Committee on Governmental Affairs**

Reviewing Delegation An Analysis Of The Congressional Reauthorization Process:

Reviewing Delegation James H. Cox, 2004-04-30 Members of Congress often delegate power to bureaucratic experts but they fear losing permanent control of the policy One way Congress has dealt with this problem is to require reauthorization of the program or policy Cox argues that Congress uses this power selectively and is more likely to require reauthorization when policy is complex or they do not trust the executive branch By contrast reauthorization is less likely to be required when there are large disagreements about policy within Congress In the process Cox shows that committees are important independent actors in the legislative process and that committees with homogenous policy preferences may have an advantage in getting their bills through Congress

The Parties Respond Mark D. Brewer, 2018-04-20 The industrial revolution was the single most important development in human history over the past three centuries and it continues to shape the contemporary world With new methods and organizations for producing goods industrialization altered where people live how they play and even how they define political issues By exploring the ways the industrial revolution reshaped world history this book offers a unique look into the international factors that started the industrial revolution and its global spread and impact

Congress and the Politics of Problem Solving E. Scott Adler, John D. Wilkerson, 2013-01-14 How do issues end up on the agenda Why do lawmakers routinely invest in program oversight and broad policy development What considerations drive legislative policy change For many Congress is an institution consumed by partisan bickering and gridlock Yet the institution's long history of addressing significant societal problems even in recent years seems to contradict this view Congress and the Politics of Problem Solving argues that the willingness of many voters to hold elected officials accountable for societal conditions is central to appreciating why Congress responds to problems despite the many reasons mustered for why it cannot The authors show that across decades of policy making problem solving motivations explain why bipartisanship is a common pattern of congressional behavior and offer the best explanation for legislative issue attention and policy change

Judging Statutes Robert A. Katzmann, 2014-08-14 In an ideal world the laws of Congress known as federal statutes would always be clearly worded and easily understood by the judges tasked with interpreting them But many laws feature ambiguous or even contradictory wording How then should judges divine their meaning Should they stick only to the text To what degree if any should they consult aids beyond the statutes themselves Are the purposes of lawmakers in writing law relevant Some judges such as Supreme Court Justice Antonin Scalia believe courts should look to the language of the statute and virtually nothing else Chief Judge Robert A. Katzmann of the U.S. Court of Appeals for the Second Circuit respectfully disagrees In *Judging Statutes* Katzmann who is a trained political scientist as well as a judge argues that our constitutional system charges Congress with enacting laws therefore how Congress makes its purposes known through both the laws themselves and reliable accompanying materials should be respected He looks at how the American government works including how laws come to be and how various agencies construe legislation He then explains the judicial process of

interpreting and applying these laws through the demonstration of two interpretative approaches purposivism focusing on the purpose of a law and textualism focusing solely on the text of the written law Katzmman draws from his experience to show how this process plays out in the real world and concludes with some suggestions to promote understanding between the courts and Congress When courts interpret the laws of Congress they should be mindful of how Congress actually functions how lawmakers signal the meaning of statutes and what those legislators expect of courts construing their laws The legislative record behind a law is in truth part of its foundation and therefore merits consideration

Can America Govern Itself? Frances E. Lee, Nolan McCarty, 2019-06-20 Can America Govern Itself brings together a diverse group of distinguished scholars to analyze how rising party polarization and economic inequality have affected the performance of American governing institutions It is organized around two themes the changing nature of representation in the United States and how changes in the political environment have affected the internal processes of institutions overall government performance and policy outcomes The chapters in this volume analyze concerns about power influence and representation in American politics the quality of deliberation and political communications the management and implementation of public policy and the performance of an eighteenth century constitution in today's polarized political environment These renowned scholars provide a deeper and more systematic grasp of what is new and what is perennial in challenges to democracy at a fraught moment

Guide to Congress CQ Press, 2012-08-10 The new edition of this comprehensive two volume reference has been thoroughly revised and expanded by expert CQ Press writers with years of experience covering Congress to offer a complete institutional history of Congress along with updated insight and analysis on the 2008 and 2010 shifts in power of the U S Senate and House of Representatives The 35 chapters of Guide to Congress Seventh Edition are divided into eight subject areas that cover all aspects of the U S Congress Origins and Development of Congress from the constitutional beginnings of the legislative branch to the histories of the House and Senate and their power shifts eras of partisanship and unity influential leaders and working relationships with presidents New coverage includes analysis of the tug of war between House Democrats and the George W Bush administration on Iraq war withdrawal timetables updates on criminal investigations of House members including William J Jefferson of Louisiana and Charles Rangel of New York and analysis of the Tea Party Movement and new Republican majority Powers of Congress including powers to tax spend and borrow to conduct foreign policy and investigations to confirm and impeach to regulate commerce to amend the Constitution and to select the president Updated material includes analysis of the George W Bush administration's use of immunity from questioning by congressional committees analysis of the signing of the new START treaty with Russia marking a cornerstone of U S relations with the country coverage of the War on Terror including the killing of bin Laden in a U S raid in Pakistan and perspective on the negotiations to raise the federal debt ceiling in 2011 Congressional Procedures detailing the party and leadership structures rules and the legislative process the committee system assignment and procedures and

congressional staff Revised coverage profiles the methods styles and legislative successes and defeats of House Speakers Pelosi and Boehner and Senate majority leader Reid The Guide also analyzes the new hyperpartisanship emerging in Congress and provides updates on congressional travel reforms and aide statistics and trends Pressures on Congress including influence from constituents political parties the president the Supreme Court lobbyists and the media New material explores the use of social media to communicate with constituents examines the role of the new Consumer Financial Protection Bureau and analyzes the Obama administration s relationship with Congress Housing and Support covering the U S Capitol House and Senate office buildings the Library of Congress and organizations such as the Government Accountability Office and the Congressional Research Service Updates are provided on new initiatives by the Library of Congress and reforms to the General Accounting Office Pay and Perquisites including honoraria and allowances franking and travel privileges and other benefits Updates include revised figures for congressional pay and benefits and analysis of efforts to control privately sponsored foreign travel Congress and the Electorate covering the right to vote the demographic composition of congress the role of parties in elections campaign financing and redistricting New information discusses elections statistics in recent elections the impact of third parties Tea Party gains and the creation of super PACs and 527 groups Qualifications and conduct detailing congressional ethics investigations and procedures for disciplining members Updated coverage reviews ethics investigations including the creation of the Office of Congressional Ethics Specific investigations and outcomes are discussed including the censure of Charles Rangel and disapproval of Joe Wilson s outburst during a speech by President Obama Volume 2 concludes with a selected bibliography and key reference materials a list of all members of congress who have served since 1789 congressional election results floor leaders and committee chairs dates for sessions of congress women black Asian and Hispanic members and many more Boxed features tables and figures and a generous number of photos enhance the topical coverage of this definitive resource on Congress *American Book*
