**The North-West Is Our Mother** Jean Teillet, 2019-09-17 There is a missing chapter in the narrative of Canada s Indigenous peoples the story of the M tis Nation a new Indigenous people descended from both First Nations and Europeans Their story begins in the last decade of the eighteenth century in the Canadian North West Within twenty years the M tis proclaimed themselves a nation and won their first battle Within forty years they were famous throughout North America for their military skills their nomadic life and their buffalo hunts The M tis Nation didn t just drift slowly into the Canadian consciousness in the early 1800s it burst onto the scene fully formed The M tis were flamboyant defiant loud and definitely not noble savages They were nomads with a very different way of being in the world always on the move very much in the moment passionate and fierce They were romantics and visionaries with big dreams They battled continuously for recognition for their lands and for their rights and freedoms In 1870 and 1885 led by the iconic Louis Riel they fought back when Canada took their lands These acts of resistance became defining moments in Canadian history with implications that reverberate to this day Western alienation Indigenous rights and the French English divide After being defeated at the Battle of Batoche in 1885 the M tis lived in hiding for twenty years But early in the twentieth century they determined to hide no more and began a long successful fight back into the Canadian consciousness The M tis people are now recognized in Canada as a distinct Indigenous nation Written by the great grandniece of Louis Riel this popular and engaging history of forgotten people tells the story up to the present era of national reconciliation with Indigenous peoples 2019 marks the 175th anniversary of Louis Riel s birthday October 22 1844
