and give clues to an understanding of psychic phenomena The book highlights Shakespeare s insights showing how these relate to and even amplify the conclusions of later and on going research In our time of disconnectedness from nature the book discusses neglected human experiences which represent an important part of life and which do in fact occur to most of us In doing so the book raises awareness against the emptiness of a zombie like existence in today s society and offers a new approach to life and death and their deeper meaning *Ghost book* Charles Lindley Wood Halifax,1944 *Dark Visions*
