## Look Away A Dixie Notebook:

*Look Away!* James Howell Street, 1977      **Annual Report of the Archivist of the United States** National Archives (U.S.), 1934      The Free State of Jones Victoria E. Bynum, 2003-02-01 Across a century Victoria Bynum reinterprets the cultural social and political meaning of Mississippi's longest civil war waged in the Free State of Jones the southeastern Mississippi county that was home to a Unionist stronghold during the Civil War and home to a large and complex mixed race community in the late nineteenth and twentieth centuries      The Long Shadow of the Civil War Victoria E. Bynum, 2010-04-15 The Long Shadow of the Civil War relates uncommon narratives about common Southern folks who fought not with the Confederacy but against it Focusing on regions in three Southern states North Carolina Mississippi and Texas Victoria E Bynum introduces Unionist supporters guerrilla soldiers defiant women socialists populists free blacks and large interracial kin groups that belie stereotypes of Southerners as uniformly supportive of the Confederate cause Centered on the concepts of place family and community Bynum's insightful and carefully documented work effectively counters the idea of a unified South caught in the grip of the Lost Cause      **Arkansas** Writers' Program of the Work Projects Administration in the State of Arkansas, 1941      **Tap Roots** James H. Street, 2014-05-22 In the second novel of the Dabney family saga Sam l Dabney is no longer ol man Dabney's brat but has become a rich and successful aristocrat of such great influence that some call him the Father of Mississippi and Alabama Old and dying he and Tishomingo a prince of the Choctaws are all who are left of the group who fled the Promised Land After Sam's death the Dabney family strong greedy and imbued with raw courage jeers at fate and dares the impossible They secede from Mississippi organize an independent republic called the Free State of Lebanon and wage a no quarter war against the might and millions of the Confederacy at a time when the Union seemed doomed Some die in battle others on the gallows and only a few live to see the tiny spark they kindled blaze into a fire for freedom The family is led by Sam's son Hoab a shouting abolitionist and religious zealot whose secret is still carefully guarded and if ever revealed may rock the South He and wife Shellie and their children Cormac red headed Morna in spirit much like her great aunt Honoria and the twins Aven and Bruce continue Sam's legacy the tap root that pushed through the loam and into the red clay bed of the valley and from which the Dabney legacy continues to flourish They are joined by others neighbor Claiborne MacIvor who loved two Dabney women Keith Alexander the morose and unbelievably handsome Black Knight of Vengeance and Reverend Kirkland the pudgy little preacher who told a great denomination I'll see you in hell before I surrender my rights I am but a feeble ripple but behind me comes the whirlwind Tap Roots begins in 1858 and moves to a thunderous climax in 1865 The book is based on the true story of the free state of Jones in which the farmers and workmen of Jones County in Mississippi decide to succeed from both the United States and the Confederacy In this part of the South there were few if any plantations most people worked their own farms and held no slaves and they strongly resented being required to fight a rich man's war The majority of settlers were also of Scots Irish decent and did not believe

in slavery so they decided to form a Republic of free men Tap Roots was a best seller and later made into a film starring Susan Hayward

**The Free State of Jones, Movie Edition** Victoria E. Bynum, 2016-01-25 Between late 1863 and mid 1864 an armed band of Confederate deserters battled Confederate cavalry in the Piney Woods region of Jones County Mississippi Calling themselves the Knight Company after their captain Newton Knight they set up headquarters in the swamps of the Leaf River where they declared their loyalty to the U S government The story of the Jones County rebellion is well known among Mississippians and debate over whether the county actually seceded from the state during the war has smoldered for more than a century Adding further controversy to the legend is the story of Newt Knight s interracial romance with his wartime accomplice Rachel a slave From their relationship there developed a mixed race community that endured long after the Civil War had ended and the ambiguous racial identity of their descendants confounded the rules of segregated Mississippi well into the twentieth century Victoria Bynum traces the origins and legacy of the Jones County uprising from the American Revolution to the modern civil rights movement In bridging the gap between the legendary and the real Free State of Jones she shows how the legend what was told what was embellished and what was left out reveals a great deal about the South s transition from slavery to segregation the racial gender and class politics of the period and the contingent nature of history and memory In a new afterword Bynum updates readers on recent scholarship current issues of race and Southern heritage and the coming movie that make this Civil War story essential reading The Free State of Jones film starring Matthew McConaughey Gugu Mbatha Raw and Keri Russell will be released in May 2016

**Catalog of Copyright Entries. New Series** Library of Congress. Copyright Office,1936 Water Tossing Boulders Adrienne Berard,2016-10-18 A generation before Brown v Board of Education struck down America s separate but equal doctrine one Chinese family and an eccentric Mississippi lawyer fought for desegregation in one of the greatest legal battles never told On September 15 1924 Martha Lum and her older sister Berda were barred from attending middle school in Rosedale Mississippi The girls were Chinese American and considered by the school to be colored the school was for whites This event would lead to the first US Supreme Court case to challenge the constitutionality of racial segregation in Southern public schools an astonishing thirty years before the landmark Brown v Board of Education decision Unearthing one of the greatest stories never told journalist Adrienne Berard recounts how three unlikely heroes sought to shape a new South A poor immigrant from southern China Jeu Gong Lum came to America with the hope of a better future for his family Unassuming yet boldly determined his daughter Martha would inhabit that future and become the face of the fight to integrate schools Earl Brewer their lawyer and staunch ally was once a millionaire and governor of Mississippi When he took the family s case Brewer was both bankrupt and a political pariah a man with nothing left to lose By confronting the separate but equal doctrine the Lum family fought for the right to educate Chinese Americans in the white schools of the Jim Crow

South Using their groundbreaking lawsuit as a compass Berard depicts the complicated condition of racial otherness in rural Southern society In a sweeping narrative that is both epic and intimate *Water Tossing Boulders* evokes a time and place previously defined by black and white a time and place that until now has never been viewed through the eyes of a forgotten third race In vivid prose the Mississippi Delta an empire of cotton and a bastion of slavery is reimaged to reveal the experiences of a lost immigrant community Through extensive research in historical documents and family correspondence Berard illuminates a vital forgotten chapter of America's past and uncovers the powerful journey of an oppressed people in their struggle for equality

**Mississippi Forests and Forestry** James E. Fickle, 2001 From prehistory to the present people have harvested Mississippi's trees cultivated and altered the woodlands and hunted forest wildlife Native Americans the first foresters periodically burned the undergrowth to improve hunting and to clear land for farming *Mississippi Forests and Forestry* tells the story of human interaction with Mississippi's woodlands With forty black and white images and extensive documentation this history debunks long held myths such as the notion of the first settlers encountering virgin forests Drawing on primary materials government documents newspapers interviews contemporary accounts and secondary works historian James E Fickle describes an ongoing commerce between people and place from Native American maintenance of the woods to white exploration and settlement to early economic activities in Mississippi's forests to present day conservation and responsible use Viewed over time issues of conservation are rarely one sided *Mississippi Forests and Forestry* describes how the rise of scientific forestry coincided with the efforts of some early lumber companies and industrial foresters to operate responsibly in harvesting trees and providing for reforestation Surprisingly the rise of the pulp and paper industry made reforestation possible in many parts of the state *Mississippi Forests and Forestry* is a history of individuals as well as industries The book looks closely at the ways the lumber industry operated in the woods and mills and at the living and working conditions of people in the industries It argues that the early industrial foresters some lumber companies and pulp and paper manufacturers practiced utilitarian conservation By the late 1950s they accomplished what some considered a miracle Mississippi's forests had been restored With the rise of environmentalism in the 1960s popular ideas concerning the proper management and use of forests changed Practices such as clear cutting single age management and manufacturing by chip mills became highly controversial Looking ahead *Mississippi Forests and Forestry* examines the issues that remain heated topics of conservation and use

controversial appearances at college campuses helped to set the stage for a new era of activism at universities Davis died in 1964 According to Horne the time has now come when he along with his good friend Paul Robeson and W E B DuBois should be regarded as a premier leader of African Americans and the U S Left during the twentieth century BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved You Can't Kill a Man Because of the Books He Reads Brad Snyder,2025-02-04 The story of a young Black Communist Party organizer wrongly convicted of attempting to incite insurrection and the landmark case that made him a civil rights hero Decades before the impeachment of an American president for a similar offense Angelo Herndon was charged under Georgia law with attempting to incite insurrection a crime punishable by death In 1932 the eighteen year old Black Communist Party organizer was arrested and had his room illegally searched and his radical literature seized Charged under an old slave insurrection statute Herndon was convicted by an all white jury and sentenced to eighteen to twenty years on a chain gang You Can t Kill a Man Because of the Books He Reads chronicles Herndon s five year quest for freedom during a time when Blacks white liberals and the radical left joined forces to define the nation s commitment to civil rights and civil liberties Herndon s champions included the young Black Harvard Law School educated attorney Benjamin J Davis Jr the future historian C Vann Woodward who joined the interracial Herndon defense committee the white shoe New York lawyer Whitney North Seymour who argued Herndon s appeals and literary friends Ralph Ellison Langston Hughes and Richard Wright With their support Herndon won his freedom and reinvented himself as a Harlem literary star until a dramatic fall from grace A legal odyssey of Herndon s narrow escape from certain death because of his unpopular political beliefs You Can t Kill a Man Because of the Books He Reads explores Herndon s journey from Alabama coal miner to Communist Party organizer to Harlem hero and beyond Brad Snyder tells the stories of the diverse coalition of people who rallied to his cause and who twice appealed his case to the U S Supreme Court They forced the Court to recognize free speech and peaceable assembly as essential rights in a democracy a landmark decision in 1930s America as well as today
