Barton Palmer, Homer B. Pettey, Steven M. Sanders, 2017-01-30 In his essays and interviews Alfred Hitchcock was guarded about substantive matters of morality preferring instead to focus on discussions of technique That has not however discouraged scholars and critics from trying to work out what his films imply about such moral matters as honesty fidelity jealousy courage love and loyalty Through discussions and analyses of such films as Strangers on a Train Rear Window Vertigo North by Northwest and Frenzy the contributors to this book strive to throw light on the way Hitchcock depicts a moral if not amoral or immoral world Drawing on perspectives from film studies

Defensive Expectations Liviu Voinea, 2020-12-09 This book explains why inflation remains subdued after recessions based on three revolutionary concepts defensive expectations compensatory savings and cumulative wage gap When income falls consumption falls and savings rise as people rebuild their past wealth Households will not spend more until they fully recover what they lost The revised Phillips Curve explains that current inflation depends on the cumulative difference between current income and past income This new theory is tested and validated by data for US since 1960 to date and for 35 OECD countries from 1990 to date A number of policy implications are derived from these results The book calls for an optimal policy mix between monetary policy and fiscal policy it also discusses the coronavirus crisis as an extreme case of defensive expectations *Future Perspectives on Positive Psychology: A Research Agenda* Marisa Salanova, Llewellyn

Volker Braun in Perspective

, 2016-08-29

On the occasion of Volker Braun's 65th and GDR German Monitor's 25th birthday an attempt is made to re evaluate Braun's contribution to 20th and 21st century German literature. The seventeen essays of the collection written by a truly international set of scholars demonstrate the unique quality and breadth of Braun's writing spanning all literary genres. But not only that they also reveal the diversity of interpretative perspectives which Braun's oeuvre productively stimulates. They showcase an author who refuses to indulge complacently in past achievements and an opus that defies all attempts at labelling Braun's texts so the verdict of the contributors are driven by an insatiable thirst for the whole story the depth beneath the superficial the complex truth of our human predicament for the precise expression which is not caught up in the limitations of the dominant ideology whatever it might be.
