Russias Road From Peace To War Soviet

R. Craig Nation

Russias Road From Peace To War Soviet:

Russia's Road from Peace to War Louis Fischer,1969 *A History Of Russia Volume 2* Walter G. Moss,2004-10-01
Moss has significantly revised his text and bibliography in this second edition to reflect new research findings and controversies on numerous subjects He has also brought the history up to date by revising the post Soviet material which now covers events from the end of 1991 up to the present day This new edition retains the features of the successful first edition that have made it a popular choice in universities and colleges throughout the US Canada and around the world

Russia's Road from Peace to War Louis Fischer,1969 **America's Secret War against Bolshevism** David S. Foglesong,2014-02-01 From the Russian revolutions of 1917 to the end of the Civil War in 1920 Woodrow Wilson s administration sought to oppose the Bolsheviks in a variety of covert ways Drawing on previously unavailable American and Russian archival material David Foglesong chronicles both sides of this secret war and reveals a new dimension to the first years of the U S Soviet rivalry Foglesong explores the evolution of Wilson s ambivalent attitudes toward socialism and revolution before 1917 and analyzes the social and cultural origins of American anti Bolshevism Constrained by his espousal of the principle of self determination by idealistic public sentiment and by congressional restrictions Wilson had to rely on secretive methods to affect the course of the Russian Civil War The administration provided covert financial and military aid to anti Bolshevik forces established clandestine spy networks concealed the purposes of limited military expeditions to northern Russia and Siberia and delivered ostensibly humanitarian assistance to soldiers fighting to overthrow the Soviet government In turn the Soviets developed and secretly funded a propaganda campaign in the United States designed to mobilize public opposition to anti Bolshevik activity promote American Soviet economic ties and win diplomatic recognition from Washington *Russia and Eurasia 2016-2017* Brent Hierman,2016-08-25 Published and updated annually Russia and Eurasia deals with the twelve independent republics that became members of the Commonwealth of Independent States following the collapse of the Soviet Union in December 1992 The text focuses strongly on recent economic and political developments with shorter sections dealing with foreign policy the military religion education and specific cultural elements that help to define each republic and differentiate one from the other Approximately one third of the book is devoted to Russia but also includes sections on Ukraine Belarus Moldova Armenia Azerbaijan Georgia Kazakhstan Kyrgyzstan Tajikistan Turkmenistan and Uzbekistan How the Commonwealth of Independent States came into being and how it has evolved since 1992 is also discussed The combination of factual accuracy and up to date detail along with its informed projections make this an outstanding resource for researchers practitioners in international development media professionals government officials potential investors and students **The Vision of Anglo-America** Henry Butterfield Ryan,2004 This study demonstrates the importance of the decline of British power in the creation of the Cold War *Aspects of Soviet Policy Toward Latin America* Bernard Loeffke,1974 **Stalin** Stephen Kotkin,2015-10-13 In his biography of Stalin Kotkin rejects

the inherited wisdom about Stalin's psychological makeup showing us instead how Stalin's near paranoia was fundamentally political and closely tracks the Bolshevik revolution's structural paranoia the predicament of a Communist regime in an overwhelmingly capitalist world surrounded and penetrated by enemies At the same time Kotkin posits the impossibility of understanding Stalin's momentous decisions outside of the context of the history of imperial Russia *Russia and Eastern Europe, 1789-1985* Raymond Pearson, 1989 *Russia and Eurasia 2017-2018* Brent Hierman, 2017-09-01 Published and updated annually *Russia and Eurasia* deals with the twelve independent republics that became members of the Commonwealth of Independent States following the collapse of the Soviet Union in December 1992 The text focuses strongly on recent economic and political developments with shorter sections dealing with foreign policy the military religion education and specific cultural elements that help to define each republic and differentiate one from the other Approximately one third of the book is devoted to Russia but also includes sections on Ukraine Belarus Moldova Armenia Azerbaijan Georgia Kazakhstan Kyrgyzstan Tajikistan Turkmenistan and Uzbekistan How the Commonwealth of Independent States came into being and how it has evolved since 1992 is also discussed The combination of factual accuracy and up to date detail along with its informed projections make this an outstanding resource for researchers practitioners in international development media professionals government officials potential investors and students *The Eurasian Triangle* Hiroaki Kuromiya, Georges Mamoulia, 2016-04-25 Even the best books on international history are ignorant of the secret war against the Russian Empire and the Soviet Union waged jointly by the Caucasian peoples and Japan in the first half of the twentieth century This book explores and exposes previously unknown passages in Eurasian international history Although the secret war ultimately failed in liberating the Caucasian peoples the lessons of this Eurasian collaboration were not lost on the United States which after World War II confronted the Soviet Union just as Japan had earlier Washington copied the strategy of its former enemy and developed it further The Eurasian triangle of Russia the Caucasus and Japan is a forgotten history of cardinal importance that stretching from the Russo Japanese War to World War II influenced Western Cold War strategies This book is also the story of a friendship rare in international politics between two unlikely partners unspoiled by political vicissitudes *The World's Educators Create* Matthew A. Clay, 2023-03-20 The connection between place and education has always been complicated and in recent decades has mostly been ignored during the standardization era of education This book provides a different lens to view this connection between place and education as one that is not optional but inherent to all education Furthermore place is looked at not as an ingredient in educational practice but as an outcome of education Instead of merely considering how communities and landscapes can be incorporated into teaching practices *The World's Educators Create* explores how educators can contribute toward the creation and meaning of the places themselves By incorporating lenses from many fields of study this book aims to create a unifying perspective of place beneficial for educators across content areas and grade levels In so doing educators are able to see the true impact of their work in

shaping the places around them Ultimately The Worlds Educators Create calls for education to not merely occur in places but contribute toward making the places themselves more just and equitable Deadly Imbalances Randall L. Schweller,1998

Scholars frequently portray the Second World War as an epic morality play driven by a villain Hitler and a sinner Chamberlain Deadly Imbalances offers a new approach combining both the attributes of states and the structure of the international system to explain the origins and causes of the war Central to Schweller s analysis is the argument that the structure of the international system was tripolar with Germany the Soviet Union and the United States as the three central powers and that this needs to be considered in any examination of the antecedent causes and crucial events of the war

19Th Century Russian Literature by Leo Tolstoy : War and Peace/Childhood/Boyhood/Anna Karenina Leo Tolstoy,2022-08-30 19th Century Russian Literature by Leo Tolstoy War and Peace Childhood Boyhood Anna Karenina by Leo Tolstoy This collection features some of the most significant works of 19th century Russian literature by Leo Tolstoy one of the greatest novelists of all time War and Peace is an epic historical novel that spans a vast canvas depicting the lives of multiple characters against the backdrop of the Napoleonic era Childhood and Boyhood are the first two parts of Tolstoy s autobiographical trilogy offering intimate insights into the author s early years and his coming of age experiences Anna Karenina is a masterful portrayal of love society and moral dilemmas revolving around the complex relationships of the titular character These timeless classics by Tolstoy explore themes of love war family society and the human condition solidifying his place as one of the giants of world literature Key Aspects of the Book 19th Century Russian Literature by Leo Tolstoy War and Peace Childhood Boyhood Anna Karenina 1 Epic Historical Novel War and Peace offers a sweeping narrative set during the tumultuous times of the Napoleonic Wars delving into the lives of diverse characters 2 Autobiographical Insights Childhood and Boyhood provide readers with autobiographical glimpses of Tolstoy s early life and his personal growth 3 Complex Exploration of Love and Society Anna Karenina is a profound study of human relationships love and the moral dilemmas faced by the characters in the context of Russian high society Leo Tolstoy was a Russian novelist and philosopher born in 1828 He is widely regarded as one of the greatest literary figures in world literature Tolstoy s works including novels like War and Peace and Anna Karenina and his numerous short stories are celebrated for their profound insights into human nature and society His literary contributions have had a significant impact on the development of realist fiction and the modern novel Beyond his literary achievements Tolstoy also explored philosophical and moral questions advocating for nonviolent resistance and a simple agrarian lifestyle His legacy continues to influence writers and thinkers around the world

The Imperial Russian Army in Peace, War, and Revolution, 1856-1917 Roger R. Reese,2019-11-21 In December 1917 nine months after the disintegration of the Russian monarchy the army officer corps one of the dynasty s prime pillars finally fell a collapse that in light of World War I and the Bolshevik Revolution historians often treat as inevitable The Imperial Russian Army in Peace War and Revolution 1856 1917 contests this assumption By expanding our view of the

Imperial Russian Army to include the experience of the enlisted ranks Roger R Reese reveals that the soldier s revolt in 1917 was more social revolution than anti war movement and a revolution based on social distinctions within the officer corps as well as between the ranks Reese s account begins in the aftermath of the Crimean War when the emancipation of the serfs and consequent introduction of universal military service altered the composition of the officer corps as well as the relationship between officers and soldiers More catalyst than cause World War I exacerbated a pervasive discontent among soldiers at their ill treatment by officers a condition that reached all the way back to the founding of the Russian army by Peter I It was the officers refusal to change their behavior toward the soldiers and each other over a fifty year period Reese argues capped by their attack on the Provisional Government in 1917 that fatally weakened the officer corps in advance of the Bolshevik seizure of power As he details the evolution of Russian Imperial Army over that period Reese explains its concrete workings from the conscription and discipline of soldiers to the recruitment and education of officers to the operation of unit economies honor courts and wartime reserves Marshaling newly available materials his book corrects distortions in both Soviet and Western views of the events of 1917 and adds welcome nuance and depth to our understanding of a critical turning point in Russian history

Wars and Peace D. Mayers,1998-07-14 Wars and Peace is a history of the way that a range of Americans have tried to conceptualize peace during five national security crises The Civil War Spanish American War World War I World War II Cold War Award winning author David Mayers examines the intellectual foundations of U S foreign policy since 1861 and analyzes the way that Americans across the political spectrum have in times of conflict conceptualized the era that would follow hostilities Mayers looks at this history in terms of a current problem How should the United States fashion its policy in the post Cold War world What is striking about previous attempts to create postwar orders Mayers reveals is that they failed in the test to fulfill the hopes of their authors Yet the cumulative impact of these ideas has been to shape collective imagination in America Mayers argues that earnest attempts at innovation notwithstanding U S purpose remains unchanged and like that of every nation to survive to prosper if possible As applicable to this day and to this study as to his own W E B Du Bois published these lines in 1935 Nations reel and stagger on their way they make hideous mistakes they commit frightful wrongs they do great and beautiful things In this volume Mayers gives voice to a range of people who have acted on the political scene the powerful but also the marginalized the vanquished the dissenting to show how Americans of all persuasions have flavoured the national discourse

Black Earth, Red Star R. Craig Nation,2018-07-05 R Craig Nation provides the first post Cold War history of the Soviets seventy five year struggle to maintain an effective national security policy in a hostile world without altogether abandoning the commitment to their original internationalist ideals

Russia and Eurasia 2018-2019 Brent Hierman,2018-09-30 Published and updated annually Russia and Eurasia deals with the twelve independent republics that became members of the Commonwealth of Independent States following the collapse of the Soviet Union in December 1992 The text focuses strongly on recent economic and

political developments with shorter sections dealing with foreign policy the military religion education and specific cultural elements that help to define each republic and differentiate one from the other Approximately one third of the book is devoted to Russia but also includes sections on Ukraine Belarus Moldova Armenia Azerbaijan Georgia Kazakhstan Kyrgyzstan Tajikistan Turkmenistan and Uzbekistan How the Commonwealth of Independent States came into being and how it has evolved since 1992 is also discussed The combination of factual accuracy and up to date detail along with its informed projections make this an outstanding resource for researchers practitioners in international development media professionals government officials potential investors and students

Stalin's Wars Geoffrey Roberts, 2006-01-01 This breakthrough book provides a detailed reconstruction of Stalin's leadership from the outbreak of the Second World War in 1939 to his death in 1953 Making use of a wealth of new material from Russian archives Geoffrey Roberts challenges a long list of standard perceptions of Stalin his qualities as a leader his relationships with his own generals and with other great world leaders his foreign policy and his role in instigating the Cold War While frankly exploring the full extent of Stalin's brutalities and their impact on the Soviet people Roberts also uncovers evidence leading to the stunning conclusion that Stalin was both the greatest military leader of the twentieth century and a remarkable politician who sought to avoid the Cold War and establish a long term detente with the capitalist world By means of an integrated military political and diplomatic narrative the author draws a sustained and compelling personal portrait of the Soviet leader The resulting picture is fascinating and contradictory and it will inevitably change the way we understand Stalin and his place in history Roberts depicts a despot who helped save the world for democracy a personal charmer who disciplined mercilessly a utopian ideologue who could be a practical realist and a warlord who undertook the role of architect of post war peace

Michael A. Musmanno John S. Haller Jr., 2023-03-22 Aimed at scholars and general readers alike this book offers the first biography of Michael A. Musmanno a Pittsburgh native who found national and international fame in his storied roles as lawyer judge and author of sixteen books two of which became Hollywood movies Born to Italian immigrants Musmanno began working as a coal loader when he was a teenager and he later earned a law degree from Georgetown University Over the course of his colorful career Musmanno became best known for serving as appellate attorney in the Sacco Vanzetti trial presiding over the Einsatzgruppen trial at Nuremberg and issuing over 500 impassioned dissents as a justice on the Pennsylvania Supreme Court John Haller's lively biography highlights the historical and political significance of these achievements while also illuminating the range and influence of Musmanno's other professional accomplishments At the same time Haller's book also looks beneath this public persona It uncovers striking and sometimes troubling details about Musmanno's private life including his relationship with a young child who would eventually become his fiancée for a brief time In telling the story of Musmanno Haller transforms extensive archival research into an engaging narrative His book not only charts Musmanno's indelible political influence but also portrays a human a figure riven with ambiguity complexity and contradiction

Russias Road From Peace To War Soviet Book Review: Unveiling the Power of Words
