Revolt of the Dwarves Rose Estes,1983 The reader s choices determine the outcome of Galen s struggle to escape from the brutal army of the dwarves **Revolt of the Dwarves #5-CC , An Endless Quest Book: Revolt of the Dwarves** Rose Estes,1983 *Journey of the Sun Child: Sunrise* Seth Pen,2020-04-01 After only two weeks beneath Solaris Joe and his gang have found themselves in more than enough trouble Enraging both allies and enemies as emperors and arch mages vie for his allegiance Joe the supposed Sun Child can barely stay alive let alone stay true to himself Joe has to deal with the question is he helping Mystakle Planet or is he just making the world worse off There is no going back but a million different directions available going forward **The war that won't die** David Archibald,2021-06-15 The war that won t die charts the changing nature of cinematic depictions of the Spanish Civil War In 1936 a significant number of artists filmmakers and writers from George Orwell and Pablo Picasso to Joris Ivens and Joan Mir rallied to support the country s democratically elected Republican government The arts have played an important role in shaping popular understandings of the Spanish Civil War and this book examines the specific role cinema has played in this process The book s focus is on fictional feature films produced within Spain and beyond its borders between the 1940s and the early years of the twenty first century including Hollywood blockbusters East European films the work of the avant garde in Paris and films produced under Franco s censorial dictatorship The book will appeal to scholars and students of Film Media and Hispanic Studies but also to historians and indeed anyone interested in why the Spanish Civil War remains such a contested political topic **The Contradictions of Urban Art** Ewa Rewers,2013 This book examines the dynamics of artistic creativity that transgresses the boundaries of public art and it looks into the inventions expressed by the practical activities and academic research focused on contemporary urban spaces The Contradictions of Urban Art demonstrates how the multilingualism of art and science raises the temperature of discussions concerning the city It advises that what we call city art should include outdoor events prose and poetry Series Development in Humanities Vol 5 *Dwarf Warfare* Chris Pramas,2017-12-15 Despite their short stature dwarves are among the fiercest and most feared fighters of all the races From an initial examination of the fighting methods of the individual dwarf soldier this volume expands its focus to look at how they do battle in small companies and vast armies It covers all of their troop types from the axemen that form the front lines of battle to their deadly accurate crossbowmen Also examined are their tactics in specific situations such as underground fighting and combat in mountainous terrain Finally the book examines a few specific battles in great detail in order to fully demonstrate the dwarven way of war Books Are Weapons Siobahn Doucette,2018-03-07 Much attention has been given to the role of intellectual dissidents labor and religion in the historic overthrow of communism in Poland during the 1980s Books Are Weapons presents the first English language study of that which connected them the press Siobhan Doucette provides a comprehensive examination of the Polish opposition s independent often underground press and its crucial role in the events leading to the historic Round

Table and popular elections of 1989 While other studies have emphasized the role that the Solidarity movement played in bringing about civil society in 1980 1981 Doucette instead argues that the independent press was the essential binding element in the establishment of a true civil society during the mid to late 1980s Based on a thorough investigation of underground publications and interviews with important activists of the period from 1976 to 1989 Doucette shows how the independent press rooted in the long Polish tradition of well organized resistance to foreign occupation reshaped this tradition to embrace nonviolent civil resistance while creating a network that evolved from a small group of dissidents into a broad opposition movement with cross national ties and millions of sympathizers It was the galvanizing force in the resistance to communism and the rebuilding of Poland s democratic society *The Chronicles of Articia; Children of the Dead* K. D. Enos,2013-05-22 Pursued by a great evil the children of the king are on the run Along the way they find pain fear longing and loss they discover surprising truths about themselves and the youngest of the royal children learns a great secret about her own fantastic power She has the power to destroy the world *Beauty is in the Street* Joachim C.
