Fenn, 2008-04-15 The Blackwell Companion to Sociology of Religion is presented in three comprehensive parts Written by a range of outstanding academics the volume explores the current status of the sociology of religion and how it might look in future Explores the current status of the sociology of religion and how it might look at the beginning of the next millennium Traces the boundaries between sociology and other closely related disciplines such as theology and social anthropology Edited by one of the best known and most widely respected sociologists of religion Accessibly presented in three comprehensive parts **Godwired** Rachel Wagner, 2012-03-12 *Godwired* offers an engaging exploration of religious practice in the digital age It considers how virtual experiences like stories games and rituals are forms of world building or cosmos construction that serve as a means of making sense of our own world Such creative and interactive activity is arguably patently religious This book examines the nature of sacred space in virtual contexts technology as a vehicle for sacred texts who we are when we go online what rituals have in common with games and how they work online what happens to community when people worship online how religious worlds and virtual worlds nurture similar desires Rachel

Wagner suggests that whilst our engagement with virtual reality can be viewed as a form of religious activity today's virtual religion marks a radical departure from traditional religious practice it is ephemeral transient rapid disposable hyper individualized hybrid and in an ongoing state of flux

Living on the Border of the Holy L. William Countryman, 1999-01-01 I wish every self identified person of faith could read this remarkable thought provoking book Bruce Bawer author of *Stealing Jesus* There is a lot of tension in churches today about whose ministry is primary that of the laity or of the clergy *Living on the Border of the Holy* offers a way of understanding the priesthood of the whole people of God and the priesthood of the ordained by showing both are rooted in the fundamental priestly nature of life After an exploration of the ministries of laity and ordained Countryman examines the implications of this view of priesthood for churches and for those studying for ordination For anyone struggling with how to live in the thin places between heaven and earth Dr Countryman's brilliant offer hope

companionship and the fruits of years of experience His theory of a fundamental human priesthood gives us all a compassionate guide to follow as we enter the borderlands and it should help end the division between clergy and laity Countryman's human priesthood leads us into the future where God calls us to be Nora Gallagher author of Things Seen and Unseen A Year Lived in Faith Encountering God Diana L. Eck, 2014-10-28 A clarion call for interfaith dialogue in the U S this splendid exposition of non Christian approaches to God encourages an increased religious literacy that will contribute richness and diversity to our national identity Publishers Weekly In this tenth anniversary edition of Encountering God religious scholar Diana Eck shows why dialogue with people of other faiths remains crucial in today's interdependent world globally nationally and even locally As the director of the Pluralism Project which seeks to map the new religious diversity of the United States from Hinduism and Buddhism to Islam she reveals how her own encounters with other religions have shaped and enlarged her Christian faith toward a bold new Christian pluralism SACRED WORLD OF PENITENTES Alberto L. Pulido, 2000-07-17 On the isolated frontiers of the Spanish empire Catholicism flourished with little direction or support from the centers of colonial power in Mexico Hispano Catholics in the Southwest fashioned a self-reliant lay religion that was intimately connected to their everyday experiences From this tradition emerged Los Hermanos Penitentes of New Mexico a brotherhood that has led Hispano communities both in worship and in practical measures such as collective irrigation and harvest since the end of eighteenth century Yet in accounts that range from nineteenth century pastoral letters to sensational mid twentieth century magazine exposes the brotherhood has been cast as a group of religious primitives who practice self flagellation and other bizarre rituals Drawing on seven years of research and extensive interviews with several penitentes Alberto Lopez Pulido focuses on their core religious concept of doing penance through charity prayer and the good example He explains that for the penitentes prayer is a form of action and acts of charity are tantamount to prayer and that both provide good examples to the brotherhood and the community at large Lopez Pulido argues that such teachings which have flourished outside the boundaries of institutional Catholicism should be seen as creative practical and lived religious expression rather than as deviancy Allowing penitentes oral histories to reveal their views of the sacred Lopez Pulido shows how the brotherhood's practices have continued to maintain community identity and purpose throughout northern New Mexico **The Liberty Wars: The Trump Time Bomb** Joe Dixon, 2018-02-07 Trump is in the White House Forget the Culture Wars the Liberty Wars are about to erupt on the grand apocalyptic scale Do you know the difference between positive and negative liberty You had better find out fast They define the world we live in and the immense conflicts to come Politics has failed The advent of Donald Trump a Plutocrat with zero political experience as the President of the USA shows that democracy is now coming to its end If the President can be a non politician a demagogue of the old school why do we need any politicians at all What have the politicians ever done for us The Reckoning is here As John F Kennedy said The hottest places in Hell are reserved for those who in time of moral crisis preserve their neutrality *Politics and Religion in*

the Modern World George Moyser, 2002-11-01 Despite the commonly held Western view that secularisation has taken religion out of the political sphere the relationship between religion and politics is at the heart of many of the critical issues of our time The role of the church in nationalist movements in Eastern Europe and the influence of Islam on Middle Eastern politics are two clear examples Politics and Religion in the Modern World sets out to examine what makes religion and politics such a potent combination in countries around the world It is an important analysis of the relationship between religion and politics which will be recommended reading for students of political science religious studies and sociology

Encounters with Orthodoxy John P. Burgess, 2013-01-01 When author and theologian John P Burgess first travelled to Russia he was hoping to expand his theological horizons and explore the rebirth of the Orthodox Church since the fall of Communism But what he found changed some fundamental assumptions about his own tradition of North American Protestantism In this book Burgess looks to Orthodoxy to help the North American Protestant church which has seen membership decline to below 50% of the population for the first time find new ways to worship teach and spread its message He considers Orthodox rituals icons the attention to saints and miracles monastic life and Eucharistic theology and practice He then explores whether and how Protestants can use these elements of Orthodoxy to help revitalize the mainline church Burgess helpfully demonstrates the ways in which Orthodoxy calls us back to what is most important in Christian faith and life

The World's Religions George Thomas Bettany, 1890

Encountering the City Jonathan Darling, Helen F. Wilson, 2016-07-15 Encountering the City provides a new and sustained engagement with the concept of encounter Drawing on cutting edge theoretical work classic writings on the city and rich empirical examples this volume demonstrates why encounters are significant to urban studies politically philosophically and analytically Bringing together a range of interests from urban multicultural systems of economic regulation security and suspicion to more than human geographies soundscapes and spiritual experience Encountering the City argues for a more nuanced understanding of how the concept of

encounter is used This interdisciplinary collection thus provides an insight into how scholars writing on and in the city mobilise theorise and challenge the concept of encounter through empirical cases taken from Africa Asia Australia Europe North America and South America These cases go beyond conventional accounts of urban conviviality to demonstrate how encounters destabilise rework and produce difference fold together complex temporalities materialise power and transform political relations In doing so the collection retains a critical eye on the forms of regulation containment and inequality that shape the taking place of urban encounter Encountering the City is a valuable resource for students and researchers alike
