The Gray High Heels PJ

Bailey,2020-04-13 My mother probably came up with the idea if the shoe fits wear it In 1959 she purchased a beautiful pair of gray high heels Only one other person could wear those high heels and I was not the one That year came quietly but then the others came A mother and six children How could sixteen people live in a house with three bedrooms and one bath Who were they Why were they here How long would they stay We had no idea that each of us would be forever changed in 1959 the year known historically as the year of change Most of us would find ourselves viewing a picture of those high heels long after we saw them in the back of our Ford station wagon as our father backed out of the driveway that fateful day But those high heels held secrets to a horrible but brave story that now must be told My father was a man of his word and a man of words He taught the importance of knowing what to say and meaning what we said Would words bring us together Would their leaving destroy any chance of our becoming family

Library Journal The great thing about Tidhar's collection is that it is full of such masterpieces You do have to get used to having your mind warped as if by some powerful psychedelic You'll definitely feel that way after Zoran Zivkovic and his Godot like explorations Or after Guy Hassan's thought experiment about the nature of mind and thought But once you get used to the idea you can settle in and enjoy the ride

Screening the Author Hila Shachar,2019-06-01 This book is the first comprehensive analysis of the contemporary representation of the author on screen It does this through two main approaches by looking at how biographies of well known authors in Western culture have been adapted onto the film and television screen and by examining the wider preoccupation with the idea of what the author persona means in broader economic cultural industrial and ideological terms Drawing from current debates about the uses of the heritage industry and conventions of the Hollywood biopic and celebrity culture this book re frames the analysis of the author on screen in contemporary culture and theorises it under its own unique genre the literary biopic With case studies including adaptations of the biographies and cultural personas of William Shakespeare Jane Austen Oscar Wilde Sylvia Plath Virginia Woolf and Allen Ginsberg to name a few this book examines how and why the author continues to be a prominent screen and cultural preoccupation
