Mette Skak

Russia In The Era Of Peter The Great:

Russia in the Era of Peter the Great Lawrence Jay Oliva, 1969 **Russia in the Age of Peter the Great** Lindsey Hughes, 2000-01 Named one of the Best Nonfiction Books of 1998 by the Los Angeles Times Book Review this magisterial volume is a history of Peter the Great and the Russia he governed **The History of Peter the Great** Voltaire, 2014-09-01 French Enlightenment thinker Voltaire saw much to admire in Russian emperor Peter the Great Most significantly Voltaire admired Peter's tireless efforts to drag Russia from its medieval mindset and thrust it into an age of rationality This exhaustive biography focuses more on Peter's philosophy and values than his wartime exploits **Russia in the Era Of Peter the Great** Lj Oliva, 1962 Peter the Great Changes Russia Marc Raeff, 1972 *The Image of Peter the Great in Russian History and Thought* Nicholas Valentine Riasanovsky, 1992 The image of Peter the Great Tsar of Russia from 1689 to 1725 has been a central theme of Russian history art and literature This study draws on Russian historical accounts folklore and the arts to demonstrate how the image of Peter has reflected the changing cultural values of Russian people *The Military History of the Russian Empire from Peter the Great until Nicholas II* John W. Steinberg, 2024-01-11 This book examines the rise and the fall of the Russian Empire through the lens of its military history While much of the literature on this history tends to focus on epochs The Russian Military and the Creation of Empire uses a variety of archival sources to capture this aspect of modern Russia from Peter the Great right up to the present day John W Steinberg analyzes the social dynamic between Russian society and its military over time Through a focus on civil military relations he demonstrates that both the Tsarist and Soviet regimes were built on and ultimately dependent upon the support of the military Case studies of significant battles are also used throughout the volume to reveal insights into the roles missions and capabilities of the Russian military since 1689 The Russian Military and the Creation of Empire is a vital study for all students of modern Russia and the history of modern warfare *Events That Formed the Modern World* Frank W. Thackeray, John E. Findling, 2012-05-31 This comprehensive five volume set contains readable essays that describe and interpret the most important global events since the European Renaissance some accompanied by related document excerpts and primary source materials What were the effects of the Age of Exploration on today's ethnic groups and social structure How did the development of moveable type pave the way for Facebook and Twitter Why is the Reformation so critical for understanding today's religious controversies This set will help readers answer these questions by exploring the most significant historical events of the modern world This five volume set covers times from the Renaissance to the present Each volume focuses on a specific historic period and examines 12 events within those time frames that changed the world Each entry provides an introduction that lays out factual material in a chronological manner an in depth essay interpreting the event's significance and an annotated bibliography of the most important current works on the topic Select entries are followed by primary sources pertaining to the event under consideration such as diary entries Targeted to both general readers as well as entry

level university students this book also directly supports high school and undergraduate curricula allowing students to identify and contextualize events in order to think critically about their causes aftermath and legacy Russia in the Age of Peter the Great :1682-1725 Lindsey Hughes,1998 **History of Russia and of Peter the Great** Philippe Paul comte de Ségur,1829 **Peter the Great** Lindsey Hughes,2002-01-01 The definitive short biography of the enigmatic Peter the Great Peter the Great 1672 1725 tsar of Russia for forty three years was a dramatic appealing and unconventional character This book provides a vivid sense of the dynamics of his life both public and private and his reign Drawing on his letters and papers as well as on other contemporary accounts the book provides new insights into Peter s complex character giving information on his actions deliberations possessions and significant fantasy world his many disguises and pseudonyms his interest in dwarfs his clowning and vandalism It also sheds fresh light on his relationships with individuals such as his second wife Catherine and his favorite Alexander Menshikov The book includes discussions of Peter s image in painting and sculpture and there are two final chapters on his legacy and posthumous reputation up to the present **Russian Legends** Charles River Charles River Editors,2018-01-20 Includes pictures of Peter and important people places and events Includes a Bibliography for further reading I have conquered an empire but have not been able to conquer myself Peter the Great A lot of ink has been spilled covering the lives of history s most influential figures but how much of the forest is lost for the trees In Charles River Editors Russian Legends series readers can get caught up to speed on the lives of Russia s most important men and women in the time it takes to finish a commute while learning interesting facts long forgotten or never known For anyone trying to understand the origins of modern Russia the search should begin with Tsar Peter I 1672 1725 who titled himself Peter the Great during his lifetime The moniker is fitting considering the manner in which Peter brought Russia out of the Middle Ages and into the 18th century Through a series of campaigns Peter turned Russia into a formidable empire that would subsequently become a major force on the European continent while also emulating Western Europe and turning Russia into an international state that interacted with the other continental powers By revolutionizing and modernizing Russian arms including the creation of Russia s first naval force Peter was able to pursue an aggressive and expansionist foreign policy that set the stage for the way the European map would be redrawn again and again over the coming centuries Perhaps more remarkably as Peter was stretching Russia s borders he was transforming Russia from the inside as well Fond of the cultures to the west Peter embraced technology science and the arts developing a new educational system for his people and supporting a number of institutions of higher learning in Russia He built a European style capital at St Petersburg and also established new ports and access to the Baltic Sea for the purposes of opening up trade with the west At the same time if Peter was responsible for the modernization of Russia he can also be held responsible for some of its more unsavory features Though he accomplished a great many achievements during his reign he also formally defined the status of Russian serfs for more than 200 years and bankrupted the Russian state with his navy wars and building campaigns in St Petersburg

Remedying the situations left by Peter would fall upon his successors and not all of them would prove up to the challenges Russian Legends The Life and Legacy of Peter the Great chronicles the life of the Russian Tsar and the profound historical legacy he left Along with pictures of important people places and events you will learn about Peter the Great like you never have before in no time at all **Russia's New Era** R. J. Barrett,1908 The 17th and 18th Centuries Frank N.

Magill,2013-09-13 Each volume of the Dictionary of World Biography contains 250 entries on the lives of the individuals who shaped their times and left their mark on world history This is not a who s who Instead each entry provides an in depth essay on the life and career of the individual concerned Essays commence with a quick reference section that provides basic facts on the individual s life and achievements The extended biography places the life and works of the individual within an historical context and the summary at the end of each essay provides a synopsis of the individual s place in history All entries conclude with a fully annotated bibliography **PUTIN ERA RUSSIA'S FOREIGN POLICY AND SECURITY**

DOCTRINES Salih Yilmaz,2020-04-25 Russian Federation has been recognized with the strategy called as Putin Doctrine at the beginning of the 21st century Accordingly the West is no longer a reliable partner of Russia The sovereignty of the post Soviet countries is under the protection of Russia Russian World and Russian Orthodoxy have become strong Today the term Russia s Way has become almost acceptable throughout the world Therefore Russia began to be recognized as a society and state that has not accepted or want to accept the philosophy of the way of common reason In both domestic and foreign policy there is no effective force that can oppose this special situation to Russia Russian poet and diplomat Fyodor Ivanovich Tyutchev says in his famous quatrain Russia can t be understood with the mind alone No ordinary yardstick can span her greatness She stands alone unique In Russia one can only believe This aphorism is the most common phrase that describes Russia According to Tyutchev if we want to understand Russia it is necessary to believe it To understand the role of the savior that the Russians have assigned to them since history it is necessary to know their history foreign policy and security doctrines When you read this book I m sure you can find answers to some of these questions In this book the change and transformation of Russia in Putin Period and the general reasons of these policies are explained In addition to this book I would also recommend you to read our book Is Russia Turkey Eurasian Pact Possible In addition to the general reader this book has been prepared to provide guidance to experts diplomats and students working in the field of Security Studies Political Science and International Relations and History I wish you a good reading *A Companion to Russian History* Abbott Gleason,2014-01-28 This companion comprises 28 essays by international scholars offering an analytical overview of the development of Russian history from the earliest Slavs through to the present day Includes essays by both prominent and emerging scholars from Russia Great Britain the US and Canada Analyzes the entire sweep of Russian history from debates over how to identify the earliest Slavs through the Yeltsin Era and future prospects for post Soviet Russia Offers an extensive review of the medieval period religion culture and the experiences of ordinary people Offers a balanced review of both

traditional and cutting edge topics demonstrating the range and dynamism of the field

A Short History of Medieval and Modern Times Philip Van Ness Myers, 1923

Unveiling the Russian Spirit: A Journey Through Time Pasquale De Marco, 2025-07-18

Embark on a captivating journey through the heart of Russia in this comprehensive and engaging book. Discover the rich history, diverse cultures, and stunning landscapes that have shaped this enigmatic nation. From the ancient civilizations that flourished on its vast plains to the rise and fall of the mighty Russian Empire, Russia's past is a tale of resilience, power, and transformation. Witness the birth of a nation under the Kievan Rus, the Mongol invasions that reshaped its destiny, and the emergence of Moscow as a new center of power. Encounter iconic figures like Ivan the Terrible, Peter the Great, and Catherine the Great, whose reigns left an indelible mark on Russia's development. Delve into the transformative era of Lenin and Stalin, the sacrifices and triumphs of World War II, and the ideological battles of the Cold War. Examine the challenges and opportunities of the post-Soviet era as Russia navigates its path in a rapidly changing world. Explore the vast and diverse Russian landscape from the frozen tundra of Siberia to the lush forests of the taiga, from the majestic Ural Mountains to the sparkling waters of Lake Baikal. Gain a deeper appreciation for the unique and awe-inspiring geography that has shaped the Russian soul. Meet ordinary Russians from all walks of life, gaining insights into their daily struggles, hopes, and dreams. Discover the vibrant tapestry of Russian culture from its rich literary tradition to its world-renowned music and art. Understand the unique blend of strength and emotion that defines the Russian character. Contemplate the challenges and opportunities that lie ahead for Russia as we approach the end of our journey. Examine the complex geopolitical landscape, the economic and social issues that the country faces, and the role that Russia plays in the global community. Reflect on the lessons of the past and consider the hopes and aspirations of the Russian people for the future. This book is an indispensable guide to understanding Russia, its people, and its place in the world. With its comprehensive coverage, insightful analysis, and vivid storytelling, this book will captivate readers from beginning to end. If you like this book, write a review.

Globalisation, Nation-Building and History Education Joseph Zajda, John Whitehouse, 2024-03-19

This book uses historiography and discourse analysis to provide a new insight into understanding the nexus between ideologies, the state, and nation building as depicted in history school textbooks. It focuses on the interpretation of social and political change, significant events, and examining possible new biases and omissions in school textbooks. The Europeanization of history textbooks in the EU is an example of western-dominated Grand Narrative of pluralist democracy, multiculturalism, and human rights according to the canon of a particularly European dimension. Various public debates in the USA, China, the Russian Federation, RF, Japan, and elsewhere dealing with understandings of a nation building, national identity, and history education point out to parallels between the political significance of school history and the history education debates globally. The book demonstrates that the issue of national identity and balanced representations of the past continue to dominate the debate surrounding the goals, dominant ideologies, and content of history textbooks and historical narratives. It concludes that

competing discourses and ideologies will continue to define and shape the nature and significance of historical knowledge ideologies and the direction of values education in history textbooks This book provides an easily accessible practical yet scholarly insights into local and global trends in the field of history education and should be required reading for a broad spectrum of users including policy makers academics graduate students education policy researchers administrators and practitioners

Putin's Strategic Culture, Climate Crisis, and Power Transition Mette Skak, 2025-09-30 This book offers a new perspective on the security policy of Russia linking the Ukraine war with its climate policy and Putin's strategic culture It offers an analysis of Russian strategic culture Putin's strategic culture and operational code as well as Putinism being the mental underpinning of Kremlin practices at home and abroad The volume also addresses Russia's evolution during Putin's years in power and reflects upon Russia's global standing for example with respect to China The work stresses the dialectics between Russia's ideational geopolitics and its climate policy and energy geo economics employing a broad approach to understanding security A secondary analytical concern of the book is the implications and options of Putin's code for European security and world order The book offers a synthesis of various fields of research and draws on key works by other scholars to offer an overview of the evolving transition of the Russian state into climate denial and militarism This book will be of much interest to students of Russian security policy strategic culture and international relations
