## **Sacrifice We Offer Tridentine Dogma And Its Reinterpretation:**

**The Sacrifice We Offer** David Noel Power, 1987      **Sacrifice and Community** Matthew Levering, 2008-04-15 This book explores the character of the Eucharist as communion in and through sacrifice. It will stimulate discussion because of its controversial critique of the dominant paradigm for Eucharistic theology, its reclamation of St Thomas Aquinas's theology of the Eucharist and its response to Pope John Paul II's *Ecclesia de Eucharistia*. Argues that the Eucharist cannot be separated from sacrifice and rediscovers the biblical connections between sacrifice and communion. Timed to coincide with the Year of the Eucharist proclaimed by Pope John Paul II. Reclaims the riches of St Thomas Aquinas's theology of the Eucharist which had recently been reduced to a metaphysical defence of transubstantiation.

**The Eucharist in Theology and Philosophy** István Perczel, Réka Forrai, György Geréby, 2005 Discusses the conceptual, doctrinal, theological and philosophical aspects of the developments concerning the Eucharistic doctrines of the Christian Churches not just the Western ones but the Byzantine, Slavic and Oriental ones too.

**Theology in a Post-Traumatic Church** Sheveland, John N., 2023-06-29 Clergy perpetrated child sexual abuse is addressed through theology, scripture, ethics and psychology.

*Christ and the Catholic Priesthood* Matthew Levering, 2010      *Sacraments of Initiation, Second Edition* Liam G. Walsh OP, 2022-01-07 This title is no longer available. The original edition of this book presented a theology of sacraments that emerged out of a Church stirred into new life by the Second Vatican Council. It is a theology that can claim to have been continuously received in the Catholic Church since then. It is the theology that has been widely practiced and preached in pastoral life. It has been given catechetical shape in the Catechism of the Catholic Church. However, during the past 23 years, some trends developed in pastoral theology and practice that were taking directions that seemed hard to reconcile with the decisions of the Council. This new edition examines the way some theological counter-currents have developed over those years, both in theory and in practice. The sacramental theology contained in this study maintains the broad ongoing agreement between what it proposes and mainstream Church teaching and practice. The book examines the tradition of sacramental practice and teaching. Biblical and historical studies continue to uncover new riches of the tradition, and recent findings are discussed. A careful listening to the tradition of rite and word is truly indispensable for sacramental theology. It was out of such listening that Vatican II teaching on sacraments emerged, and provision was made for recovering the full richness of the tradition. Not all of the recent theological speculations and pastoral strategies given an equally serious acknowledgement to the tradition. The liturgies that are studied in this book have been given to the Church in the wake of Vatican II. The historical chapters will show the liturgies to be a contemporary expression of fidelity to core values of the Apostolic Tradition. The chapters on the rite of each sacrament are mainly descriptive and historical but also include anthropological reflections that unveil the human significances of the various rites. The chapters on the word examine the biblical and traditional word spoken in the churches about each sacrament and conclude with what is called a systematic essay. The bibliography has been updated to reflect the

development in the field      Eucharist and Receptive Ecumenism Kimberly Hope Belcher, 2020-10-15 This book bridges Catholic and Protestant theologies of the eucharist using ritual practice and the act of giving thanks      *God Encountered: Understanding the Christian faith* Frans Jozef van Beeck, 1997 God Encountered A Contemporary Catholic Systematic Theology Volume One      *Received by Christ* Celine S. Yeung, 2023-07-21 Huldrych Zwingli had an idea To the shock of both Rome and fellow Protestant Martin Luther he argued that Christ is not physically present in the Lord's Supper Rather the Eucharistic elements only represent Christ's body and blood However the unique basis undergirding his theory is often overlooked both by his contemporaries and later commentators He specifically understood the Lord's Supper to be patterned after the Passover meal the meal of the Old Testament His memorialist understanding was in fact based on the memorialist nature of the Passover By bringing in Jewish scriptures to bear on our understanding of the Lord's Supper his approach unlocks new questions that do not necessarily presuppose Greek metaphysics or a break from traditions This work seeks to continue to develop the method Zwingli left behind delineating a Eucharistic theology for the church today one that gives careful consideration to God's actions in relation to Israel and therefore sees the meal not metaphysically but historically and relationally      *Practice what You Preach* James F. McMichael, 2010-06-17 What is the Eucharist This direct question would seem to yield an equally direct answer However as soon as we begin to answer it we encounter an array of responses layered with various complexities The answer is shaped by who answers for

example a roman catholic an Anglican or a Baptist Perhaps even the name Eucharist would be contested Answers to this question would reflect not only confessional differences but also the spectrum of theological and liturgical perspectives across Christianity In this book Ralph McMichael analyses these complexities perplexities raised by asking this questions

McKenna, CM, 2022-01-07 In this remarkable book theologian and teacher Rev John McKenna examines our use of sign and symbol as it pertains to the study of the Eucharist the source and summit of the Church In clear and accessible language he clarifies the use of sign and symbol from anthropological phenomenological Old and New Testament perspectives He expertly analyzes historical backgrounds as well as current eucharistic theologies *The Eucharist as Orikonso* Damian Onwuegbuchulam Eze, 2008 In this book the author relying on the research he carried out in Igboland Nigeria leads us to see the action of God's grace already active in the Igbo religious culture called Omenala Ndigbo before the coming of Christian missionaries and how these cultural values have prepared the people to receive the Gospel But as he points out these cultural values on which the Christian message ought to have been built from the beginning were grossly misunderstood and neglected The Igbo people are now mainly Christians But because the Gospel has not yet become their culture some of them have double allegiance to the doctrines of the Church and to the practices of Omenala Ndigbo The author opines that to build the Catholic Church in Igboland on a solid foundation the Eucharist must take the central place since the Eucharist makes the Church and is the source and summit of the life of the Church Thus the work which uses the analytical and hermeneutical method known as inculturation is on Eucharistic Ecclesiology from an Igbo perspective and will be useful for the Church both at the local and universal levels for self understanding and renewal ecumenism dialogue and mission **Wedding Feast of the Lamb:**

**Rehearsing God's Just Kingdom** Stephen S. Wilbricht, 2013-11-15 In the course of a teaching and writing career cut too short Mark Searle 1941 1992 provided a worthy contribution to the study of liturgy The breadth of his liturgical interests and his desire to integrate a wide range of academic areas with the study of liturgy mark this scholar as a gifted thinker and author arguably a pioneer In *Rehearsing God's Just Kingdom* Stephen S Wilbricht explores Searle s basic conviction that liturgy represents rehearses and forms in its participants the essential commitments of the Christian community Searle called for the church s liturgy to be embraced as a rehearsal that is performed over and over again and again until it is practiced perfectly in the kingdom of heaven In an age when so much depends on instant gratification and in which institutional commitment is often held in contempt Searle s thinking provides an avenue for liturgical renewal that hinges upon a respect for and trust in ritual forms and behavior

**Catholic Belief and Survival in Late Sixteenth-Century Vienna** Elaine Fulton, 2016-12-05 Dr Georg Eder was an extraordinary figure who rose from humble origins to hold a number of high positions at Vienna University and the city s Habsburg court between 1552 and 1584 His increasingly uncompromising Catholicism eventually placed him at odds however with many influential figures around him not least the confessionally moderate Habsburg Emperor Maximilian II Pivoting around a dramatic incident in 1573 when Eder s ferocious anti Lutheran polemic the *Evangelical Inquisition* fell under sharp Imperial condemnation this book investigates three key aspects of his career It examines Eder s position as a Catholic in the predominantly Protestant Vienna of his day the public expression of Eder s Catholicism and the strong Jesuit influence on the same and Eder s rescue and subsequent survival as a lay advocate of Catholic reform largely through the alternative protection of the Habsburgs rivals

the Wittelsbach Dukes of Bavaria Based on a wide variety of printed and manuscript material this study contributes to existing historiography by reconstructing the career of one of late sixteenth century Vienna s most prominent figures In a broader sense it also adds significantly to the wider canon of Reformation history by re examining the nature and extent of Catholicism at the Viennese court in the latter half of the sixteenth century It concludes by emphasising the importance of influential laity such as Eder in advancing the cause of Catholic reform and challenges the prevalent portrayal of the sixteenth century Catholic laity as an anonymous and largely passive group who merely responded to the ministries of others
