Revitalizing Communities Innovative State And Local Programs:

Revitalizing Communities Kellie J. Dressler, 1998-10-01 Documents a variety of initiatives including several among Native American tribal communities that focus on preventing crime and its consequences through community revitalization Among the problems targeted by these programs are neighborhood blight drug trafficking and related crime as well as inappropriate or ineffective jail sentences for youthful offenders Organized by state the 24 programs are funded under the Byrne Formula or Discretionary Grant programs The descriptions include ample information for the development and implementation of similar programs at the local level in other communities *Revitalizing Communities*, 1997 **NCJRS Catalog**, [What Can the Federal Government Do to Decrease Crime and Revitalize Communities?](#), 1998 **Bureau of Justice Assistance Publications List** United States. Bureau of Justice Assistance, 1994 **Community Development Programs**, 1988 *Crime, Risk and Justice* Kevin Stenson, Robert Sullivan, 2012-12-06 Crime control has risen rapidly up the social and political agendas to become a central feature of western societies As inequalities in society have increased so the actual and perceived risks of crime and other social ills have grown rapidly for all sections of society Crime has become a central issue to governments and no longer just a technical operation of law enforcement and adjudication This book is concerned with issues arising from these developments Top criminologists from Britain the USA and Australia explore the links between crime and risk through a range of themes from the depiction of crime in the media to the dilemmas of policing to the new punitiveness of criminal justice systems and the custodial warehousing of the poor and excluded Crime Risk and Justice will be of interest to students academics and practitioners with an interest in crime and crime control and the place they have in modern society **Criminal Justice and Political Cultures** Tim Newburn, Richard Sparks, 2012-12-06 As crime increasingly crosses national boundaries and international co operation takes firmer shape so the development of ideas and policy on the control of crime has become an increasingly international and transnational affair These developments call attention not just to the many points of convergence in the languages and practices of crime control but also to their persistent differences This book is concerned both with the very specific issue of policy transfer within the crime control arena and with the issues raised by a more broadly conceptualized idea of comparative policy analysis The contributions in the book examine the different ways in which ostensibly similar vocabularies policies and practices are taken up and applied in the distinct settings they encounter **Federal Probation**, 1997 **Native Agency** Valerie Lambert, 2023-01-03 What happens when American Indians take over an institution designed to eliminate them The Bureau of Indian Affairs was hatched in the U S Department of War to subjugate and eliminate American Indians Yet beginning in the 1970s American Indians and Alaska Natives took over and now run the agency Choctaw anthropologist Valerie Lambert argues that instead of fulfilling settler colonial goals the Indians in the BIA have been leveraging federal power to fight settler colonialism battle white supremacy and serve the interests of their people Although the missteps and occasional blunders of the Indians in the

BIA have at times damaged the federal Indian relationship and fueled the ire of their people and although the BIA is massively underfunded Indians began crafting the BIA into a Native agency by reformulating the meanings of concepts that lay at its heart concepts such as tribal sovereignty treaties the trust responsibility and Indian land At the same time they pursued actions to strengthen and bolster tribes to foster healing to fight the many injustices Indians face and to restore the Indian land base This work provides an essential national level look at an intriguing and impactful form of Indigenous resistance It describes in great detail the continuing assaults made on Native peoples and tribal sovereignty in the United States during the twenty first century and it sketches the visions of the future that Indians at the BIA and in Indian Country have been crafting for themselves
