Harnessing the Airplane Lori A. Henning, 2019-01-31 At its dawn in the early twentieth century the new technology of aviation posed a crucial question to American and British cavalry what do we do with the airplane Lacking the hindsight of historical perspective cavalry planners based their decisions on incomplete information Harnessing the Airplane compares how the American and British armies dealt with this unique challenge A multilayered look at a critical aspect of modern industrial warfare this book examines the ramifications of technological innovation and its role in the fraught relationship that developed between traditional ground units and emerging air forces Cavalry officers pondered the potential military uses of airplanes and other new technologies early on but preferred to test them before embracing and incorporating them in their operations Cavalrymen cautiously examined airplane capabilities developed applications and doctrine for joint operations and in the United States even tried to develop their own specially designed craft Throughout the interwar period instead of replacing the cavalry airplanes were used cooperatively with cavalry forces in reconnaissance security communication protection and pursuit a collaboration tested in maneuvers and officially blessed in both British and American doctrine This interdependent relationship changed drastically however during the 1930s as aviation priorities and doctrine shifted from tactical support of ground troops toward independent strategic bombardment Henning shows that the American and British experiences with military aviation differed The nascent British aviation service made quicker inroads into reconnaissance and scouting even though the British cavalry was the older institution with more established traditions The American cavalry despite its youth contested the control of reconnaissance as late as the 1930s years after similar arguments ended in Britain Drawing on contemporary government reports memoirs and journals of service personnel books and professional and trade journals and magazines Harnessing the Airplane is a nuanced account of the cavalry s response to aviation over time and presents a new perspective on a significant chapter of twentieth century military history

Animals in the Military John M. Kistler, 2011-06-16 This book pays tribute to the unrecognized warriors and unsung heroes of human warfare millions of animals from a surprising variety of species ranging

from rodents to dolphins to llamas When one thinks of war armies of soldiers and assaults with bullets and bombs delivered by deadly machinery typically come to mind Throughout human history however animals have also played significant roles in our armed conflicts In *Animals in the Military From Hannibal's Elephants to the Dolphins of the U S Navy* author John M Kistler examines these contributions describing the work of animals in human warfare throughout time from lowly insects to birds to elephants Drawing on both ancient and modern sources the book reveals the full scope of heroics and horror committed by and against animal warriors in three unique areas animals in combat animals in support and animals in incidental and experimental roles Each chapter describes a single species chronologically recounting its fascinating place in human warfare over time from insects used as stinging projectiles to message delivering pigeons *Journal of the Society for Army Historical Research* Society for Army Historical Research (London, England),2004 *An Illustrated History of Russia* Joel Carmichael,1960 ***Cassell's Illustrated History of England*** ,1857 *The Illustrated History of the War Against Russia* Edward Henry Nolan,1857 *John Cassell's Illustrated History of England* John Frederick Smith,1864

Death's Head Joost Hølscher,2013-01-01 The richly illustrated book is the first part of a series on the history of uniform This particular installment is an historical treatise on the origins development and diffusion of the Death's Head badge among military units throughout the Western World from the 17th century onward It describes the different occurrences of this potent symbol and tries to shed some light on the reasons and motivations involved in the choice and implementation of so charged an image as the skull and crossbones It tries to attenuate some of the justified aversion incurred since the Second World War and the use the Nazis made of the emblem as it delves into the noble and honorable motives usually associated with the struggle against oppression connected to the Death's Head during the nineteenth century The sheer number of occurrences documented and illustrated 101 in the book is enough to generate some astonishment and will surely spark the curiosity of the reader Most people are not aware of the use of skulls by any military unit other than the SS let alone its employment by such irreproachable regiments as the Queens Royal Lancers Even those interested in military history will probably not have realized the measure of proliferation the Skull Bones badge has known nor the significance attached to it A few of the instances I have discovered in my research will generate some interest as well as these were not yet widely known or put together in an extensive study For example until now the oldest known use of the emblem was usually attributed to the Prussian Von Ruesch hussars of 1741 I have been able to push back this date by a hundred years with my discovery of the Von Menzel Pandurs and especially the Cronberg Cuirassiers of the Thirty Years War Another point of interest is the depiction of many colorful and sometimes even extravagant uniforms of irregular units or even individual officers For instance the attire of the famous Baron de Gramont of 1810 stands out but also the somewhat theatrical outfit of Josef Zienkowsky of 1830 is of particular interest to uniformologists and historians of fashion alike As the image of the skull and bones gains popularity among the numerous adherents of countless subcultural lifestyles the interest in the subject also

grows significantly outside the more usual circles of militaria buffs Other proposed titles in this series The Sense of Uniform Why are armies in uniform The Origins The Fringe Cords ribbons and plumes Headgear Fashion How do uniforms and civilian fashions interact Cavalry Infantry Guards Navy and Marines *Whitaker's Books in Print* ,1990 **Illustrated History of the War in Italy** John E. Tuel,1859 *Cassell's illustrated history of India* James Grant,1883 **The Last Cavalry Sword** Anthony C. Burke,2022-12-29 This book tells the story of the last sword ever designed by a major power for its army to use as a weapon not as an article of a dress uniform The sword was the U S Model 1913 Cavalry Saber the designer was George S Patton then a lieutenant on the staff of the Army chief of staff Patton participated in the modern pentathlon in Stockholm in 1912 which included fencing coming fifth overall No one in the U S Army could be better suited therefore to design its last major edged weapon The Last Sword provides an illustrated overview of the history of cavalry swords and their employment on the battlefield from the end of the Renaissance through the Napoleonic Era the Mexican American War the Civil War the Spanish American War culminating with the Patton cavalry saber and includes descriptions of a number of the more famous cavalry charges Patton s unswerving belief in the value of horse mounted cavalry and in the value of those troopers and officers being equipped with the sword he designed is described using his own words He continued to advocate horse mounted cavalry right up to the start of the Second World War Though mechanized squadrons replaced the conventional cavalry it was not quite the end of Patton s sword as some Model 1913 Cavalry Sabers were converted to fighting knives carried by GIs during the war The book is fully illustrated with images from the collections of the Smithsonian Institution Museum of American History the Library of Congress the General George S Patton Museum the National Museum of the U S Army the Connecticut Historical Society and from private collections most of which have never been published before John Cassell's illustrated history of England. The text, to the reign of Edward i by J.F. Smith; and from that period by W. Howitt Cassell, ltd,1865 Navy & Army Illustrated ,1898 A HISTORY OF THE GREAT WAR - All 6 Volumes (Illustrated with Maps and Plans) Arthur Conan Doyle,2024-01-16 In A History of the Great War Arthur Conan Doyle delves into the monumental events of World War I capturing the complexities and human experiences intertwined with the conflict Spanning six illustrated volumes the work is notable for its meticulous research and compelling narrative style that merges historical analysis with vivid storytelling Doyle employs maps and plans to enhance readers understanding of the war s geography and strategic movements placing the reader in the heart of the battlefield while documenting the political and social ramifications of the war across various nations Sir Arthur Conan Doyle renowned primarily for creating the iconic detective Sherlock Holmes possessed a profound commitment to social issues and historical accuracy which is reflected in this extensive work His experiences as a physician serving in the war and his keen interest in military strategy greatly informed this comprehensive history Doyle sought not just to chronicle events but to elucidate the moral questions posed by the war drawing on his personal convictions as a social commentator of his time This seminal work is highly recommended

for scholars and history enthusiasts alike as it offers an indispensable perspective on one of the most significant events in modern history Doyle's blend of narrative flair and scholarly research presents a moving tribute to those who lived through the Great War making it essential reading for anyone seeking to understand the war's legacy

Our Cavalry Michael Frederic Rimington, 2021-05-19 In *Our Cavalry* Michael Frederic Rimington delivers a poignant exploration of military life and the valor of cavalry soldiers during the tumultuous period of World War I The book is characterized by its vivid narrative style blending personal anecdotes with historical insights that provide readers with a unique perspective on the frontlines Rimington's eloquent prose captures the chaos and camaraderie of cavalry units painting a multi-faceted picture of their experiences amidst the horrors of war while also reflecting on the broader societal implications of conflict and heroism in a rapidly changing world Rimington a British Army officer himself draws heavily on his own experiences in the cavalry which lends authenticity and emotional depth to the narrative His background in military service not only informs the rich details of the cavalry's operational strategies but also imbues the text with a sense of pressing urgency and genuine reverence for those who served Rimington's firsthand observations and his skillful command of language serve to illuminate the nuances of bravery and sacrifice that define military life This compelling blend of personal memoir and historical documentation makes *Our Cavalry* an essential read for anyone interested in military history social dynamics of wartime or the human spirit in the face of adversity Rimington's comprehensive and insightful portrayal serves as both a tribute and a critical examination inviting readers to reflect on the enduring legacy of those who have served in the cavalry

The Illustrated History of the Expedition to the Crimea, from the Embarkation of the Allies at Varna, Etc, 1854 **Royal Dragoon Guards** Anthony Dawson, 2018-12-15 Anthony Dawson documents the fascinating history of the famous Royal Dragoon Guards one of Britain's most successful cavalry regiments who have been involved in several iconic battles including Balaclava and Sevastopol Ypres and the Somme and the Normandy Landings

[The Alamo](#) Edwin P. Hoyt, 2003-04-15 Master historian Edwin P. Hoyt depicts with graphic and gripping detail the conflict between revolutionary Texas and the Mexican government determined to rule In the first paperback edition of a highly acclaimed history Hoyt describes the well-known historical facts of the revolution the pivotal siege of the Alamo and the decisive aftermath and fills them with new life By merging a multitude of authoritative accounts of this turbulent period and the bloody clashes that shaped it Hoyt paints a dynamic portrait of Texas rebels and Mexican authorities locked in a struggle over the fate of an untamed land Fully illustrated with more than 120 black and white and full color images *The Alamo* reveals the entire spectrum of Texas's determined bid for independence Read of the triumph passion and tragedy of the valiant yet doomed defenders of the old Spanish mission

Adopting the Tune of Appearance: An Mental Symphony within **Sabre And Lance An Illustrated History Of Cavalry**

In a global consumed by displays and the ceaseless chatter of instantaneous connection, the melodic elegance and emotional symphony created by the published term often disappear into the back ground, eclipsed by the relentless sound and distractions that permeate our lives. However, set within the pages of **Sabre And Lance An Illustrated History Of Cavalry** a marvelous literary value full of natural emotions, lies an immersive symphony waiting to be embraced. Crafted by a wonderful musician of language, that interesting masterpiece conducts visitors on a psychological journey, well unraveling the hidden melodies and profound affect resonating within each cautiously constructed phrase. Within the depths of this poignant analysis, we can discover the book is central harmonies, analyze its enthralling writing type, and surrender ourselves to the profound resonance that echoes in the depths of readers souls.
