New Wine, New Wineskins William C. Mattison III, 2005-06-03 New Wine New Wineskins A Next Generation Reflects on Key Issues in Catholic Moral Theology offers a snapshot of how the new generation of Catholic moral theologians understands not only topics in the field but the effects of their own identity and formation on their treatment **The Church in the Making** Richard R. Gaillardetz, 2006 Vatican II has become a place marker in the ecclesiastical and ideological geography of contemporary Catholicism Yet forty years later few who refer to the council and its teachings whether with approval or criticism demonstrate a solid grasp of those teachings Even fewer are aware of the important debates that have taken place in the past four decades regarding the council's authentic reception and implementation of its documents

The Vision of Vatican II Ormond Rush, 2019-08-26 2020 Catholic Press Association first place award theology theological and philosophical studies This book is unique in the literature about Vatican II From the manifold issues debated at the council and formulated in its sixteen documents Ormond Rush proposes that the salient features of the vision of Vatican II can be captured in twenty four principles He concludes by proposing that these principles can function as criteria for assessing the reception of the conciliar vision over the last five decades and into the future There is no other book that attempts such a comprehensive synthesis of the council's vision for renewal and reform of the Catholic Church *Religious Life* Loan Le, 2016-06-22 Following the Second Vatican Council when each Religious Institute was encouraged to research its charism some Institutes experienced a tension between their charism and their mission or even difficulty identifying what their charism was This book is a study of the theological understanding of charism and of mission in relation to Religious Life within the Catholic Church While this topic has featured in much Roman Catholic theological literature since Vatican II there appears to be a dearth of in depth studies This book addresses this apparent lacuna It draws particularly on the work of two major theologians Jean Marie Roger Tillard OP and Sandra Marie Schneiders IHM who have reflected at length on charism and mission in the period leading up to Vatican II and on the implementation of its documents with respect to Religious Life The very significant contributions of Tillard and Schneiders on the topic provide Religious as well as others who want to know and understand Religious Life with an interesting and motivating insight into charism and mission in Religious Life Within the Roman Catholic Church a Year of Consecrated Life has just drawn to a close and this book forms a background and a response to Pope Francis Apostolic Letter to all Consecrated People on the occasion of the Year of Consecrated Life November 2014 which invited Religious to reflect on these aspects that are essential to the life they have chosen to live

The Eyes of Faith Ormond Rush, 2009 Winner of the 2010 Lynlea Rodger Australia Theological Form ATF Press Theological Book Prize The Eyes of Faith presents a systematic theology of the sense of the faithful *sensus fidelium* and shows the fundamental and necessary interrelationship between *sensus fidelium* tradition Scripture theology and the

magisterium Ormond Rush provides fresh perspectives on a number of issues He proposes that tradition and Scripture are the products of the *sensus fidelium* and that the inspiration of Scripture is best understood in terms of the Holy Spirit working through the *sensus fidelium* In addressing the role of the *sensus fidei* in the lives of individual believers the book provides a unique approach to the way Christians make sense of their faith within the diverse contexts of daily life It shows how the imaginative capacity of the *sensus fidei* forms a foundational notion for understanding the diversity of spiritualities inculturations and contextualizations of the Gospel in the history of the church up to the present This ecclesial activity of interpreting the Christ event through the *sensus fidelium* enables the church to proclaim the Gospel in new times and cultures throughout history The Eyes of Faith proposes that for an effective teaching of the faith to contemporary Christians the distinctive roles of the magisterium and of theology must be conceived primarily in terms of and in relationship to the ecclesial Spirit given capacity of the *sensus fidelium*

ABOUT THE AUTHOR Ormond Rush is lecturer of theology and former president of St Paul's Theological College in Banyo Australia and is president of the Australian Catholic Theological Association He is the author of *Still Interpreting Vatican II Some Hermeneutical Principles and The Reception of Doctrine An Appropriation of Hans Robert Jauss Reception Aesthetics and Literary Hermeneutics*

PRAISE FOR THE BOOK In addition to its internal argumentation the book's extensive footnotes Scriptural references and Church documents will make it a tremendously valuable tool for advanced researchers in several theological areas including pneumatology ecclesiology Scripture studies and hermeneutics Highly recommended C A Montevecchio *Choice* Some works of scholarship stand out providing a point of reference and showing the way forward Orm Rush's study is in this class and it is not surprising that its first release by CUA Press is a splendid hardback volume This work makes a significant contribution to Catholic Theology Rev John Thornhill SM *The Australasian Catholic Record* Rush provides a theologically perceptive panorama of the *sensus fidelium* at work in the church under the guidance of the Holy Spirit In addition to offering numerous insights usually beneficial and sometimes provocative Rush's study is extraordinarily well researched This volume is an outstandingly creative and comprehensive theological study of the grace of the Holy Spirit acting through the *sensus fidelium* in the reception of revelation in the church John Ford CSC *Theological Studies* Rush has here provided us with a sophisticated study of theological hermeneutics as well as a foundational work in ecclesiology Lawrence S Cunningham *Commonweal* This detailed and well argued book explores the phenomenon of reception in both the Bible and in contemporary Roman Catholic tradition An insightful study for those interested in the newest wave of Roman Catholic dogmatic theology which tends to draw deeply from biblical sources as well as Vatican teaching this book genuinely advances discussions of the doctrine of reception Aaron Klink *Religious Studies Review*

Introducing the Practice of Ministry Kathleen A. Cahalan, 2010-08-01

Ministry is often examined in terms of who the minister is not what the minister does But the vocation to ministry must be understood as a call to identity as well as to practice one that is rooted in Jesus' life and ministry as well as the Spirit's

charisms InIntroducing the Practice of Ministry Kathleen A Cahalan defines ministerial leadership as carried out through the practices of teaching preaching pastoral care worship social ministry and administration for the sake of nurturing the life of discipleship in the community of believers In her examination of charisms for each of the practices of ministry Cahalan presents readers with a Trinitarian foundation noting that the practices of discipleship and ministry have their origin in the very practices of God Kathleen A Cahalan is associate professor of theology at Saint John s University School of Theology Seminary in Collegeville Minnesota She is author of Formed in the Image of Christ The Sacramental Moral Theology of Bernard H ring Liturgical Press 2004 and Projects That Matter Successful Planning and Evaluation for Religious Organizations Alban Institute 2003 She is the past president of the Association of Practical Theology

Saving Church
 Martyn Atkins,Ken Carter,2024-01-16 The 21st century Church is in a state of distress In the pulpit and the pews people are disquieted disenchanted and dispirited Some are afraid the church they love won t be there for the next generation while others feel tired and desperate for something more With skepticism on the rise and church attendance down churches have a choice cling to the way things were or stop and ask Could God want to do something new in and through us Saving Church is a hopeful authentic vision for the future of the Church rooted in the convictions that 1 The Church is still God s chosen vehicle for accomplishing His purposes 2 Things aren t going back to the way they were and they shouldn t Combining the expertise and experiences of two giants of missional theology and the Fresh Expressions movement Saving Church will give you a fresh perspective on what church can be and help you reframe retrieve and reclaim the Church s role as a healing saving force in the world Through storytelling biblical anecdotes and honest experience you will walk away excited for the future with A healthy theology of mission that makes you want to be part of what God is up to A vision for God s mission that runs throughout all of Scripture The true meaning of the Great Commission and why it s not just about conversion A fresh take on concepts that can be difficult for a modern audience like evangelism and repentance A deeper connection to the why of Church and God s intent for it Principles to make your church more missional today Church and evangelism shouldn t be about attending an event engaging in uncomfortable tactics because that s what you should do or creating a subculture where we expect people to come to us act like us and believe like us It should be an exciting journey of embodying God s presence and purpose in the world a God of expansion inclusion outreach and reconciliation Saving Church will give you a renewed sense of what s possible permission to do things differently and a restored passion for sharing God s goodness with the world

Charism in the Church Constant Leke Ngolefac,2024-03-01 Charism is a hot contemporary issue The growing interest in the charisms is one of the significant religious developments of our time Opinions on charisms vary to a remarkable degree Unfortunately in some cases diverse viewpoints have led to confusion among Christians On the positive side though this developing interest in charisms has contributed to spiritual renewal and stimulated biblical research in this most important area of the Church s life The exponential growth of the Charismatic Pentecostal Movement throughout the

world and especially in Africa urged led to choice of this topic on charisms In the Charismatic Pentecostal Movements the issue of charisms is very vital and extremely important It is at the centre of its spirituality and practice This Movement has spread to almost all major Christian confessions denominations and continues to attract many followers This work is unique among the many studies written on the charisms Even though the subject of charisms has received some scholarly attention most have not delved into the role of the charisms in the Church from Pauline perspective as this study does The following observations and reasons demonstrate that it is still meaningful and worthwhile to study charisms in Pauline letters **The Holy Spirit, the Church, and Pneumatological Renewal** Jos Moons SJ, 2021-11-15 While belief in God the Father the Son and the Holy Spirit is at the very core of the Christian faith the significance of the Spirit in particular is sometimes overlooked in faith practice and theological reflection resulting in what theologians call *Geistvergeessenheit* In this context *Lumen Gentium* one of the most important documents of the Second Vatican Council 1962-1965 is usually praised for its pneumatological renewal The current volume however argues that this renewal is no more than modest The Holy Spirit is still conceived of predominantly as an adjunct to Christ To substantiate that claim Jos Moons has developed a novel method of close reading on the basis of which he compares *Lumen gentium*'s conception of the Spirit to that of *Mystici corporis* 1943 He also analyses the redaction historical development of the former and concludes with a plea to envisage the Spirit more boldly as actively guiding the church especially by means of the *sensus fidelium* its charisms and the discernment of spirits

Daniel Dapaah,2024-08-19 The primary responsibility of the church its *raison d'être* is to make disciples by sharing the good news of salvation and teaching believers to grow in maturity in Christ Matt 28 16 20 1 Cor 3 2 3 14 20 What does it mean to grow in discipleship and maturity in Christ What are the required ingredients for such growth and maturity to occur Answers to both questions are provided in the book you're about to read *Growing in Discipleship* is wide ranging in scope from biblical studies to systematic theology focusing on a sample of fundamental doctrines of the Christian faith The book is written for both new and old believers who are seeking a deeper engagement with and understanding of the good news of salvation in Christ Daniel Dapaah has broken down the complex theological concepts to present them in a concise and accessible format to readers who have no background in biblical studies Beginning seminarians will also find this book useful But true discipleship is more than an intellectual assent to the doctrines of the church It is also a personal commitment to the life and teachings of Christ It involves growing spiritually to reflect the image of Christ *Imago Dei* The book includes an Individual or Group Exercise guide at the end of each chapter focusing on sample questions from the study a Personal Application for reflection and a Commitment to grow and mature in Christ through the enabling power of the Holy Spirit This book is a useful resource for individual and group Bible study **The Legacy of Avery Cardinal Dulles, S.J.** Anne-Marie Kirmse,Michael M. Setting the World on Fire Laura R. DeJmek, 2014-08-19 Laypersons receiving a divine call to preach in the Roman Catholic Church may feel caught between a rock and a hard place both figuratively and ecclesiastically They may feel constrained between the Rock of Peter and the hard place of resistance to the preaching gift they believe they have and their desire to share it At first glance the Roman Catholic Church with its two millennia of Sacred Tradition seemingly offers little that favors the inclusion of lay preachers In addition many lay preachers may experience the bias of clergy and assembly members who unconsciously presume there is no role for laity to preach within the Roman Catholic Church Preaching does not occur solely within liturgical settings or only via pulpit preachers All Dominicans as members of the Order of Preachers are called to embody the *Sacra Praedicatio* the Sacred Preaching In fact canon law does permit laity to preach in certain liturgical settings *Setting the World on Fire* details one Roman Catholic woman's experience of her own call to preach the grace and gifts brought to both the preacher and the assembly as well as her desire to help all Dominicans and indeed all Christians embrace their rightful role as preachers

Catholicism Opening to the World and Other Confessions Vladimir Latinovic, Gerard Mannion, Jason Welle, O.F.M., 2019-01-08 This volume explores how Catholicism began and continues to open its doors to the wider world and to other confessions in embracing ecumenism thanks to the vision and legacy of the Second Vatican Council It explores such themes as the twentieth century context preceding the council parallels between Vatican II and previous councils its distinctively pastoral character the legacy of the council in
