

THE REVOLT OF THE MASSES

José Ortega y Gasset

Revolt Of The Masses

Jose Ortega Gasset

Revolt Of The Masses:

The Revolt of the Masses José Ortega y Gasset, 1950 *The Revolt of the Masses* Jose Ortega y Gasset, 1922

Revolt of the Masses Jose Ortega Gasset, 1994-01-04 Social upheaval in early twentieth century Europe is the historical setting for this seminal study by the Spanish philosopher Jos Ortega y Gasset of the mass man he phenomenon of mass culture that more than any other factor stamps the character of modern life Continuously in print since 1932 Ortega s analysis of Western culture as sinking to its lowest common denominator and drifting toward chaos brought its author international fame and has remained one of the most influential books of our time *The Revolting Masses* Brendon Westler, 2024-06-04 Jos Ortega y Gasset 1883 1955 was a Spanish philosopher and essayist best known for *The Revolt of the Masses* first translated into English in 1932 In it Ortega critiques a populist deformation of democracy by the rise of a mass mentality characterized by selfishness a lack of curiosity and a general indifference to the opinions and attitudes of others However as Brendon Westler makes clear we need to look beyond Ortega s arguments about populism and democracy in his most famous work to recover the philosopher s expansive political outlook and to identify his valuable contributions to the history and advancement of liberalism Westler s book reconstructs Ortega s political theory underscoring its distinctive historical origins as well as the ways in which it might be instructive to us today Through an exploration of works less familiar to an English speaking audience such as *Concord and Liberty* *Vieja y nueva política* *De Europa meditatio* *Quaedam* and *Democracia morbosa* combined with a sensitivity to larger social and political ideas circulating within Spain *The Revolting Masses* traces the contours of Ortega s approach to politics Westler argues that reading texts written over the course of the philosopher s entire career in combination with *The Revolt of the Masses* offers a more complete picture of Ortega s political thought one that advocates for a liberal ethos as an answer to populism and promotes both individual freedom and the preservation of community bonds As *The Revolting Masses* shows Ortega was above all a philosopher who reflected on what it would take for people of differing beliefs to live together His unique conception of liberalism grounded in the Spanish tradition not only emphasizes pluralism and diversity of thought and institutions but also serves as a potential antidote to the populism of our present moment *The Revolt of the Masses* , 1969 *The Revolt of the Masses* José Ortega y Gasset, 1957 *The Revolt of the Masses* José Ortega y Gasset, 1972 *Imagining Europe* Henry T. Edmondson III, Peter Mentzel, 2021-03-09 *Imagining Europe* Essays on the Past Present and Future of the European Union examines the EU from a variety of perspectives The collection begins with the expectation that despite its challenges the European Union is here to stay but it also proceeds from the premise that imaginative thinking is necessary to guide the 27 member organization into the future The book offers nine chapters and a substantive introduction to examine the EU from the point of view of a commercial enterprise the writings of Jos Ortega y Gasset immigration and public opinion its relationship with China its management of political populism the American Federalist papers and more The first chapter is a summary of the history

structure and processes of the European Union for the convenience of those using this text in the classroom The last chapter considers this latest chapter of European development in light of the historical quest for a united Europe The contributors to the volume are scholars residing in the U S Poland France Switzerland the Czech Republic and Turkey

The Crowd is Untruth Howard Nelson Tuttle,1996 This book argues that the mass is the most characteristic socio historical feature of our century Kierkegaard was the first to anticipate and delineate this phenomenon philosophically Heidegger appropriated much from Kierkegaard but recast the mass into the fundamental ontology of Das Man Moreover his work was informed by Nietzsche's understanding of nihilism and the will of power Finally the masses are considered from the vision of Ortega y Gasset's philosophy of human life This book relates all four of these thinkers into a philosophical perspective upon the nature of the mass

The Quest for Truth Brandon Perron,2004-02 The Quest for Truth chronicles the allegorical journey of Youngblood Hawke as he is transformed from a self serving soldier of fortune to a warrior prince Presented with the question and challenge of absolute truth by a mystical sage Hawke's inability to respond is an epiphany to him and marks the beginning of his struggle and quest Guided by a beautiful oracle he is introduced to the teachings of Socrates Plato Aristotle Sun Tzu Machiavelli Nietzsche Jose Ortega Shakespeare and William James spoken through mentors sages and prophets His thoughts become poetically philosophical as he struggles with his own destiny Marked as a threat to their power and control over humanity the enemies of change seek to destroy him and his desire to understand Youngblood Hawke's destiny as a warrior prince is realized when he raises an army of Select Warriors and leads them against the mass a secret and powerful society controlling many of the world's governments Youngblood Hawke quickly learns that the spiritual and philosophical battle for truth will not only be waged on the battlefield but also within the darkest confines of the human mind heart and soul

The Social Thought of Ortega Y Gasset John T. Graham,2001

The Revolt of the Masses Gilda A. Slote,1950

The Masses of India ,1925

Mass Mentality Oswald Sobrino,2019-07-11 This short book really a monograph is the fourth in a series on the Spanish existentialist vitalist philosopher Jos Ortega y Gasset 1883 1955 whose most famous work is The Revolt of the Masses 1930 which describes the mass man whom Ortega saw as a danger to civilization This book seeks to critically update The Revolt of the Masses in the light of current realities such as Brexit and social media technology while presenting the key ideas of Ortega on human life the State and mass mentality that are especially relevant and helpful today

The Oxford Handbook of Ordoliberalism Thomas Biebricher,Werner Bonefeld,Peter Nedergaard,2022-09-05 Since the financial crisis of 2008 ordoliberalism emerged from relative obscurity to become one of the crucial terms of analysis across a wide range of academic literatures and public discussion In fact it became the main reference for a number of issues including assessments of the attempted resolution of the Eurozone crisis arguments about German hegemony in Europe debates over the future of economic liberalism and controversies about authoritarian liberalism What is striking about ordoliberalism is its pronounced ambiguity as some view it as a more refined and potentially progressive variant of

neoliberalism while others cast it as a blueprint for a regime of austerity reigning over a society of competition with only rudimentary democratic institutions And while ordoliberalism is often portrayed as a quintessentially German tradition its impact has not been confined to the German context extending all the way to the unlikely case of China In short ordoliberalism is a phenomenon of arguably considerable influence that remains poorly understood as it is mystified by its proponents and vilified by its critics The Oxford Handbook of Ordoliberalism contains a selection of chapters written by an international cast of experts on ordoliberalism that aim to elucidate and analyze the latter in all of its many facets From the intellectual origins and prime exemplars to its main theoretical themes and practical applications up to the most recent debates taking place across a range of disciplines this volume offers the first comprehensive account of ordoliberalism for the English speaking world

Hermann Broch and Mass Hysteria Brett E. Sterling, 2022 The first English language monograph on Hermann Broch's literary and theoretical work on mass hysteria Winner of the 2023 Radomir Luža Prize for the Best Manuscript in Austrian Czechoslovak Studies in the World War II Era Austrian Jewish author Hermann Broch 1886-1951 a leading figure of European Modernism spent decades attempting to understand the phenomenon of mass hysteria With his work he hoped to help protect society from the allure of mass hysteria embodied in the fanatical appeal of National Socialism He was torn between two approaches to the problem using literature to diagnose and expose the irrational knowledge that underpins mass hysteria and employing theory as a more precise and effective means of doing the same In this first English language monograph on the topic Brett E. Sterling traces the development of Broch's understanding of the mass from an initial confrontation in 1918 to a recurring theme in his fiction and ultimately to the monumental but incomplete *Massenwahntheorie* *Theory of Mass Hysteria* 1939-48 In thorough readings of Broch's major fictional and theoretical works the analysis centers on the question of how his literature and theory provide distinct but complementary approaches to conceiving and representing the elusive figure of the mass and the attendant experience of mass hysteria With political extremism and conspiratorial thinking on the rise Sterling makes the case that Broch's insights into mass hysteria literary as well as theoretical are of renewed relevance to a contemporary audience

orie Theory of Mass Hysteria 1939-48 In thorough readings of Broch's major fictional and theoretical works the analysis centers on the question of how his literature and theory provide distinct but complementary approaches to conceiving and representing the elusive figure of the mass and the attendant experience of mass hysteria With political extremism and conspiratorial thinking on the rise Sterling makes the case that Broch's insights into mass hysteria literary as well as theoretical are of renewed relevance to a contemporary audience

well as theoretical are of renewed relevance to a contemporary audience orie Theory of Mass Hysteria 1939 48 In thorough readings of Broch s major fictional and theoretical works the analysis centers on the question of how his literature and theory provide distinct but complementary approaches to conceiving and representing the elusive figure of the mass and the attendant experience of mass hysteria With political extremism and conspiratorial thinking on the rise Sterling makes the case that Broch s insights into mass hysteria literary as well as theoretical are of renewed relevance to a contemporary audience literary as well as theoretical are of renewed relevance to a contemporary audience Volume 14: Kierkegaard's Influence on Social-Political Thought Jon Stewart,2016-12-05 While scholars have long recognized Kierkegaard s important contributions to fields such as ethics aesthetics philosophy of religion philosophical psychology and hermeneutics it was usually thought that he had nothing meaningful to say about society or politics Kierkegaard has been traditionally characterized as a Christian writer who placed supreme importance on the inward religious life of each individual believer His radical view seemed to many to undermine any meaningful conception of the community society or the state In recent years however scholars have begun to correct this image of Kierkegaard as an apolitical thinker The present volume attempts to document the use of Kierkegaard by later thinkers in the context of social political thought It shows how his ideas have been employed by very different kinds of writers and activists with very different political goals and agendas Many of the articles show that although Kierkegaard has been criticized for his reactionary views on some social and political questions he has been appropriated as a source of insight and inspiration by a number of later thinkers with very progressive indeed visionary political views **Crowds** Jeffrey Thompson Schnapp,Matthew Tiews,2006 Crowds presents several layers of meditation on the phenomenon of collectivities from the scholarly to the personal it is the most comprehensive cross disciplinary publication on crowds in modernity For more information visit <http://shl.stanford.edu/Crowds> **Mass Communication and American Social Thought** John Durham Peters,Peter Simonson,2004-08-03 This anthology of hard to find primary documents provides a solid overview of the foundations of American media studies Focusing on mass communication and society and how this research fits into larger patterns of social thought this valuable collection features key texts covering the media studies traditions of the Chicago school the effects tradition the critical theory of the Frankfurt school and mass society theory Where possible articles are reproduced in their entirety to preserve the historical flavor and texture of the original works Topics include popular theater yellow journalism cinema books public relations political and military propaganda advertising opinion polling photography the avant garde popular magazines comics the urban press radio drama soap opera popular music and television drama and news This text is ideal for upper level courses in mass communication and media theory media and society mass communication effects and mass media history **German Neoliberalism from 1924 to 1963** Arne I. A. Käthner,2024-09-18 This book offers an in depth study of German neoliberalism between 1924 and 1963 arguing that a neoliberal network was established in the interwar period decades

before elite networks in Great Britain and the United States fostered the neoliberal revolution of the Thatcher and Reagan administrations. The author shows how this network strongly influenced societal developments in the 1950s and set a precedent for neoliberal projects in other countries. This success was largely due to the deliberate and strategic reorganisation of the semantic field, abandoning or reacquiring abused concepts, challenging existing meanings, or introducing new concepts to the political scene. The book examines the Aktionsgemeinschaft Soziale Marktwirtschaft (ASM), an early neoliberal Think Tank founded in 1953 and led by Alexander Rüstow, which became an influential political actor in post-war West Germany. The author adopts a decidedly transnational approach, linking and contrasting inner German debates with those taking place transnationally among neoliberal proponents in the Mont Pèlerin Society. More than just a political study of ideologies, this book provides a historical account of the conceptual struggles over neoliberalism, the actors who engaged in them, the spheres in which they took place, and the semantic means and conceptual strategies employed, providing useful insights for scholars of German and political history as well as political science more generally.

As recognized, adventure as well as experience roughly lesson, amusement, as skillfully as union can be gotten by just checking out a book **Revolt Of The Masses** also it is not directly done, you could agree to even more in the region of this life, in relation to the world.

We present you this proper as skillfully as simple quirk to acquire those all. We manage to pay for Revolt Of The Masses and numerous books collections from fictions to scientific research in any way. in the middle of them is this Revolt Of The Masses that can be your partner.
