Russian Foreign Policy 1994-1998 Charting An Independent Course:

Russian Foreign Policy, 1994-1998 Gordon Livermore, 1998 *Russian civil-military relations and the origins of the second Chechen war* Sz&aszdi, Lajos F., 2008-08-29 This book has relevance for those interested in understanding Russia's course in international relations under the leadership of Vladimir Putin. This book will inform the reader and is especially relevant in light of the events of 2008 in the Caucasus and the war in Georgia in particular. The author explains the ideology of Neo Eurasianism which in turn inspires the policy thinking of the Kremlin. Also studied is Putin's origins in the KGB from the previous posts of Secretary of the Security Council and Director of the FSB and his rise to power in the crucial year of 1999 when he became Russian Prime Minister. The author highlights the continuing trend of appointing high ranking officers of the Russian intelligence community to senior positions in the government studying this in the context of Russian civil military intelligence relations. The author reached the conclusion back in 2003 that the members of Russian intelligence hold the reins of power above the civilian and military elements of the Russian government. The author returns to the Kosovo Crisis of 1999 discussing also the motives that led the Kremlin and Putin to invade Chechnya for a second time in a decade. Parallels can be drawn to the 2008 Russian invasion of Georgia and the roots of the Neo Eurasianist ideology that is behind the two invasions are examined. This book will help the reader understand Russia's current and future distribution of power in the Caucasus, the Balkans and the world at large. Moscow's search for a multipolar world and its opposition to U.S. hegemony. **Cold Peace** Janusz Bugajski, 2004-11-30 The Russian regime under President Vladimir Putin has embarked on a coherent long term strategy to regain its influence over former satellites and to limit Western penetration in key parts of this region. Moscow is intent on steadily rebuilding Russia as a major power on the Eurasian stage and will use its neighbors as a springboard for expanding its dominance. In this first systematic analysis detailing Russia's post Cold War imperialism Bugajski challenges the contemporary equivalent of Cold War appeasement which views Russia as a benign and pragmatic power that seeks cooperation and integration with the West. **The Current Digest of the Post-Soviet Press**, 2001

Russian Foreign Policy, 1994-1998, 1998 **ICCEES International Newsletter**, 1993 *NewsNet* American Association for the Advancement of Slavic Studies, 2001 *Information Industry Directory*, 2009 Comprehensive directory of databases as well as services involved in the production and distribution of information in electronic form. There is a detailed subject index and function service classification as well as name keyword and geographical location indexes. **Yearbook of International Organizations**, 1999 **Documentation politique internationale**, 2003 Martindale-Hubbell International Law Directory, 2007 *Who is who in Lithuania*, 2004 Russian Foreign Policy Olga Oliker, Keith Crane, Lowell H. Schwartz, Catherine Yusupov, 2009-03-09 As Russia's economy has grown so have the country's global involvement and influence which often take forms that the United States neither expects nor likes. The authors assess Russia's strategic interests and goals examining the country's domestic policies economic development security goals and worldview.

They assess implications for U S interests and present ways that Washington could work to improve its relations with Moscow

Russian Foreign Policy Jeffrey Mankoff, 2009-04-16 A second edition of this book is now available This thoughtful and balanced text examines the development of Russian foreign policy since the end of the Cold War Presenting an evenhanded treatment of controversial issues Jeffrey Mankoff analyzes Russia s interactions with major global actors including the United States the European Union the Commonwealth of Independent States and China Despite Moscow s often harsh rhetoric and the deployment of Russian forces against Georgia in 2008 the author convincingly demonstrates that today s Russia is more interested in restoring what its leaders consider to be its rightful place among the world s major powers than in directly challenging the West Thoroughly researched and knowledgeable this book will be invaluable for all students of Russia

Russian Foreign Policy in the Post-Soviet Era B. Lo, 2002-08-12 In the first comprehensive treatment of its kind Bobo Lo examines the course of Russian foreign policy in the decade following the Soviet collapse Adopting a conceptual approach he identifies the principal ideological and institutional factors that have influenced the thinking of decisionmaking behind the policies Bobo Lo challenges many of the conventional assumptions that have dominated much of the preceding literature on Russian foreign policy

Russian Foreign Policy Eric Shiraev, Konstantin Khudoley, 2018-12-12 Written by two leading scholars this cutting edge textbook provides a comprehensive re evaluation of Russian foreign policy in the 21st century covering its historical development key institutions and actors and processes principles and strategies It integrates domestic and global perspectives to give a more rounded and balanced assessment of Russia s place in the world This text will be essential reading on Russian foreign policy modules as well as on broader courses on Russian government and politics It can also be used as supplementary reading on more general comparative politics and foreign policy modules which use Russia as a key case study

Russian Foreign Policy Beyond Putin Eugene B. Rumer, 2017-10-03 Russia s resurgence as an assertive actor in the global diplomatic arena after a long period of introspection and preoccupation with domestic troubles and the economic revival that underpins it are among the most striking developments in international relations of recent years But what drives Russian foreign policy at the end of the Putin era To what extent is it shaped by Russia s role as a major energy supplier and how long can the country remain an energy superpower if indeed it is one How might Russian foreign policy change in the years ahead Which way will Russia face with the might of growing powers around it and struggling with the fragility of its economic success and stability at home choose to face in international relations This Adelphi Paper examines the domestic context of contemporary Russian foreign policy and its key political economic military and security drivers as well as looking at the contrasting outlook that preceded it and at how Russia s international posture may adjust again in the coming years It concludes with recommendations for Western policy makers on how to respond to Russia s return

The Foreign Policy of Russia Robert H. Donaldson, Joseph L. Noguee, 2002 In this masterful study Donaldson and Noguee examine the historical lineage of Russian foreign policy and its

development in the context of domestic power struggles and a changing international environment Their approach brings to light both continuities in Russia's behavior in the world reflecting enduring national interests and the major sources of change and variability In this new edition fully updated to cover Russian foreign policy from the tsarist period through the Putin succession and with new chapters on the factors that have shaped Russian foreign policy over the past century the Yeltsin legacy and the Putin presidency this is the book of choice for courses in Russian foreign policy and international politics

Explaining Russian Foreign Policy Behavior Alexander Sergunin, 2016-03-22 This book aims to explain the reasons behind Russia's international conduct in the post Soviet era examining Russian foreign policy discourse with a particular focus on the major foreign policy schools of Atlanticism Eurasianism derzhavniki realpolitik geopolitics neo Marxism radical nationalism and post positivism The Russian post Soviet threat perceptions and national security doctrines are studied The author critically assesses the evolution of Russian foreign policy decision making over the last 25 years and analyzes the roles of various governmental agencies interest groups and subnational actors Concluding that a foreign policy consensus is gradually emerging in contemporary Russia Sergunin argues that the Russian foreign policy discourse aims not only at the formulation of an international strategy but also at the search for a new national identity Alexander Sergunin argues that Russia's current domestic situation defined by numerous socio economic inter ethnic demographic environmental and other problems dictates the need to abandon superpower ambitions and to rather set modest foreign policy goals

Russian Foreign Policy Jeffrey Mankoff, 2011-10-16 Now thoroughly updated this widely praised book provides a thoughtful and balanced examination of the development of Russian foreign policy since the end of the Cold War This edition also places developments of the past two decades into the broader sweep of Russian history Jeffrey Mankoff argues that Russia's more assertive behavior since Vladimir Putin became president in 2000 has resulted from both a deep seated consensus among its elite about Russia's identity and interests as well as a favorable convergence of events including the persistence of high energy prices and the check on U S power resulting from the wars in Iraq and Afghanistan Because these factors are the result of long term trends the author argues that there is little reason to expect that the election of Dmitry Medvedev will fundamentally alter Russian foreign policy behavior Presenting an evenhanded treatment of controversial issues Mankoff analyzes Russia's interactions with major global actors including the United States the European Union the Commonwealth of Independent States and China Despite Moscow's often harsh rhetoric and the deployment of Russian forces against Georgia in 2008 the author convincingly demonstrates that there is little reason to fear a return to a Cold War like standoff with the West Instead he argues today's Russia is more interested in restoring what its leaders consider to be its rightful place among the world's major powers rather than in directly challenging the West Thoroughly researched and knowledgeable this book will be invaluable for all readers interested in Russia

Uncover the mysteries within Crafted by is enigmatic creation, **Russian Foreign Policy 19941998 Charting An Independent Course** .
