Russian Foreign Policy And International Relations Theory:

Russian Foreign Policy and International Relations Theory Christer Pursiainen, 2017-07-05 An original and challenging examination of how to transform post Sovietological study of Soviet and Russian foreign policy into a more integrated part of the Social Sciences and International Relations Theory This book represents the first detailed and sustained synthesis international relations theory and Soviet Russian foreign and security policy in academic literature

International Relations theory in Russian foreign policy studies Wiebke E. Kircheisen, 2008 **Role Theory and Russian Foreign Policy** Damian Strycharz, 2022-04-27 Despite the increased interest in Russia and its international behaviour current analyses leave much unexplained Damian Strycharz fills this gap in the literature by analysing leaders perceptions and the interactions between internal and external factors shaping foreign policy decisions Challenging existing interpretations of Russian foreign policy and advancing our understanding on how role dynamics occur in non democracies Strycharz examines Russia s reactions to the 2003 4 colour revolutions in Georgia and Ukraine the Five Day War in Georgia and the Euromaidan Revolution He argues that divergent reactions to these upheavals result from a profound change in the leadership perceptions of Russia s international responsibilities Consequently a shift in the understanding of Russia s international duties and departure from the Western partner role resulted in more assertive foreign policy behaviour exemplified by the intervention in Georgia and the annexation of Crimea The book demonstrates that processes of foreign policy formation in Russia are more complex and include more actors than commonly assumed Role Theory and Russian Foreign Policy is an ideal resource for scholars and researchers of international relations foreign policy and post Soviet politics Explaining Change in Russian Foreign Policy C. Thorun, 2008-11-27 An assessment of the explanatory utility of different approaches to account for post Soviet Russia s foreign policy towards the West arguing that only by focusing both on external constraints and changes in the Russian leadership s foreign policy thinking can we explain major facets of Russia s conduct from 1992 2007

Explaining Russian Foreign Policy Behavior Alexander Sergunin, 2016-03-22 This book aims to explain the reasons behind Russia s international conduct in the post Soviet era examining Russian foreign policy discourse with a particular focus on the major foreign policy schools of Atlanticism Eurasianism derzhavniki realpolitik geopolitics neo Marxism radical nationalism and post positivism The Russian post Soviet threat perceptions and national security doctrines are studied The author critically assesses the evolution of Russian foreign policy decision making over the last 25 years and analyzes the roles of various governmental agencies interest groups and subnational actors Concluding that a foreign policy consensus is gradually emerging in contemporary Russia Sergunin argues that the Russian foreign policy discourse aims not only at the formulation of an international strategy but also at the search for a new national identity Alexander Sergunin argues that Russia s current domestic situation defined by numerous socio economic inter ethnic demographic environmental and other problems dictates the need to abandon superpower ambitions and to rather set

modest foreign policy goals

Role Theory and Russian Foreign Policy Damian Strycharz, Taylor & Francis Group, 2022-03 Despite the increased interest in Russia and its international behavior current analyses leave much unexplained Damian Strycharz fills this gap in the literature by analyzing leaders' perceptions and the interactions between internal and external factors shaping foreign policy decisions Challenging existing interpretations of Russian foreign policy and advancing our understanding on how role dynamics occur in non democracies Strycharz examines Russia's reactions to the 2003 4 color revolutions in Georgia and Ukraine the Five Day War in Georgia and the Euromaidan Revolution He argues that divergent reactions to these upheavals result from a profound change in the leadership perceptions of Russia's international responsibilities Consequently a shift in the understanding of Russia's international duties and departure from the Western partner role resulted in more assertive foreign policy behavior exemplified by the intervention in Georgia and the annexation of Crimea The book demonstrates that processes of foreign policy formation in Russia are more complex and include more actors than commonly assumed Role Theory and Russian Foreign Policy is an ideal resource for scholars and researchers of International Relations Foreign Policy and Post Soviet Politics

International Relations Theory Mykola Kapitonenko, 2022-03-08 This textbook shows how to think about international relations and offers insights into its most important theories and issues Written from beyond the Anglo US academic environment with attention to regional nuances it teaches students to perceive international politics in an organized and theoretical way thus helping them grasp the complexity of the subject and see simple ways of making sense of it Providing a thorough introduction to the main theories and approaches to international relations the book covers the main dilemmas concepts and methodological issues alongside a number of neglected theoretical paradigms such as institutionalism Marxism critical approaches feminism and power in world politics It will be of great use as a main textbook as well as a supplementary guide for related courses including Foreign Policy Analysis Conflict Studies Security Studies History of International Relations International Organizations and Global Governance

Understandings of Russian Foreign Policy Ted Hopf, 2010-11-01 Scholars from Asia Europe and North America working with the support of the Finnish Institute of International Affairs combine their efforts to bring us new insights into how Russia has conducted its foreign affairs since the fall of Communism Drawing on both archival sources and interviews they cover such major issues as Russia's decision to use military force in Chechnya its reactions to NATO expansion and its emergent relations with Japan and East Asia The contributors are Eunsook Chung Henrikki Heikka Ted Hopf Andrea Lopez Hiroshi Kimura Sergei Medvedev and Christer Pursiainen

Explaining Russian Foreign Policy Behavior Alexander Sergunin, 2015-01-01 This book aims to explain the reasons behind Russia's international conduct in the post Soviet era examining Russian foreign policy discourse with a particular focus on the major foreign policy schools of Atlanticism Eurasianism derzhavniki realpolitik geopolitics neo Marxism radical nationalism and post positivism The Russian post Soviet threat perceptions and national security doctrines are studied The author critically assesses the evolution of

Russian foreign policy decision making over the last 25 years and analyzes the roles of various governmental agencies interest groups and subnational actors Concluding that a foreign policy consensus is gradually emerging in contemporary Russia Sergunin argues that the Russian foreign policy discourse aims not only at the formulation of an international strategy but also at the search for a new national identity Alexander Sergunin argues that Russia's current domestic situation defined by numerous socio economic inter ethnic demographic environmental and other problems dictates the need to abandon superpower ambitions and to rather set modest foreign policy goals *Smart Instead of Small in International Relations Theory* Spyridon N. Litsas, 2023-11-16 Small States theory supports the argument that small international actors have a vital role in the international system After 9 11 it emerged as a more focused attempt to show that small can be attractive and functional in an era of normative political and religious radicalism This book argues that Small States Theory is not relevant to the perplexities of the post multipolar international system and produces a new theory the Smart States Theory Based on structural and neoclassical realism it attempts to identify the origins of state smartness in foreign policy leadership and domestic politics The United Arab Emirates will be used as the case study of this novel theoretical approach The impressive evolution of the Trucial States to a modern nation state of high technology dynamic foreign policy as the recent pandemic fully showed unique leadership and unparalleled tolerance towards other religions and cultures make the UAE a brilliant example of a smart state of the 21st century The reader of the book will be introduced to a new theory in International Relations as well as to the history politics society and leadership of a state that plays a pivotal role not only in the Gulf region but in the broader framework of the Middle East too the United Arab Emirates **Beyond Sovietology** Christer Pursiainen, 1998 **International Relations Theory of War** Ofer Israeli, 2019-04-10 Covering 1816 2016 this book deals extensively with the international system as well as the territorial outcomes of several key wars that were waged during that time period providing an instructive lesson in diplomatic history and international relations among global powers Based on an in depth review of the leading theories in the field of international relations International Relations Theory of War explains an innovative theory on the international system developed by the author that he applies comprehensively to a large number of case studies The book argues that there is a unipolar system that represents a kind of innovation relative to other systemic theories It further posits that unipolar systems will be less stable than bipolar systems and more stable than multipolar systems providing new insights relative to other theories that argue that unipolar systems are the most stable ones The first chapter is devoted to explaining the manner of action of the two dependent variables systemic international outcome and intra systemic international outcome The second chapter presents the international relations theory of war and its key assumptions The third chapter precisely defines the distribution of power in the system The fourth chapter examines the theory's two key phenomena The fifth and last chapter presents the book's conclusions by examining the theoretical assumptions of the international relations theory of war **Russia in the Indo-Pacific** Gaye Christoffersen, 2021-11-23

This volume zones in on Russia's relations with the Indo Pacific region through the lens of theoretical pluralism presenting alternatives to the mainstream Realist view of Russia as a major power using geopolitical strategies to establish itself. Russia in the Indo Pacific is an understudied topic that needs a fresh perspective. Contributors to this volume are based across Russia, China, Japan, Malaysia, Vietnam, and the USA, drawing on a range of multinational perspectives and theoretical approaches encompassing realism and liberalism, constructivism, and the English school of international relations. Reflecting a trend of internationalization in the Russian study of IR, such theoretical pluralism could facilitate Russian contributions to emerging global IR theory. Russia in the Indo Pacific contributes towards a more intelligible common discourse in the Indo Pacific of interest to students and scholars of Sino-Russian relations, Indo-Pacific international relations, and international relations theory. It will also be of interest to policymakers and general readers following foreign policy and economic trends in the Indo Pacific who want to better understand Russia's role.

The Sources of Russian Foreign Policy Assertiveness Angela Borozna, 2022-01-31. This book explores the sources of Russia's foreign policy conduct since the end of the Cold War. It is aimed at those interested in Russian foreign policy, international security, and diplomacy. The book embraces an eclectic approach by applying insights from several strands of IR theory, exploring both international and domestic sources. The author argues that Russian foreign policy is influenced by the country's strategic culture, which exhibits some persistent elements inherited from Russia's imperial past and from Soviet times. The challenges to Russia's security interests from Western policies led to an increase in Russian foreign policy assertiveness. As a result, Russia is becoming more committed to Eurasian integration and nurturing relations with China. This book further argues that Russia's relations with the post-Soviet states have been and will remain a priority of its foreign relations, and therefore Russia is likely to continue challenging any Western interference in these states. The author maintains that geoeconomics and the protection of overseas economic interests are becoming more prominent in Russia's foreign policy calculus. The role of domestic factors in the country's foreign policy, such as authoritarianism, regime vulnerability, and the role of political factions, is also examined. **Slavic Review**, 2001. American quarterly of Soviet and East European studies varies.

Russian Realism Andrei P. Tsygankov, 2022-03-17. *Russian Realism* analyzes Russian contemporary geopolitical thinking or realism and explores the notion of *Derzhava* as the foundation of Russian realism. The author defines Russian realists as all those favoring actions by the Russian state in defense of its interests, including protection of national sovereignty, security, power, and prestige on the international scene. What makes Russian realism distinct is its vision of Russianness formed by the country's historical, cultural, religious experience, and its semi-peripheral position in the international system. The vision stresses the importance of survival, preservation of strong state, and protection of national interests from external infringement. Mainstream literature, especially in the West, tends to ignore Russian theoretical debates and narratives; this book remedies this by providing significant insights into Russian realist thinking. It explores the historical unfolding of the longstanding national debates.

about Russia's role in Europe the West and how realists have reframed these debates in response to multiple international and domestic developments The book also identifies distinct groups and debates within the broad school of Russian realism This book will be of interest to students and scholars of Russian foreign policy IR theory diplomatic studies political science and European history It will also appeal to a broader general audience of those interested in Russia and international politics

Review of International Studies ,1981 **Canadian-American Slavic Studies** ,2004 A quarterly journal devoted to Russia and East Europe *The Directory of Graduate Studies* ,1999 **New Statesman** ,2002
