One of the last operating coal burning steamships in the world the S S Badger provides travelers and their automobiles with what is now the only opportunity to ferry across Lake Michigan Each summer thousands of tourists enjoy sailing the 60 mile run between Ludington Michigan and Manitowoc Wisconsin In 1892 the Ann Arbor Railroad Company introduced a fleet of cross lake ferries intended to transport railroad cars By 1897 the Pere Marquette Railroad launched its own fleet out of Ludington beginning with the S S Pere Marquette For decades these ships carried freight and eventually automobiles and people across Lake Michigan Today only the Badger remains Through a unique collection of archival and contemporary images this book documents the S S Badger's historic career as a provider of cross lake transport Vintage advertisements memorable photographs rare diagrams and informative text reveal the fascinating details behind the Lake Michigan Car Ferry's now rare steam propulsion system her design and layout and her development from an icebreaking railroad ferry to a seasonal passenger ferry *S.S. Badger* Lake Michigan Car ferry,2012 *Roadside Tidbits* Jan Young,2014-09-07 How often have you been driving say on a cross country trip and have flashed by a sign that says Historical Marker 1 mile How often have you stopped to read the sign How often have you wondered what you would have discovered if you had stopped Well if you're like me the answers are often almost never and almost always There never seems to be time the markers although announced can be hard to find and then there's the question of where to park and how to get from the car to the marker and back safely One doubts that it's worthwhile But yet there's that nagging feeling that maybe it would be fascinating This book is a sampling of two hundred eighty four of the thousands of real life historical markers that exist on our roads and highways Each is accompanied by detailed location information and by an expansion of the often brief inscription Writing it satisfied my curiosity It's very likely it will satisfy yours too *Moon Michigan* Paul Vachon,2017-05-23
