Russia Under The Autocrat Nicholas The F:

Nicholas I, Emperor and Autocrat of All the Russias W. Bruce Lincoln, 1978 The Indiana U Press edition 1978 is cited in BCL3 A scholarly biography that provides a view of Russian autocracy Annotation copyrighted by Book News Inc Portland OR *Russia Under the Last Tsar* Theofanis G. Stavrou, 1969 The reign of Russia's last tsar Nicholas II from 1894 to 1917 constitutes a period of continuing controversy among historians Interesting in its own right it is also a time of great importance to an understanding of the cataclysmic events which follow *Nesselrode and the Russian Rapprochement with Britain, 1836-1844* Harold N. Ingle, 1976 Count Karl Nesselrode Russian foreign minister 1816-1856 was a controversial figure in the government of Nicholas I The rapprochement with Britain perhaps his finest achievement was opposed at every step by Russians who regarded Britain as a rival It was later condemned by tsarist historians as an example of the cosmopolitan diplomacy that weakened their country in competition with the Western powers Soviet historians have followed their lead asserting that it was against national interests But Nesselrode did avoid war in a series of dangerous confrontations in Asia and the Near East outmaneuvering opponents who wanted to meet Britain head on and he managed to extricate Russia from diplomatic isolation at the same time Finally he advanced bipartisanship in an agreement on the Eastern Question that led to the renewal of the European concert He was working to extend the areas of cooperation particularly by promoting freer trade and commerce when his opponents more effectively countered his influence in the mid 1840s Jacket flap **The Course of Russian History, 5th Edition** Melvin C. Wren, Taylor Stults, 2009-01-08 Now in its fifth edition this definitive history of the Russian land and people builds on its success as a fascinating survey of two thousand years of struggle to harness vast resources and talents into a powerful and cohesive nation From its beginning as a savage and exotic land Russia underwent a complex evolution of political social and religious forces the barbarism of its internal conflicts in seeming contradiction with its goals to advance in the realms of technology art education and high culture From the conflicts of the fantastically wealthy ruling class to the poor and oppressed masses emerged the Communist party and the enigmatic figures whose charismatic manipulation of political power reflected the myriad rulers before them Finally as the modern world watched this great entity collapsed in a devastatingly brief time millennia of precarious conflict proving too much for the tenuous coalescence of twentieth century politics Written in an engaging and accessible style this text presents students with a comprehensive look at the momentous events and legendary figures which helped shape Russia's turbulent history Late Imperial Russia, 1890-1917 John F. Hutchinson, 2014-10-14 This new interpretation of the final years of Imperial Russia provides a clear and concise introduction to a critical period in the history of modern Russia Professor Hutchinson outlines the key problems facing the Tsarist regime and the attitudes of its Liberal critics and revolutionary enemies In particular he considers how the monarchy was able to withstand the uprisings of 1904-06 but failed in 1917 This important new study provides an analysis of social as well as political developments and concludes with a brief

historiographical essay which draws together alternative interpretations of the final years of the Tsars A Political and Social History of Modern Europe Carlton Joseph Huntley Hayes,1916 *Russia's Missing Middle Class* Harley D. Balzer,1996 A history of the Russian professional communities prior to 1917 prefaces the contemporary changes being experienced in the country as it rejoins the global community The 10 scholarly essays underline the disappearance of the professional class in Russian society and examine the fields of engineering medicine psychiatry education and law Paper edition unseen 29 95 Annotation copyright by Book News Inc Portland OR **Physical and Health Education** Morgan La Fayette Combs,Virginia,Virginia. G Zakharova,2015-02-12 This is a comprehensive interpretive history of Russia from the defeat of Napoleon to the eve of World War I It is the first such work by a post Soviet Russian scholar to appear in English Drawing on the latest Russian and Western historical scholarship Alexander Polunov examines the decay of the two central institutions of tsarist Russia serfdom and autocracy Polunov explains how the major social groups the gentry merchants petty townspeople peasants and ethnic minorities reacted to the Great Reforms and why despite the emergence of a civil society and capitalist institutions a reformist evolutionary path did not become an alternative to the Revolution of 1917 He provides detailed portraits of many tsarist bureaucrats and political reformers complete with quotations from their writings to explain how the principle of autocracy although significantly weakened by the Great Reforms in mid century reasserted itself under the last two emperors Polunov stresses the relevance for Russians in the post Soviet period of issues that remained unresolved in the pre Revolutionary period such as the question of private property in land and the relationship between state regulation and private initiative in the economy **Revolutions and the Collapse of Monarchy** Zhand Shakibi,2007-02-23 What causes revolution What brought about the end of the last major monarchies of the modern period Were Louis XVI Nicholas II and Mohammad Reza Pahlavi the unwitting victims of historical circumstance or did their own actions help to bring about the revolutions that overthrew them This powerful and original book is the first comparative study of the revolutions in Bourbon France Romanov Russia and Pahlavi Iran Zhand Shakibi analyses fully the timing and causes of these three revolutions and reveals the important similarities between them *Revolutions and the Collapse of Monarchy* argues provocatively that it is often the monarch s own personality that provides the vital spark which produces revolution This ambitious and important book challenges the Marxist interpretation of history and adds a compelling new perspective to theories of revolution The Story of Russia Orlando Figes,2022-09-20 This is the essential backstory the history book that you need if you want to understand modern Russia and its wars with Ukraine with its neighbors with America and with the West Anne Applebaum
