[Cockatiels at Seven](#) Donna Andrews,2009-06-30 It s time for more outrageous and feathered fun in the award winning laugh out loud Meg Langslow series When her old friend Karen drops by with two year old son Timmy Meg Langslow reluctantly agrees to babysit just for a little while But when nightfall comes the toddler is still in residence and Karen isn t answering any phone calls Meg decides she must find out what s happening so the next morning with Timmy in

tow she retraces her friend's footsteps and begins to suspect that Karen's disappearance is tied to at least one serious crime. Has Karen been killed or kidnapped? Is she on the run from the bad guys? Or is she one of the bad guys? The police don't seem to care, so Meg once again plays sleuth, this time with a toddler as her sidekick. As usual, Meg's extended family adds to the complications in her life. What covert animal welfare project are Dad and the curmudgeonly zoologist Dr. Montgomery Blake working on, and will Meg have to make another late night trip to bail them out of jail? Why does Meg's brother keep disappearing? Is he merely trying to avoid babysitting, or is he involved in something more mysterious? Will taking care of Timmy dampen newly married Meg and Michael's enthusiasm for starting a family of their own? And are any of Meg's relatives reliable enough to be trusted with a two-year-old, especially a two-year-old whose whereabouts might be of interest to some very dangerous people? Donna Andrews once again proves her skill as one of the funniest, most entertaining mystery authors around.

Crouching Buzzard, Leaping Loon Donna Andrews, 2006-02-07 Poor Meg Langslow. She's blessed in so many ways. Michael, her boyfriend, is a handsome, delightful heartthrob who adores her. She's a successful blacksmith known for her artistic wrought iron creations. But somehow Meg's road to contentment is more rutted and filled with potholes than seems fair. There are Michael's and Meg's doting but demanding mothers for a start. And then there's the fruitless hunt for a place big enough for the couple to live together. And a succession of crises brought on by the well-meaning but utterly wacky demands of her friends and family. Demands that Meg has a hard time refusing, which is why she's tending the switchboard of Mutant Wizards where her brother's computer games are created and handling all the office management problems that no one else bothers with. For companionship, besides a crew of eccentric techies, she has a buzzard with one wing who she must feed frozen mice thawed in the office microwave and Michael's mother's nightmare dog. Not to mention the psychotherapists who refuse to give up their lease on half of the office space and whose conflicting therapies cause continuing dissension. This is not what Meg had in mind when she agreed to help her brother move his staff to new offices. In fact, the atmosphere is so consistently loony that the office mail cart makes several passes through the reception room with the office practical joker lying on top of it, pretending to be dead, before Meg realizes that he's become the victim of someone who wasn't joking at all. He's been murdered for real. Donna Andrews's debut book *Murder with Peacocks* won the St. Martin's Malice Domestic best first novel contest and reaped a harvest of other honors as well. This is the fourth book in the Meg Langslow series, which features the intrepid Meg and her cast of oddball relatives. Their capers are a lighthearted joy to read.
