

The background is a Western-themed illustration. A cowboy in a dark coat and hat stands on a set of railroad tracks that recede into the distance. The scene is set at sunset or sunrise, with a bright, glowing yellow and orange sky. In the background, there are silhouettes of desert mountains, cacti, and a fence. The overall mood is somber and dramatic.

google books **Beyond the Time Frame** Lee Read,2024-08-16 Roman a young man finds out how to travel back in time through a movable wooden doorframe The frame works as a time portal when electric current is applied to the copper coils that run along the sides of the frame Roman decides to use this as a way to get rid of the gangsters who killed his father by luring them into the frame and then sending them into the past and leaving them there However things are not as simple as they seem as each of the men end up in different historical periods but alter history as they try to return to the present This is a sometimes funny story of some violent men who have to face a twenty one year old computer technician as well as compete to be the best in their own world of drug trafficking and ruthless treacherous and dishonest criminal activity **To Speak in Pairs** James J. Fox,2006-11-02 This collection of essays is a major contribution to the study of oral composition and ritual communication and in particular to the use of parallelism the poetic ordering of words and phrases in alternative duplicate form The introduction by James J Fox sets the topic in historical perspective beginning with Robert Lowth s introduction of the term parallelism in 1753 in his study of biblical language demonstrating that what was once viewed as a form of composition unique to Ancient Hebrew is a feature common to many literatures around the world The volume thus presents a remarkable picture of life in eastern Indonesia which is both valuable in itself and useful for comparative analysis All of the essays contain original texts with translations together with detailed commentaries on their content and the context of their performance The study of parallelism and its use in situations of formal communication has been receiving increasing attention from anthropologists linguists and all those interested in oral literature as a topic of real theoretical and ethnographic interest To Speak in Pairs represents an important advance in the study of oral literature in context Civilian
