Return Of Solar Pons:

Solar Pons: the Return of Solar Pons and the Reminiscences of Solar Pons August Derleth, 2018-06-09 Solar Pons was created by August Derleth in the 1920s as a continuation of the Sherlock Holmes canon Derleth who famously created Arkham House Publishing to preserve the writings of his friend author HP Lovecraft had corresponded with Sir Arthur Conan Doyle asking whether Doyle would be providing any new Holmes adventures When Doyle said no Derleth determined to write some himself However instead of writing more Holmes tales Derleth came up with Solar Pons a detective very similar to Holmes and Dr Lyndon Parker his Dr Watson Eventually between the 1920 s and his death in 1971 Derleth wrote over seventy Pons tales set in that period between the end of World War I and 1939 Now meet Solar Pons the Pride of Praed Street The Master is not too visible that is to the naked eye But you will feel his dynamic presence once again Yes dear reader but turn a page and again the game is afoot Ellery Queen

The Return of Solar Pons August Derleth, 1958 Thirteen short stories depicting the further adventures of Solar Pons whose prototype is Sherlock Holmes Includes three stories published in a limited edition in 1952 as Three problems for Solar Pons

The Alternative Sherlock Holmes Peter Ridgway Watt, Joseph Green, 2017-03-02 Between 1887 and 1927 Sir Arthur Conan Doyle wrote sixty Sherlock Holmes stories and his great Canon has become the most praised most studied and best known chapter in the history of detective fiction Over twenty thousand publications pertaining to the Sherlock Holmes phenomenon are known to have been published most of them historical and critical studies In addition however almost since the first stories appeared such was their uniqueness and extraordinary attraction that other authors began writing stories based on or derived from them A new genre had appeared pastiches parodies burlesques and stories that attempted to copy or rival the great detective himself As the field widened there was hardly a year in the twentieth century in which new short stories or novels did not appear Many hundreds are now known to have been published some of them written by authors well known for their work in other literary fields The non canonical Sherlock Holmes literature not only constitutes a literary field of considerable historical interest but includes many stories that are both enjoyable and fascinating in their own right Although a large bibliography on these stories exists and a few limited anthologies have been published no attempt has previously been made to collect them all and discuss them comprehensively The Alternative Sherlock Holmes does so it provides a new and valuable approach to the Sherlock Holmes literature as well as making available many works that have for years remained forgotten Presented as an entertaining narrative of interest to both the aficionado and the scholar it provides full bibliographic data on virtually all the known stories in the field
