Revelation Explained 1918:

The Apocalypse Or Book of Revelations, Explained According to the Spiritual Sense, Wherein are Disclosed the Arcana Therein Foretold which Have Been Hitherto Hidden Emanuel Swedenborg, 1919 *The Desolations of the Sanctuary* Emil & Otto Sadlack, 2010 This is a reprint of the 1928 1930 critique of Judge J F Rutherford and the direction in which he had led the Watch Tower Bible Tract Society after the death of Pastor Russell Many of these observations are still valid today *Counting the Days to Armageddon* Robert Crompton, 1996 Counting the Days to Armageddon is work is of vital importance for all concerned with the Jehovah s Witness movement It provides a thorough examination of their eschatological development treating Watch Tower theology objectively but sympathetically Crompton also speculates about the future direction of Jehovah s Witness teaching The book begins with a brief consideration of the biblical foundations of doctrines of the last days particularly the books of Daniel and Revelation There follows an outline summary of some of the main aspects of the history of this doctrine within the Protestant mainstream during the late eighteenth and early nineteenth centuries and an outline of the Adventist teaching of William Miller 1782 1849 in the U S A During the time following the failure of Miller s expectations of the end of the world his ideas were developed by Charles Taze Russell 1852 1916 prime mover of the Watch Tower movement Counting the Days to Armageddon explores the way in which Russell amended Miller s ideas and also the distinctive way in which he handled the Dispensational categorisation of history of John Nelson Darby 1800 1882 to create an extension of historicist speculation on the application of prophecy to the modern world The response of the Watch Tower movement to the failure of Russell s expectations in 1914 is explored and the new body of doctrine which has replaced Russell s is examined The ways in which these doctrines have been modified in the past suggest ways in which future doctrine may develop especially in response to the protracted delay of Armageddon What is envisaged in the light of the history of Watch Tower doctrine is no dramatic collapse of the movement but rather an increasing emphasis upon other less vulnerable areas of doctrine together with a greater turnover of membership which may in due course undermine the movement s stability *Life in Christ* William Robert West, 2015-09-29 What do you believe about souls There are many very different doctrines taught in the world today concerning souls that are believed to be in all humans By most a soul is believed to be something that is wholly apart from the person a soul is in that a soul is something that is that is believed to be complete in its self without the person it will live after the person it is in is dead it is believed that a soul will exist forever without the person it will never be dead therefore a soul cannot be resurrected from the dead It is believed that a soul must live someplace forever and it will live either in Heaven or Hell even if there is no resurrection The doctrine of unconditional immortality of a deathless soul being in a person and that soul leaving that person at the death of the person makes it impossible for Christ to have give His life to save that soul from death if a soul had immortality it would already have life and could never not have life all Christ could do is give it a reward or punish it *Bulletin of the Scranton Public Library*

Scranton Public Library (Scranton, Pa.),1908 **Piaget Before Piaget** Fernando Vidal,1994 In his detailed account of Jean Piaget s childhood and adolescence Neuchatel Vidal reveals a little known Piaget a youth whose struggle to reconcile science and faith adds a new dimension to our understanding of the great psychologist s life thought and work **Monthly Bulletin** Los Angeles Public Library,1918 **Quarterly List of Additions** Burlington (Iowa). Free Public Library,1912 **Library Books** Los Angeles Public Library,1918 **Let's talk about Politics & Religion** Tadeo Vitko,2021-12-31 This book analyzes the various schools of thought both political and religious puts them through a logical analysis of the facts and answers the following questions Which are the most beneficial political systems for the majority of people Which political system has failed every time it has been applied Why is there a separation of church and state Is it possible to discuss religion If there is one God why are there so many religions Which are the religious writings that claim to be of God Are we able to discern among these writings which one holds the Truth What is Truth What does the True word of God really say What does the word of God say about our history and our future This book is about blatantly presenting the facts on politics and religion It begins by presenting the philosophical schools of thought over our entire history which sprouted the different political and religious movements The discussion then centers on the political ideologies present today such as communism socialism liberalism libertarianism and free trade Then it chooses a few countries as representatives for each of these political ideologies and takes them through a simple analysis The analysis consists of comparing the economic wealth the liberties and the desire to immigrate for the citizens of each of these countries The results of this analysis will surprise many The discussion then centers onto religion There is a logical progression that concludes that when we say religion we really mean the writings about God But then we are in a conundrum because there should be one God yet there are many writings about God So the next step is to analyze the writings that claim to be the Word of God Do they answer questions such as How did everything get created Why do we sin Since sin separates us from God what are we expected to do to get back into good graces with God To determine the True Word of God we should ask ourselves which one is more credible Which one makes more sense Which one would I deposit my faith in The next question this book attempts to answer is does politics and God ever converge It uses the separation of church and state argument as illustration on how a change of values over time affects the liberties that were once bastions revered in the entire world What about those that do not believe in God Well the book engages in a long but informative discussion on the science based arguments that support creationism It also presents the arguments from a Buddhist point of view finding the weakness in their logic How will things be near the end according to the Word of God The Word of God is well known for its prophecies This book takes key predictions of the future from different prophets to provide an idea of what is to come It also analyzes the Apocalypse to translate its symbolism into simple terms You will be surprised to learn what it says Bulletin of the Brooklyn Public Library Brooklyn Public Library,1917 Quarterly List of Additions ,1912 **A Study of the Book of Revelation** Alexander Hardie,1926 The Truth Behind
