Journey Within the Human Womb Patrick LOISEAU, 2019-11-04 Sometimes while searching a course there is a silent and timely fight between the compass and the dream The compass indicates to the North of the journey to be accomplished while the dream strives to place healthy sticks in the wheels for the greater good naturally of discovery the unexpected and certain revelation Our hero although quite common experienced this initiation journey He took the path of scholars looking for some kind of chimeric guru and later on had several encounters some richer than others But his journey has the characteristic that it takes place not on the moon on a mystery island in a balloon adrift at the world's mercy or even in the centre of the earth itself No This journey shall take place in the human womb this human womb we claim to know so well and yet it is still a stranger for us a paradoxical place where discrete beings hide to operate the pulleys of our ontological disguises

*The Magic Journey* John Nichols, 2013-12-10 Spanning forty years the second book in John Nichols's New

Mexico trilogy The Magic Journey tells the tale of how relentless progress transformed a rural backwater into a boomtown Boom times came to the forgotten little southwestern town of Chamisaville just as the rest of America was in the Great Depression They came when a rattletrap bus loaded with stolen dynamite blew sky high leaving behind a giant gushing hot spring Within minutes the town s wheeler dealers had organized and within a year Chamisaville was flooded with tourists and pilgrims and the wheeler dealers were rich At first it was a magic time for Chamisaville almost as if every day were a holiday But the euphoria gradually dissipated and the land hungry developers speculators and interlopers moved in Finally the day came when Chamisaville s people found themselves all but displaced their children no longer heirs to their land or their tradition With mounting intensity The Magic Journey reaches a climax that is tragically foreordained A sensitive vital and honest chronicle of life in America s Southwest it is also an incisive commentary on what America has become on its road to progress The Magic Journey is part of John Nichols s New Mexico trilogy which includes The Milagro Beanfield War and The Nirvana Blues
