School Leadership - Heads on the Block? Pat Thomson,2009-05-07 Most teachers become heads for idealistic reasons but heads are

leaving work and there is a shortage of applicants for school leadership roles Arguing that pressure needs to be lifted from heads if this is to be redressed this book considers initial moves that could precipitate such change *Educational Management* Harry Tomlinson, 2013-10-30 Education management and leadership is a key area of study in education Educational Management Major Themes in Education brings together the most important literature in the field exploring the historical context the training and development of leaders and their roles in leading people and managing resources in education The collection provides a focus on the major issues which are current in educational management throughout the world The four volumes are arranged thematically as follows Volume 1 Educational Values Values and Religion Emotions and Gender Politics and Micropolitics Volume 2 Educational Theory Theory School of Effectiveness and School Improvement Financial Management and LSM Further Education Volume 3 Educational Leadership Leadership and Headteachers Learning Leadership Middle Leadership Volume 4 Educational Change History and Research Strategy Marketing Change and Culture A new introduction by the editor provides an overview of the field and guides the reader through this wealth of material Titles also available in this series include Literacy June 2004 4 Volumes 495 Special Educational Needs and Inclusive Education August 2004 4 Volumes 495 and the forthcoming Early Years Education 2005 c 4 Volumes c 475

Towards Effective Subject Leadership In The Primary School Bell, Derek, Ritchie, Ron, 1999-07-01 Examining the post of subject leader in primary schools in the light of the key areas defined by the National Standards for Subject Leadership this book combines existing research data and new material **Handbook of Research on Educational Leadership for Equity and Diversity** Linda C. Tillman, James Joseph Scheurich, 2013-08-21 The rapid growth of diversity within U S schooling and the heightened attention to the lack of equity in student achievement school completion and postsecondary attendance has made equity and diversity two of the principle issues in education educational leadership and educational leadership research The Handbook of Research on Educational Leadership for Equity and Diversity is the first research based handbook that comprehensively addresses the broad diversity in U S schools by race ethnicity culture language gender disability sexual identity and class The Handbook both highly values the critically important strengths and assets that diversity brings to the United States and its schools yet at the same time candidly critiques the destructive deficit thinking biases and prejudices that undermine school success for many groups of students Well known chapter authors explore diversity and related inequities in schools and the achievement problems these issues present to school leaders Each chapter reviews theoretical and empirical evidence of these inequities and provides research based recommendations for practice and for future research Celebrating the broad diversity in U S schools the Handbook of Research on Educational Leadership for Equity and Diversity critiques the inequities connected to that diversity and provides evidence based practices to promote student success for all children **Policy, Leadership and Professional Knowledge in Education** Michael Strain, Dr William F Dennison, Dr Janet Ouston, Dr Valerie Hall, 1998-11-25 For those who want to wallow in the past this is a

comfortable book that sets one's own experiences in context For those who will still be working into the next century here are the issues we must face as leaders For those PhD and EdD students seeking topics to research there are all the controversial issues here that still need investigation and it has a stunning list of references a roll call of all the great and the good in the last 25 years of educational administration International Studies in Educational Administration The book is a challenge to everyone concerned with the present and future state of public education in the UK and the rest of the developed world The issues are of special concern to those who are expected to provide leadership in schools and colleges and for those with public and political responsibilities How should our conception of learning and its contribution to a Learning Society be defined How can education and other aspects of social care and nurturing enhance our lives as people irrespective of our performance capabilities What is the role of teachers who also manage learning This book contributes formatively to current debate What can educationists do about the discontinuous changes which threaten parents and professionals alike Must education submit to the stranglehold of economic rationalism It is hoped that this book will assist all those working to promote education's humane and learning aspirations in society

Leadership And Teams In Educational Management Crawford, Megan, Kydd, Lesley, Riches, Colin, 1997-03-01 Effective leadership and team working makes a crucial difference to the management of schools and colleges This book takes readers through the different dimensions of leadership and its relationship to good team work Personal and organizational skills are dealt with alongside the more theoretical aspects of the subject Throughout the editors stress that leadership and team working are the core activities in managing people This volume forms part of the Leadership and Management in Education series This four book series provides a carefully chosen selection of high quality readings on key contemporary themes in educational management professional development reflection on practice leadership team working effectiveness and improvement quality strategy and resources The series will be an important resource for classroom teachers and lecturers as well as those holding designated management posts in schools and colleges and will provide a valuable basis for professional development programmes

Being a Teacher Educator in Challenging Times Mike Hayler, Judy Williams, 2020-04-24 This book presents a duoethnographic exploration and narrative account of what it means to be a teacher educator today Adopting a narrative approach the book presents different personal political and institutional perspectives to interrogate common challenges facing teacher education and teacher educators today In addition the book compares and contrasts the teacher education landscapes in Australia and the UK and addresses a broad range of topics including the autobiographical nature of teacher educators work the value of learning from experience the importance of collegiality and collaboration in learning to become a teacher educator and the intersection of the personal professional and political in the development of teacher educator pedagogies and research agendas Each chapter combines personal narratives and research based perspectives on the key dimensions of teacher educators work that can be found in the literature including self study research Readers will gain a

better understanding of the processes influences and relationships that make being a teacher educator both a challenging and rewarding career Accordingly the book offers a valuable asset for university leaders experienced and beginning teacher educators and researchers interested in the professional learning and development of teacher educators Managing People in Education Tony Bush, David Middlewood, 1997-02-28 Aims to enhance management practice in education by presenting research findings and theory from a wide range of contributors Skills and Enterprise Update This is indeed a book which could be useful to a much larger readership than the normal closed circle of those working in education Managing Schools Today The book presents relevant research and theory in order to enhance management practice in education The editors intention is to articulate good practice on the basis of evidence in educational settings The ideas presented here are derived from international research and practice and apply to all phases of education with the emphasis on applying research findings to improve practice in schools and colleges *Passionate Leadership in Education* Brent Davies, Tim Brighouse, 2008-08-21 I recommend the book as an inspiration to those who are looking for the words that express what they may already do or will do in the future for these well known writers have world wide experience in recognising and knowing what it is that makes the passionate leader International Journal of Educational Management This is a very interesting collection of chapters on leadership Each chapter is written with verve and conviction and it makes quite stimulating reading Curriculum Perspectives *Passionate Leadership* is a fantastic book by leading thinkers and doers in the education field It takes moral purpose to new levels and above all it puts passion in perspective The book shows that it is not passion by itself that counts but in combination with strategies insights and daily wisdom Above all this is a book of action not rhetoric Michael Fullan Professor Emeritus OISE University of Toronto and Special Adviser on Education to the Premier of Ontario How opportune that Brent Davies and Tim Brighouse have produced a book on *Passionate Leadership* As school leaders are becoming increasingly disillusioned with instrumental forms of educational reform Davies Brighouse and their contributors offer a new vision of leadership one that is driven by a belief that teaching is about enabling every child to reach their potential and a conviction that schools should be places filled with joy and optimism in the pursuit of social justice This inspiration will encourage all our leaders to take their work to a new level Professor David Hopkins HSBC iNet Chair of International Leadership Formerly the Chief Adviser to three Secretary of States In this book internationally recognized writers on leadership explore what makes leaders passionate about their role and their schools The contributors show that leadership must move on from the realm of a role or job towards an energy and commitment for enhancing children s learning and children s lives They maintain that passion must be the driving force that moves vision into action through a range of chapters from internationally known contributors Brent Davies Tim Brighouse Geoff Southworth Chris Day John MacBeath Andy Hargreaves John Novak Brain Caldwell and Alan Flinham What sustains and drives leaders to achieve in a changing and challenging educational environment What maintains their passion for education and children s achievement

This book seeks to answer these questions The book is essential for all students on leadership programs and educational professionals looking to achieve self and organisational improvement *Leading Schools in Challenging Circumstances* Philip Smith, Les Bell, 2014-01-16 The leadership of schools can make a significant difference to enhancing the life chances of students in schools and enabling them to succeed This book examines leadership within schools focusing on securing success within a challenging social and political environment It explores the approaches to leadership adopted by four successful secondary school headteachers in a local authority situated in an area of high social deprivation and identifies the impact the headteachers of these schools have on staff students and community It analyses the key leadership strategies of these successful school leaders strategies that can be deployed in all schools and explores the links between leadership theories and leadership actions The book goes on to examine how these strategies were actually implemented in a failing school in challenging circumstances and shows how other schools might benefit from such strategies and the insights on which they are based **Complexities of Teaching** Ciaran Sugrue, 2002-11 First published in 2004 Routledge is an imprint of Taylor Francis an informa company *The Values of Educational Administration* Paul Begley, Pauline Leonard, 2005-06-23 Extends beyond the presentation of expert opinion and appeals to an audience of academics and practitioners Theory building policy applications and praxis are addressed in this highly adoptable book by leading scholars **Teacher Education in Challenging Times** Philip M Bamber, Jane C Moore, 2016-07-15 Teacher education is experiencing a period of dramatic and arguably irrevocable change within a wider context of turbulence in the English education system With contributions from a range of teacher educators and academics in the field Teacher Education in Challenging Times presents sustainable robust and informed responses to the challenges posed by the current unrest in the education sector This book considers the nature of teacher professionalism the nurturing of truly collaborative partnerships between universities schools and other agencies and developments in practice with tangible impact for children and young people Drawing on important research and illustrations of policy and practice from England and other countries chapters present a series of counter cultural ideas principles and practices that respond to pressing challenges facing educators in a range of contexts Positive and forward looking this book offers a robust defence of the present need for high quality teacher education in challenging times This book is a timely contribution to an international debate about the future of teacher educators and should be of key interest to academics researchers and postgraduate students in the fields of teacher education philosophy and sociology of education policy and politics of education and pedagogy It will also appeal to a range of practitioners including trainers local authority officers professional groups educational service providers and educational and school improvement consultants

Leadership for Change and School Reform Kathryn Riley, Karen Seashore Louis, 2013-01-11 School reform is a top priority for governments today This timely and challenging book edited by leading international researchers Kathryn Riley and Karen Seashore Louis offers a rich comparative perspective on leadership for change and school reform Contributors

from North America Europe and Australia demonstrate how school leadership is influenced by global pressures differing national and state contexts and local concerns They illustrate the limitations of reform initiatives which focus on school leaders to the exclusion of the many other organisations which affect school such as national and local governments professional associations and school communities This book raises some important questions such as How can school leaders create intelligent thinking schools How can leadership and learning be linked together What are the characteristics of effective local education authorities and school districts What is the role of teacher organisations in educational reform and change What happens if businesses teachers parents and local communities have different views of what makes a good school The text illustrates the ways in which leadership is rooted in learning and identifies new directions for school leadership It challenges conventional notions of leadership offering an expanded view which sees leadership just as an individual role based function but as a network of relationships among people structures and cultures This lively and provocative book should be read by all those interested in education reform
