market economy. Looking back, the Nanxun led to the most crucial reform breakthrough, which in turn sparked off a dynamic reform growth nexus for China's eventual economic take-off. The chapters in this volume were originally policy reports on China meant for the Singapore government. These reports were written based on the information available at that time and reflected the prevailing political mood. Each chapter is accompanied by a detailed introduction that is aimed at providing a broad background for readers to better understand the Nanxun period. The introduction also serves as a post-evaluation of the events based on new information and shows how those events have evolved over the years. In combination, these chapters should piece together a reasonably realistic picture of the basic politics and economics of the crucial Nanxun period.

Reform and Development in Deng's China (Miller Center Series on Asian Political Leadership) Shao Chuan Leng, 1994-05-24 Looks back on the economic reforms and political liberalization that Deng Xiaoping instituted after his rise to power in 1978 and analyzes the effects these reforms will have on China's future. Contributors address subjects such as China's military reforms, changes in the legal system, China's role in world affairs, and Chinese society under Deng. Annotation copyright by Book News Inc, Portland, OR. [Ideology and Economic Reform Under Deng Xiaoping 1978-1993](#) Wei-Wei Zhang, 2013-02-01 First published in 1996. Is ideology still relevant in post-Mao China? Deng Xiaoping's wide-ranging economic reforms have led to declarations that ideology in China is merely a cynical sham or already dead, but a closer look at China seems to suggest a constant conflict of different ideologies associated with the profound transformation of the Chinese society since 1978. This study is an attempt to explore the interactions between major ideological currents and economic reforms. [The Nanxun Legacy And China's Development In The Post-deng Era](#) John Wong, Yongnian Zheng, 2001-06-14 In the spring of 1992, Deng Xiaoping made a historical tour of south China, popularly known as the Nanxun southern tour. During the tour, he boldly called for more radical economic reform and further opening up of China. The Nanxun has become a political landmark in the history of the People's Republic of China, much like great events such as the Great Leap Forward, the Cultural Revolution, and the 1989 Tiananmen crackdown. Deng Xiaoping has left his own legacy for the country. The Nanxun belongs to Deng just as the 1911 revolution belongs to Sun Yat-sen and the communist revolution to Mao Zedong. In this collection of articles, leading China scholars and experts analyze how the Nanxun has sparked off

dynamic economic growth in China and drastically changed the political and social landscape of the country **The Political Economy of Deng's Nanxun** John Wong, 2014 This volume is about the political economy of Deng Xiaoping's Nanxun tour of South China which was the most critical phase in China's reform and development since 1978. University Autonomy, the State and Social Change in China Su-Yan Pan, 2009-03-01 This book explores the role of universities in responding to ongoing changes in China and in shaping the relations between the university and the state during periods of social change. Tsinghua University is selected as a case study to inform this important issue. By tracing the changes and continuities Tsinghua has experienced since 1911, this book gives an in-depth analysis of how the university strives to maintain autonomy while taking a leading role in implementing China's policy of higher education. By drawing on a vast literature of higher education theories, the book offers original insights into the university-state relationship and provides a new understanding on the complexities China faces in the era when the country is becoming a key global actor. *Social and Political Development in Post-reform China* K. Mok, 1999-10-11 This book is a sociological study of how economic reforms started in the late 1970s have affected people's life in China. The book is based upon the author's recent research projects conducted in mainland China. The unique feature of the book is not only based upon qualitative analysis but also quantitative data, the integration of which can enhance readers' understanding of current social and political developments in post-Mao China. In

particular the book aims to depict a context and sociological framework for the analysis of the dynamic and interactive processes between economic social and political fronts *China in the Era of Deng Xiaoping: A Decade of Reform* M.Y.M. Kau, Susan H. Marsh, Michael Ying-mao Kau, 2016-09-16 This is a reference on the ten years 1978 to 1987 of Deng Xiaoping's power in China. It also offers the views of Sinologists of the time. The concluding section examines policy implications arising from Deng's rule for the four great East Asian powers

Construction Of Democracy, The: China's Theory, Strategy And Agenda Shangli Lin, 2021-02-05 The book expounds on the role played by democracy in China's revolution and modernization led by the Communist Party of China (CPC) and how the CPC in both its party building and state building has constantly sought to leverage democracy's positive functions while avoiding its shortcomings. Special attention is paid to reconstructing and explaining the historical contexts from which the Party's theoretical innovations have emerged, thus offering readers insights into the inner political logic that has shaped China's development. The author, a member of the Party's senior policy panel, offers a perceptive analysis of the modernization of the country and its governing capacity and provides a clear assessment of how democracy in China has developed with the times. Always bearing the big picture in mind, the author has not shied away from some of the more controversial parts of China's recent history and his deep understanding of relevant Party documents and historical facts give strong support to his analyses. He concludes that the Party is central to leading the nation to explore its path of socialism with Chinese characteristics and that the country has always emerged stronger after setbacks

Rising China in the Changing World Economy Liming Wang, 2012-03-12 China's rapid and sustained growth over last thirty years has propelled it to become the world's second largest economy today and potentially the largest in the foreseeable future. As one of the first major economies pulling out of recession and the last remaining major socialist country in the world today, China presents a challenge to established thinking on the essential primacy of global capitalism and the settled nature of the world system as China becomes more integrated into the world economy and the international system, both are themselves potentially transformed as a result of China's involvement. This book explores a wide range of issues connected with the impact of China on the global economy and the prevailing international system. Subjects covered include China's multinationals, international acquisitions, the exchange rate, research and development, and technology transfer. China's emerging major business groupings and small and medium-sized enterprises

China's Leaders David Shambaugh, 2021-06-25 Since the founding of the People's Republic of China over 70 years ago, five paramount leaders have shaped the fates and fortunes of the nation and the ruling Chinese Communist Party: Mao Zedong, Deng Xiaoping, Jiang Zemin, Hu Jintao, and Xi Jinping. Under their leaderships, China has undergone an extraordinary transformation from an undeveloped and insular country to a comprehensive world power. In this definitive study, renowned Sinologist David Shambaugh offers a refreshing account of China's dramatic post-revolutionary history through the prism of those who ruled it. Exploring the persona, formative socialization, psychology, and professional experiences of each leader, Shambaugh shows

how their differing leadership styles and tactics of rule shaped China domestically and internationally Mao was a populist tyrant Deng a pragmatic Leninist Jiang a bureaucratic politician Hu a technocratic apparatchik and Xi a modern emperor Covering the full scope of these leaders personalities and power this is an illuminating guide to China's modern history and understanding how China has become the superpower of today Also available as an audiobook **Transition Towards**

Post-Deng China Xiaobo Hu, Gang Lin, 2001 This volume features the perspective of a new generation of younger China scholars men and women who themselves grew up in China but earned their PhDs overseas **THE CHINESE PATH**

Xinyuan He, 2023-09-18 Since the Opium War of 1840 China has pioneered a uniquely Chinese Path to modernization created a new model for human advancement and expanded the channels for developing countries to achieve modernization The formation and extension of the Chinese Path shows that modernization need not mean Westernization By reviewing the marvels that have taken place in the evolution of the Path the book reveals the inevitability of the formation of the Chinese Path highlights its uniqueness advantages and dynamics and its relevance for humanity's search for alternative ways to successfully modernize It provides both a diachronic account of the intrinsic vitality and a synchronic interpretation of the superiority of the Chinese Path despite the so many twists and turns China has gone through The message it delivers is loud and clear the Chinese Path which is completely different from the Western path to modernization is a sure path to realizing the rejuvenation and modernization of the Chinese nation and offers a Chinese approach to solving problems facing humankind **Discovering Chinese Nationalism in China** Yongnian Zheng, 1999-04-28 This book explores the revival of

Chinese nationalism in the 1990s and analyses the ways in which the West deals with this phenomenon Yongnian Zheng discusses the complicated nature of China's new nationalism and presents the reader with a very different picture to that portrayed in Western readings of Chinese nationalism He argues that China's new nationalism has been a reaction to changes in the country's international circumstances and can be regarded as a voice over the existing unjustified international order Zheng shows that the present Chinese leadership is pursuing strategies not to isolate China but to integrate it into the international community Based on the author's extensive research in China the book provides a set of provocative arguments against prevailing Western attitudes to and perceptions of China's nationalism **Reform,**

Legitimacy And Dilemmas: China's Politics And Society Gungwu Wang, Yongnian Zheng, 2001-02-06 How has China's post Deng leadership governed the country How have the changing social and political environments shifted the bases of political legitimacy What strategies has Jiang Zemin adopted to cope with new circumstances in order to strengthen his leadership What are the challenges these new reform measures have generated for the leadership And how have domestic concerns constrained the leadership's intention in China's foreign relations These are some of the questions which this volume attempts to address The authors agree that Jiang Zemin is not a man without any political initiative He has struggled to establish his own style of leadership and to strengthen the legitimacy of his leadership by setting forth new rules and

institutions for political games and by finding new measures to cope with new challenges This collection of articles shows the success Jiang and his colleagues have had in strengthening their leadership how the different reform measures have strengthened Jiang's rule and how the ongoing reform has created new challenges for his regime

Civil-Military Relations in Post-Deng China Nan Li, 2020-10-01 This book demonstrates that civil military relations have evolved beyond symbiosis to quasi institutionalization in post Deng Xiaoping China As the People's Liberation Army PLA is a Leninist party army it is commonly assumed that the relationship between the Chinese Communist Party CCP and the PLA is symbiotic and institutional boundaries based on a clear functional division of labor are absent between the two This symbiosis suggests that the primary role of the PLA is in China's domestic politics it is to participate in intra CCP leadership power struggle and in defending the CCP regime against popular rebellions from within Chinese society By analyzing major changes in the functions of the PLA political commissar system the extent of the PLA involvement in the power struggle of the CCP leadership and the circulation of elites across civil military institutional boundaries this book offers a new theoretical explanation of civil military relations in China It also discusses the implications of the findings for China's domestic politics and foreign policy

Foreign Aid in China Hong Zhou, Jun Zhang, Min Zhang, 2014-10-16 Foreign aid has connected China and the international community through many channels and created new types of strong partnerships throughout the world As a recipient country China and donors have engaged in an unprecedentedly deep level of cooperation on development related issues China's development experience has resulted in key changes to the relationships and partnerships between China and donors from receiving foreign aid to entering into development cooperation China has provided valuable experiences for other developing countries experiences that are all the more relevant because they have revealed key factors at work in developing recipient countries This has also led China to form closer cooperative relationships with other developing countries with regard to development issues In short foreign aid has changed China

China's Reform: History, Logic, and Future Guoqiang Tian, Xudong Chen, 2022-10-03 This book is about where to go and what to do in China's reform Its comprehensive overview and economic analysis of China's reform offers a coverage not found in other English language text It provides an overview of China's development and reform practice an economic analysis of China's market oriented reform and a brief introduction to the theoretical origin practices and defects of the planned economy In so doing this book demonstrates that the key to the success of China's reform lies in drawing reasonable governance boundaries between government and the market and between government and society It further discusses the basic elements required for modernizing China's state governance system and conducts an analysis of China's reform and development in 13 key fields The analysis is based on three dimensions theoretical logic practical knowledge and a historical perspective This book proposes three elements of comprehensive state governance inclusive economic institutions the state capacity to plan and implement policies and laws and an inclusive and transparent civil society with democracy the rule of law fairness and justice

Its analysis also features the novel application of mechanism design theory by employing the two core ideas of information and incentives and a new research methodology consisting of three dimensions and six natures This book reviews and grasps China s reform through a qualitative analysis of economic theories and an empirical analysis of statistics from a historical perspective spanning over 180 years It is proposed to be an important reference for understanding the past present and future of China s reform and teaching about the potential economic superpower It can also serve as an essential resource for those who are interested in China s economic reform and development
